### INSTRUCTIONS FOR COMPLETION:

The purpose of completing the national report is to provide information on your country's implementation of the Dugong MoU including, as far as possible, contributions of cooperating non-governmental partners. For each main objective and its associated sub-objectives, you are required to rate an order of priority (High, Medium or Low) from a national perspective, as well as a regional perspective where this is possible. This information will allow us to collate regional and global priorities for conservation and management actions. It will also provide an indication of what has been done already (helping to avoid duplication of effort); what is generally not being done (gaps that need to be addressed); and what interventions or specific assistance may be required.

The reporting template is divided into these nine main objectives, and asks specific questions in relation to the activities that need to be carried out to fulfil those objectives.

To check the boxes on the left hand side, bring the cursor to the middle of the check box and double click with left mouse button on the box field, select "checked" and "ok".

Text boxes can be expanded to accommodate longer answers or to explain and provide additional information, beyond what is requested. Details of future plans are especially encouraged. Wherever possible, please try to indicate the source of information used to answer a particular question, if a published reference is available. Remember that you are sharing information with other countries about your progress, so it may be of benefit to them.

Implementation will be assessed in terms of the nine objectives of the Conservation and Management Plan (CMP). You may find it useful to refer to the CMP document when completing the National Report. The CMP can be found at: [http://www.cms.int/species/dugong/pdf/Dugong\\_CMP\\_Eng.pdf](http://www.cms.int/species/dugong/pdf/Dugong_CMP_Eng.pdf).

**Deadline for submission of National Reports is 27 February 2017.** Reports must be received by this date to allow time for collation of results prior to presentation at the third Meeting of Signatories on 12 – 14 March 2017.

Please submit the completed report to the UNEP/CMS Office – Abu Dhabi by email ([CmsOffice.ae@cms.int](mailto:CmsOffice.ae@cms.int)) as a Word attachment. Feel free to attach additional material (published reports, maps, etc.) to this template and send them by e-mail or by post.

NB. If a Range State has more than one territory, a National Report should be submitted for each territory and addressed in the specific context of the particular sub-region or region.
