

GEORGIA / GÉORGIE

**Format for reports of Parties on implementation of the
Convention on the Conservation of Migratory Species
of Wild Animals (revision of March 2002)**

Reporting format agreed by the Standing Committee at its 23rd meeting (Bonn, December 2001) for voluntary use by Parties, on a trial basis, for reports submitted to COP7. Refer to separate instructions on completing the report.

The questions below combine elements of Resolution 4.1 (Party Reports) adopted by the Fourth Meeting of the Conference of the Parties (Nairobi, June 1994) and Resolution 6.4 (Strategic Plan for the Convention on Migratory Species 2000-2005), adopted by the Sixth Meeting of the Conference of the Parties (Cape Town, November 1999), as well as commitments arising from other operational Resolutions and Recommendations of the Conference of the Parties.

Which agency has been primarily responsible for the preparation of this report?
List any other agencies that have provided input:

I(a). General Information

Please complete any unfilled boxes and amend and/or update as appropriate the information provided in the table below:

Reports submitted:	None
Period covered by this report:	1 October 2000- 23 August 2002
Date of entry into force of the Convention in Georgia:	1 October 2000
Territory to which the Convention applies:	Georgia
Reservations (against species listings):	
Designated Focal Point: No contact details provided	Appointment to the Scientific Council: Mr. Zurab Gurielidze Ministry of Environment ul. Kostava 68a 380015 Tbilisi Georgia Tel.: (+995 32) 33 48 53 Fax: (+995 32) 94 36 70 E-mail: gmep@caucasus.net
Membership of the Standing Committee:	Not applicable
Competent authority:	Georgian Centre for Environmental Research

Implementing legislation:

Administrative Violation Code

1984

Law on Plant Protection

1994

Law on Protected Areas System

1996

Law on State Environmental Assessment

1996

Law on Environmental Permits

1996

Law on Environmental Protection

1996

Wildlife Act

1996

Marine Code

1997

Tax Code

1997

I(b). Additional General Information

1	<p>Which other government departments are involved in activities/initiatives for the conservation of migratory species in your country? (Please list.)</p> <p>Ministry of Environment and Natural Resources Protection of Georgia</p> <p>Biodiversity Conservation Department</p> <p>Department for the Environmental Permission and State-Ecological Expertise</p> <p>Institute of Environmental Protection</p> <p>Center for Environment Monitoring</p> <p>Marine Ecology and Fisheries Research Institute</p> <p>Conventional Inspection of the Black Sea</p> <p>State Forestry Department</p> <p>State Department for the Protected Areas</p> <p>Ministry of Agriculture</p> <p>Ministry of Internal Affairs, State Custom Department, State Department for the State Board Protection.</p>
---	--

1a If more than one government department is involved, describe the interaction/relationship between these government departments:

Ministry of Environment and Natural Resources Protection of Georgia, in accordance with Environment Law in force, Ministry:

- Establish quota on nature resources use;
- Confirms the license rights and issues them;
- Provides in sphere of nature resources use the creation of database of information Bank and functioning of information system;
- Works out the organization of State Cadastre;
- Prepares “Red Data Book” and “Red list”
- Works out the organization of environmental monitoring system;
- Provides State control on the environment.

Biodiversity Conservation Department within the structure of the Ministry of Environment is responsible for the formulation and implementation of national policy in the field of Biodiversity and for the organization of sustainable use of natural resources, and also for the implementation of international obligations related to biodiversity. Biodiversity Conservation Department is the structural subdivision of the Ministry.

Department for the Environmental Permission and State-Ecological Expertise, responsible for the issuing of permits for environmental activities and organization of state ecological expertise processes.

Institute of Environmental Protection, responsible for scientific research in the field of biodiversity.

Center for Environment Monitoring, responsible for the organization of environment monitoring.

Marine Ecology and Fisheries Research Institute, responsible for the Black Sea biodiversity research activities.

Conventional Inspection for the Black Sea Protection, provides control for Georgian continental shelf, territory water and nature resources use in special economic zone.

State Forestry Department is the Main State agency in Forestry field..

In subordination of State Forestry Department is Forestry Department of Abkhazia Autonomous Republic and Achara Autonomous Republic.

State Department for the Protected Areas has the same levels as Forestry Department. Department governs the Protected Areas Territory and is responsible for the man aging, control and monitoring of that.

Functions of **Ministry of Agriculture** are land protection and rational use, soil reconstruction, domestic animal and plant genetic resources protection, renewal and control on seeds and seedlings quality.

There are also other Governmental agencies with different functions on bioresources use, such as: **Ministry of Internal Affairs, State Custom Department, State Department for the State Board Protection.**

2

List the main non-governmental organizations actively involved in initiatives for the conservation of migratory species in your country, and describe their involvement:

- Georgian Center for the Conservation of Wildlife (GCCW)
- Information center "Eco-XXI century"
- The Center for Strategic Research and Development of Georgia
- Environmental Law Club (ELC)
- ELKANA
- Green Cross
- Global Resource Information Database
- NACRES
- "Zelkva" Association
- GAIA
- Green Wave
- Horizonti
- Batumi Green Movement
- Caucasus Ecological Foundation
- Georgian Centre for Environmental Research (CER)
- Child and Environment
- Club - Mountain Traveler
- Ecological Bio-Monitoring Association (EBA)
- Environmental Information and Sustainable Development (EISD) Center "Rio"
- Georgian Association of Tourism and Ecology
- Georgian Green Movement
- GPAP
- Green Earth Foundation
- Law Association shesamotsmebelia
- LOMISA - Animal Protection Association
- Marine Organization "POSEIDON"
- Public Interest Protection League (PIPL)
- Roma Club
- Sustainable Tourism Centre (STC)

3	Describe any involvement of the private sector in the conservation of migratory species in your country: Center for Reproduction for Endangered Fish Specimens in Vartsikhe, (Near Kutaisi) Georgia – Reproduction of common sturgeons (Acipenser colchicus, Acipenser sturio ???)
4	Note any interactions between these sectors in the conservation of migratory species in your country: The interactions is being established.

II. Appendix I species

1. BIRDS

1.1 General questions on Appendix I bird species

1	<p>Identify the Ministry, agency/department, or organisation responsible for leading actions relating to Appendix I bird species:</p> <p>Ministry of Environment and Natural Resources Protection of Georgia, in accordance with Environment Law in force, Ministry:</p> <ul style="list-style-type: none"> - Establish quota on nature resources use; - Confirms the license rights and issues them; - Provides in sphere of nature resources use the creation of database of information Bank and functioning of information system; - Works out the organization of State Cadastre; - Prepares “Red Data Book” and “Red list” - Works out the organization of environmental monitoring system; - Provides State control on the environment. <p>Biodiversity Conservation Department within the structure of the Ministry of Environment is responsible for the formulation and implementation of national policy in the field of Biodiversity and for the organization of sustainable use of natural resources, and also for the implementation of international obligations related to biodiversity. Biodiversity Conservation Department is the structural subdivision of the Ministry.</p> <p>State Department for the Protected Areas has the same levels as Forestry Department. Department governs the Protected Areas Territory and is responsible for the managing, control and monitoring of that.</p>
2	<p>Is the taking of all Appendix I bird species prohibited by the national implementing legislation cited in Table I(a) (General Information)? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If <i>other</i> legislation is relevant, please provide details:</p>
2a	<p>If the taking of Appendix I bird species is prohibited by law, have any exceptions been granted to the prohibition? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, please provide details:</p>
3	<p>Identify any obstacles to migration that exist in relation to Appendix I bird species:</p> <p>Public’s low environmental awareness. Due to economic difficulties of the country priorities are given to industrial projects. Difficulties in implementation of regulations. Fiscal problems.</p>
3a	<p>What actions are being undertaken to overcome these obstacles?</p> <p>Has been worked out biodiversity protection policy documents.</p>
3b	<p>What assistance, if any, does your country require in order to overcome these obstacles?</p> <p>Investors should consider the importance of biodiversity protection and require stricter implementation of the requirements of environmental Conventions concluded by countries during the implementation of industry related</p>

	projects.
4	<p>What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger bird species, including strictly controlling the introduction of, or controlling</p> <p>The plans for actions has been developed in drafted policy and legal ocuments, but has not initiated yet.</p> <p>g or eliminating, already introduced exotic species (Article III(4)(c))?</p> <p>Hunting</p> <p>Wildlife Act of Georgia 1996 states, that hunting is the special type of use of wild animals, for the purpose of satisfaction of financial, recreational and other demands of physical and juridical persons.</p> <p>Hunting is permitted in correspondence with the rule, set by Georgian legislation, on the basis of license, in the form of amateur and sporting hunting.</p> <p>The rule of determination of the list of those animals, which, proceeding from their status, number, use customs, type and quality of obtained product, belong to the objects of hunting, is set by the provision “on the rule of determination of the list of those animals, which, proceeding from their status, number, use customs, type and quality of obtained product, belong to the objects of hunting”, which is worked out and confirmed by the Ministry. The list of those animals, which belong to the objects of hunting, is determined by the Ministry by the order “on the list of animals, belonging to the objects of hunting”.</p> <p>Hunting is permitted only in the territories, specially allotted for it - hunting economies (except for migratory birds - quail, duck and others), preservations and zones of other categories of protected territories, specially allotted for it, in cases, established by law.</p> <p>Objects of wildlife are divided into groups of state and local importance according to their geographic distribution and transfer, quantity, condition of species and populations, economic importance and other indicators:</p> <ol style="list-style-type: none"> a) Endangered species; b) Populations and individuals, dwelling within protected territories and hunting lands; c) Species and individuals, dwelling in Georgia’s territorial waters, continental shelf and special economic zone; d) Species, defined by Georgia’s international treaty and agreement; e) Individual species, naturally migrating in the territory of two or more territorial units (regions) of Georgia. <p>In the field of wildlife protection and use of its objects Georgia’s supreme bodies have the following authorities:</p> <ol style="list-style-type: none"> a) determination of state policy in the field of wildlife protection and use of its objects; b) coordination of activities of state authority bodies in the field of wildlife protection and use of its objects; c) organization of wildlife protection, regulation and state control of use of the objects of wildlife; d) establishment of the procedure on issuing license on the use of the objects of wildlife and the issue of license in accordance with this procedure; e) establishment of the procedure of protection of wildlife, bringing into and taking abroad of their derivatives, and the production, obtained from them, issuing license for these activities; f) establishment of the procedure of determination of payment on use of objects of wildlife; g) conducting a single scientific-technical policy, working out and confirmation of normative-methodological documentation, organization and financing of fundamental and applied scientific

research works in the field of protection, reproduction of wildlife and use of objects of wildlife;

h) restoration of habitat of wildlife, damaged from ecological catastrophes, epidemics and other reasons;

I) conduct of Red List and Red Book of Georgia;

j) creation of protected territories;

k) organization of single state system of accounting of use of wildlife and its objects, establishment and conduct of wildlife protection monitoring and state cadastre;

l) formation of specially authorized state bodies of regulation and control of wildlife protection and use of its objects;

m) establishment of the procedure of conduct of state standards, rules, quotas and state statistics of wildlife protection, reproduction and use of the objects of wildlife;

n) signing of international treaties and agreements in the field of wildlife protection and the use of its objects;

Georgian bodies of self-government participate in protection, reproduction and regulation of use of objects of wildlife, preservation and restoration of habitats of wild animals within their jurisdiction in accordance with the procedure, set by the legislation of Georgia.

Physical persons are obliged:

a) to protect wildlife;

b) to contribute to state authorities and public institutions in the implementation of measures of wildlife protection;

c) to inform corresponding bodies about violation, known to them, of the legislation on the wildlife protection.

Juridical persons are obliged:

a) to receive timely, objective and exhaustive information about the condition of wildlife and habitats of wild animals;

b) to bring a suit against those subjects, who will be caught in illegal activity against wildlife and habitats of wild animals;

c) to contribute to the realization of corresponding state programs;

d) to take direct part in wildlife protection works;

e) to make proposals on improvement of protection of wildlife.

Planning of wildlife:

a) management plans of protected territories;

b) long-term (management) plans of organization and leading of sylviculture;

c) Schemes of administrative and territorial units (regions);

d) Settlement and development plans and projects;

e) Infrastructure projects;

f) Breeding and sectoral development plans;

g) The plans, projects and programs on the protection, use and consumption of water, forest, land, fossil and other natural resources existing in the territory of Georgia.

Main Requirements:

- a) Preservation of species diversity of wild animals in natural conditions;
- b) Protection of habitats, reproduction areas, survival stations, migration and water-reaching ways and watering places of wild animals;
- c) Preservation of diversity of species of wild animals;

Status and categories:

The giving of the status of endangered animal species and protection occurs according to the following categories:

- a) Extinct Taxon (Extinct - EX). A taxon is regarded as extinct, when the last individual is killed;
- b) Taxon, Extinct in the Wild (Extinct in the Wild - EW). A taxon is regarded as extinct in the wild, when it is known, that individuals of this species are only left in captivity;
- c) Critically Endangered Taxon (Critically Endangered - CR). A taxon is regarded as critically endangered, when it, being in present conditions, is facing a great danger of extinction in the nearest future;
- d) Endangered Taxon (Endangered - EN). A taxon, which is not facing a great danger, but may become endangered in the nearest future;
- e) Vulnerable Taxon (Vulnerable - VU) A taxon is not facing a danger, but may be facing it in the nearest future.
- f) Lower Risk Taxon (Lower Risk - LR). The taxon does not meet the criteria of endangered and vulnerable categories. This taxon may be divided into three subcategories:
 - Conservation Dependent Taxon (CD);
 - Near Threatened Taxon (NT). A taxon, which does not approximate the conservation dependent one, but is near to the vulnerable one;
 - Less Concern Taxon. A taxon, which approximates neither the conservation dependent one, nor that, being near the vulnerable one;
- g) Data Deficient Taxon (Data Deficient - DD). A taxon, information available about which is not sufficient for direct or indirect evaluation of its extinction risk;
- h) Not Evaluated Taxon (Not Evaluated - NE). A taxon belongs to this category, when it can not be evaluated by any criteria.

Protection and restoration of the taxons, entered into Georgia's Red List and Red Book, is implemented in accordance with the rules of practical measures of rescue of endangered species on the grounds of provision " On the Rules of Practical Measures of Rescue of Endangered Species", which is worked out and approved by the Ministry.

The list of those wild animals, capture of which, keeping in semi-free conditions and captivity of which is prohibited for physical and juridical persons, is established and confirmed by decree of the Ministry " On the list of those wild animals, capture of which, keeping in semi-free conditions and captivity of which is prohibited for physical and juridical persons".

Exotic animals

Physical and juridical persons are permitted to have exotic animals, if

- a) These persons have appropriate conditions of keeping the wild animals;
- b) These wild animals don't endanger those around one;

	<p>c) These wild animals are introduced in accordance with article 50 of this Act.</p> <p>Capture and keeping</p> <p>Capture and keeping in captivity of wild animals by physical and juridical persons is permitted by the Ministry license in correspondence with the rules, set by the legislation, if:</p> <p>a) These persons have appropriate conditions of keeping wild animals;</p> <p>b) These wild animals are introduced in accordance with article 50 of this Act.</p>
4a	<p>Describe any factors that may limit action being taken in this regard:</p> <p>Public's low environmental awareness, economic difficulties, enforcement of laws.</p>
4b	<p>What assistance, if any, does your country require to overcome these factors?</p>

1.2 Questions on specific Appendix I bird species

The following section contains a table for each Appendix I bird species for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

<i>Species Haliaeetus albicilla</i> – Common Name(s) White-tailed Eagle	
1	Is your country a Range State for this species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2	Please provide published distribution reference: http://www.mmc.net.ge/aves/aci.htm
3	Summarise information on population size, trends and distribution (if known): Not available
4	<p>Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.)</p> <p><input type="checkbox"/> Research</p> <p><input type="checkbox"/> Monitoring</p> <p><input type="checkbox"/> Habitat protection</p> <p><input type="checkbox"/> Habitat restoration</p> <p><input type="checkbox"/> Other</p>
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? Not available
6	Describe any future activities that are planned for this species: Not available

<i>Species Aquila heliaca</i> – Common Name(s) Imperial Eagle	
1	Is your country a Range State for this species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/>

2	Please provide published distribution reference: http://www.mmc.net.ge/aves/aci.htm
3	Summarise information on population size, trends and distribution (if known): Not available
4	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input type="checkbox"/> Research <input type="checkbox"/> Monitoring <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? information on population size, trends and distribution (if known): Not
6	Describe any future activities that are planned for this species: Not available

Species Falco naumanni – Common Name(s) Lesser Kestrel

1	Is your country a Range State for this species? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
2	Please provide published distribution reference: : http://www.mmc.net.ge/aves/falco.htm
3	Summarise information on population size, trends and distribution (if known): Not available
4	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input type="checkbox"/> Research <input type="checkbox"/> Monitoring <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? Not available
6	Describe any future activities that are planned for this species: Not available

Species Anser erythropus – Common Name(s) Lesser White-fronted Goose

1	Is your country a Range State for this species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2	Please provide published distribution reference: http://www.mmc.net.ge/aves/anseriformes01.htm
3	Summarise information on population size, trends and distribution (if known): Not available

4	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input type="checkbox"/> Research <input type="checkbox"/> Monitoring <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? Not available
6	Describe any future activities that are planned for this species: Not available

Species Branta ruficollis – Common Name(s) Red-breasted Goose

1	Is your country a Range State for this species? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
2	Please provide published distribution reference: : http://www.mmc.net.ge/aves/anseriformes01.htm
3	Summarise information on population size, trends and distribution (if known): Not available
4	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input type="checkbox"/> Research <input type="checkbox"/> Monitoring <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? Not available
6	Describe any future activities that are planned for this species: Not available

Species Marmaronetta angustirostris * – Common Name(s) Marbled Teal

1	Is your country a Range State for this species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2	Please provide published distribution reference:
3	Summarise information on population size, trends and distribution (if known): Not available
4	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input type="checkbox"/> Research <input type="checkbox"/> Monitoring <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? Not available

6	Describe any future activities that are planned for this species: Not available
---	--

<i>Species Aythya nyroca</i> – Common Name(s) Ferruginous Pochard, Ferruginous Duck	
1	Is your country a Range State for this species? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
2	Please provide published distribution reference: http://www.mmc.net.ge/aves/anseriformes01.htm
3	Summarise information on population size, trends and distribution (if known): Not available
4	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input type="checkbox"/> Research <input type="checkbox"/> Monitoring <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? Not available
6	Describe any future activities that are planned for this species: Not available

<i>Species Oxyura leucocephala</i> – Common Name(s) White-headed Duck	
1	Is your country a Range State for this species? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
2	Please provide published distribution reference:
3	Summarise information on population size, trends and distribution (if known): Not available
4	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input type="checkbox"/> Research <input type="checkbox"/> Monitoring <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? Not available
6	Describe any future activities that are planned for this species: Not available

<i>Species Pelecanus crispus</i> – Common Name(s) Dalmatian Pelican	
1	Is your country a Range State for this species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2	Please provide published distribution reference: : http://www.mmc.net.ge/aves/pelicanus.htm
3	Summarise information on population size, trends and distribution (if known): Not available

4	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input type="checkbox"/> Research <input type="checkbox"/> Monitoring <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? Not available
6	Describe any future activities that are planned for this species: Not available

<i>Species Pelecanus onocrotalus</i> – Common Name(s) White Pelican	
1	Is your country a Range State for this species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2	Please provide published distribution reference: http://www.mmc.net.ge/aves/pelicanus.htm
3	Summarise information on population size, trends and distribution (if known): Not available
4	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input type="checkbox"/> Research <input type="checkbox"/> Monitoring <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? Not available
6	Describe any future activities that are planned for this species: Not available

<i>Species Vanellus gregarius</i> – Common Name(s) Sociable Plover	
1	Is your country a Range State for this species? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
2	Please provide published distribution reference:
3	Summarise information on population size, trends and distribution (if known): Not available
4	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input type="checkbox"/> Research <input type="checkbox"/> Monitoring <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? Not available

6	Describe any future activities that are planned for this species: Not available
---	--

<i>Species Numenius tenuirostris</i> – Common Name(s) Slender-billed Curlew	
1	Is your country a Range State for this species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2	Please provide published distribution reference: : http://www.mmc.net.ge/aves/charadri.htm
3	Summarise information on population size, trends and distribution (if known): Not available
4	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input type="checkbox"/> Research <input type="checkbox"/> Monitoring <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? Not available
6	Describe any future activities that are planned for this species: Not available

If you have information indicating that your country should be considered a Range State for any other bird species that is listed in CMS Appendix I, but which is not included in the tables above, please complete a table (provided below) for each species.

<i>Species name, Common Name(s):</i>	
1	Please provide published distribution reference:
2	Summarise information on population size, trends and distribution (if known):
3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input type="checkbox"/> Research <input type="checkbox"/> Monitoring <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
4	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
5	Describe any future activities that are planned for this species:

2. MARINE MAMMALS

2.1 General questions on Appendix I marine mammals

1	Identify the Ministry, agency/department, or organisation responsible for leading actions relating to Appendix I listed marine mammals:
2	Is the taking of all Appendix I marine mammals prohibited by the national implementing legislation cited in Table I(a) (General Information)? <input type="checkbox"/> Yes <input type="checkbox"/> No If <i>other</i> legislation is relevant, please provide details:
2a	If the taking of Appendix I marine mammals is prohibited by law, have any exceptions been granted to the prohibition? <input type="checkbox"/> Yes <input type="checkbox"/> No If Yes, please provide details:
3	Identify any obstacles to migration that exist in relation to Appendix I marine mammals:
3a	What actions are being undertaken to overcome these obstacles?
3b	What assistance, if any, does your country require in order to overcome these obstacles?
4	What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species of marine mammal, including strictly controlling the introduction of, or controlling or eliminating, already introduced exotic species (Article III(4)(c))?
4a	Describe any factors that may limit action being taken in this regard:
4b	What assistance, if any, does your country require to overcome these factors?

2.2 Questions on specific Appendix I marine mammals

The following section contains a table for each Appendix I marine mammal species for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

<i>Species Balaenoptera musculus</i> – Common Name(s) Blue Whale	
1	Is your country a Range State for this species? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
2	Please provide published distribution reference:
3	Summarise information on population size, trends and distribution (if known):

4	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input type="checkbox"/> Research <input type="checkbox"/> Monitoring <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
6	Describe any future activities that are planned for this species:

<i>Species Megaptera novaeangliae</i> – Common Name(s) Humpback Whale	
1	Is your country a Range State for this species? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
2	Please provide published distribution reference:
3	Summarise information on population size, trends and distribution (if known):
4	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input type="checkbox"/> Research <input type="checkbox"/> Monitoring <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
6	Describe any future activities that are planned for this species:

If you have information indicating that your country should be considered a Range State for any other marine mammal species that is listed in CMS Appendix I, but which is not included in the tables above, please complete a table (provided below) for each species.

<i>Species name, Common name(s):</i>	
1	Please provide published distribution reference:
2	Summarise information on population size, trends and distribution (if known):
3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input type="checkbox"/> Research <input type="checkbox"/> Monitoring

	<input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
4	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
5	Describe any future activities that are planned for this species:

3 MARINE TURTLES

3.1 General questions on Appendix I marine turtles

1	Identify the Ministry, agency/department, or organisation responsible for leading actions relating to Appendix I listed marine turtles:	
2	Is the taking of all Appendix I marine turtles prohibited by the national implementing legislation cited in Table I(a) (General Information)? If <i>other</i> legislation is relevant, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
2a	If the taking of Appendix I marine turtles is prohibited by law, have any exceptions been granted to the prohibition? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
3	Identify any obstacles to migration that exist in relation to Appendix I marine turtles:	
3a	What actions are being undertaken to overcome these obstacles?	
3b	What assistance, if any, does your country require in order to overcome these obstacles?	
4	What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species of marine turtles, including strictly controlling the introduction of, or controlling or eliminating, already introduced exotic species (Article III(4)(c))?	
4a	Describe any factors that may limit action being taken in this regard:	
4b	What assistance, if any, does your country require to overcome these factors?	

3.2 Questions on specific Appendix I marine turtles

If you have information indicating that your country should be considered a Range State for any marine turtle species that is listed in CMS Appendix I, please complete a table (provided below) for each species.

<i>Species name, Common name(s):</i>	
1	Please provide published distribution reference:
2	Summarise information on population size, trends and distribution (if known):
3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available): <input type="checkbox"/> Research <input type="checkbox"/> Monitoring

	<input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
4	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
5	Describe any future activities that are planned for this species?

4 TERRESTRIAL MAMMALS (OTHER THAN BATS)

4.1 General questions on Appendix I terrestrial mammals (other than bats)

1	Identify the Ministry, agency/department, or organisation responsible for leading actions relating to Appendix I listed terrestrial mammals (other than bats):	
2	Is the taking of all Appendix I terrestrial mammals (other than bats) prohibited by the national implementing legislation cited in Table I(a) (General Information)? If <i>other</i> legislation is relevant, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
2a	If the taking of Appendix I terrestrial mammals (other than bats) is prohibited by law, have any exceptions been granted to the prohibition? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
3	Identify any obstacles to migration that exist in relation to Appendix I terrestrial mammals (other than bats):	
3a	What actions are being undertaken to overcome these obstacles?	
3b	What assistance, if any, does your country require in order to overcome these obstacles?	
4	What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species of terrestrial mammal (other than bats), including strictly controlling the introduction of, or controlling or eliminating, already introduced exotic species (Article III(4)(c))?	
4a	Describe any factors which limit action being taken in this regard:	
4b	What assistance, if any, does your country require to overcome these factors?	

4.2 Questions on specific Appendix I terrestrial mammals (other than bats)

If you have information indicating that your country should be considered a Range State for any terrestrial mammal species (other than bats) that is listed in CMS Appendix I, please complete a table (provided below) for each species.

<i>Species name, Common name(s):</i>	
1	Please provide published distribution reference:
2	Summarise information on population size, trends and distribution (if known):
3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input type="checkbox"/> Research <input type="checkbox"/> Monitoring

	<input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
4	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
5	Describe any future activities that are planned for this species:

5 BATS

5.1 General questions on Appendix I bats

1	Identify the Ministry, agency/department, or organisation responsible for leading actions relating to Appendix I listed bats:	
2	Is the taking of all Appendix I bats prohibited by the national implementing Legislation cited in Table I(a) (General Information)? If <i>other</i> legislation is relevant, please provide details:	<input type="checkbox"/> Yes <input type="checkbox"/> No
2a	If the taking of Appendix I bats is prohibited by law, have any exceptions Been granted to the prohibition? If Yes, please provide details:	<input type="checkbox"/> Yes <input type="checkbox"/> No
3	Identify any obstacles to migration that exist in relation to Appendix I bats:	
3a	What actions are being undertaken to overcome these obstacles?	
3b	What assistance, if any, does your country require in order to overcome these obstacles?	
4	What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species of bats, including strictly controlling the introduction of, or controlling or eliminating, already introduced exotic species (Article III(4)(c))?	
4a	Describe any factors that may limit action being taken in this regard:	
4b	What assistance, if any, does your country require to overcome these factors?	

5.2 Questions on specific Appendix I bat species

If you have information indicating that your country should be considered a Range State for any bat species that is listed in CMS Appendix I, please complete a table (provided below) for each species.

<i>Species name, Common name(s):</i>	
1	Please provide published distribution reference:
2	Summarise information on population size, trends and distribution (if known):
3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available): <input type="checkbox"/> Research <input type="checkbox"/> Monitoring

	<input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
4	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
5	Describe any future activities that are planned for this species?

6 OTHER TAXA

6.1 General questions on Appendix I species belonging to other taxa

1	Identify the Ministry, agency/department, or organisation responsible for leading actions relating to Appendix I listed species belonging to taxa not included in sections 1-5 above:
2	Is the taking of all Appendix I species belonging to taxa not included in sections 1-5 above, prohibited by the national legislation listed as being implementing legislation in Table I(a) (General Information)? <input type="checkbox"/> Yes <input type="checkbox"/> No If <i>other</i> legislation is relevant, please provide details:
2a	If the taking of Appendix I species belonging to taxa not included in sections 1-5 above is prohibited by law, have any exceptions been granted to the prohibition? <input type="checkbox"/> Yes <input type="checkbox"/> No If Yes, please provide details:
3	Identify any obstacles to migration that exist in relation to Appendix I species belonging to taxa not included in sections 1-5 above:
3a	What actions are being undertaken to overcome these obstacles?
3b	What assistance, if any, does your country require in order to overcome these obstacles?
4	What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species belonging to taxa not included in section 1-5 above, including strictly controlling the introduction of, or controlling or eliminating, already introduced exotic species (Article III(4)(c))?
4a	Describe any factors that may limit action being taken in this regard:
4b	What assistance, if any, does your country require to overcome these factors?

6.2 Questions on specific Appendix I species belonging to other taxa

If you have information indicating that your country should be considered a Range State for any Appendix I listed species that belongs to taxa not included in sections 1-5 above, please complete a table (provided below) for each species.

<i>Species name, Common name(s):</i>	
1	Please provide published distribution reference:
2	Summarise information on population size, trends and distribution (if known):
3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available):

	<input type="checkbox"/> Research <input type="checkbox"/> Monitoring <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
4	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
5	Describe any future activities that are planned for this species?

7 LISTING OF OTHER ENDANGERED MIGRATORY SPECIES IN APPENDIX I

1	Is your country a Range State for any other endangered migratory species not currently listed in Appendix I? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If Yes, please provide details:
1a	Is your country taking any steps to propose listing any of these species? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If Yes, please provide details:
1b	What assistance, if any, does your country require to initiate the listing of these species?

III. Appendix II Species

1. INFORMATION ON APPENDIX II SPECIES

Information pertaining to the conservation of Appendix II species that are the object of CMS Agreements will have been provided in periodic Party reports to those instruments. It will suffice therefore to reference (below), and preferably append, a copy of the latest report that has been submitted to the secretariat each of the Agreement/MoUs to which your country is a Party.

ACCOBAMS (2001)	
Date of last report:	Period covered:
SLENDER-BILLED CURLEW MoU (1994)	
Date of last report:	Period covered:
EUROBATS (1994)	
Date of last report:	Period covered:
AEWA (1999)	
Date of last report: 25-06-2002	Period covered: 01-08-2001 and 25-06-2002

2. QUESTIONS ON CMS AGREEMENTS

2.1 Questions on CMS Agreements relating to birds

1	In the current reporting period, has your country initiated the development of any CMS Agreements, including Memoranda of Understanding, to address the Conservation needs of Appendix II bird species? If Yes, what is the current state of development?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
2	In the current reporting period, has your country participated in the development Of any CMS Agreements, including Memoranda of Understanding, which address The conservation needs of Appendix II bird species? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
3	If your country has initiated or is participating in the development of an Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development?	
4	Is the development of any CMS Agreement for birds, including Memorandum of Understanding, planned by your country in the foreseeable future? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No

2.2 Questions on CMS Agreements relating to marine mammals

1	In the current reporting period, has your country initiated the development of any CMS Agreements, including Memoranda of Understanding, to address the Conservation needs of Appendix II marine mammal species? If Yes, what is the current state of development?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
2	In the current reporting period, has your country participated in the development Of any CMS Agreements, including Memoranda of Understanding, which address The conservation needs of Appendix II marine mammal species? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
3	If your country has initiated or is participating in the development of an Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development?	

4	Is the development of any CMS Agreement for marine mammals, including Memorandum of Understanding, planned by your country in the foreseeable future? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No

2.2 Questions on CMS Agreements relating to marine turtles

1	In the current reporting period, has your country initiated the development of any CMS Agreements, including Memoranda of Understanding, to address the Conservation needs of Appendix II marine turtles? If Yes, what is the current state of development?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
2	In the current reporting period, has your country participated in the development Of any CMS Agreements, including Memoranda of Understanding, which address The conservation needs of Appendix II marine turtles? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
3	If your country has initiated or is participating in the development of an Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development?	
4	Is the development of any CMS Agreement for marine turtles, including Memorandum of Understanding, planned by your country in the foreseeable future? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No

2.4 Questions on CMS Agreements relating to terrestrial mammals (other than bats)

1	In the current reporting period, has your country initiated the development of any CMS Agreements, including Memoranda of Understanding, to address the conservation Needs of Appendix II terrestrial mammal species (other than bats)? If Yes, what is the current state of development?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
2	In the current reporting period, has your country participated in the development Of any CMS Agreements, including Memoranda of Understanding, which address The conservation needs of Appendix II terrestrial mammal species (other than bats)? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
3	If your country has initiated or is participating in the development of an Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development?	
4	Is the development of any CMS Agreement for terrestrial mammals (other than bats), Including Memorandum of Understanding, planned by your country in the foreseeable future? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No

2.5 Questions on CMS Agreements relating to bats

1	In the current reporting period, has your country initiated the development of any CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II bat species? If Yes, what is the current state of development?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
2	In the current reporting period, has your country participated in the development of any CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II bat species? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
3	If your country has initiated or is participating in the development of an Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development?	

4	Is the development of any CMS Agreement for bats, including Memorandum of Understanding, planned by your country in the future? If Yes, please provide details:	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
---	--	------------------------------	--

2.6 Questions on CMS Agreements relating to other taxa

1	In the current reporting period, has your country initiated the development of any CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II species belonging to taxa not included in sections 1-6 above? If Yes, what is the current state of development?	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
2	In the current reporting period, has your country participated in the development of any CMS Agreements, including Memoranda of Understanding, which address the conservation needs of species belonging to taxa not included in sections 1-6 above? If Yes, please provide details:	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
3	If your country has initiated or is participating in the development of an Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development?		
4	Is the development of any CMS Agreement for other taxa, including Memorandum of Understanding, planned by your country in the foreseeable future? If Yes, please provide details:	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No

3. LISTING OF MIGRATORY SPECIES IN APPENDIX II

1	Is your country a Range State for any migratory species that has an unfavourable conservation status, but is <u>not</u> currently listed in Appendix II and could benefit from the conclusion of an Agreement for its conservation? If Yes, please provide details:	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
1a	Is your country taking any steps to propose the listing of this/these species in Appendix II? If Yes, please provide details:	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
1b	What assistance, if any, does your country require to initiate the listing of this/these species?		

IV. National and Regional Priorities

1	Does the conservation of migratory species currently feature in any national or regional policies/plans (apart from CMS Agreements) <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No If Yes, please provide details:																											
1a	Do these policies/plans cover the following areas (if yes, please provide details): <table style="width: 100%; border: none;"> <thead> <tr> <th style="width: 10%; text-align: left;">Yes</th> <th style="width: 10%; text-align: left;">No</th> <th></th> </tr> </thead> <tbody> <tr> <td style="text-align: center;"><input type="checkbox"/></td> <td style="text-align: center;"><input type="checkbox"/></td> <td>Economic development</td> </tr> <tr> <td style="text-align: center;"><input type="checkbox"/></td> <td style="text-align: center;"><input type="checkbox"/></td> <td>Land-use planning</td> </tr> <tr> <td style="text-align: center;"><input type="checkbox"/></td> <td style="text-align: center;"><input type="checkbox"/></td> <td>Designation and development of reserves</td> </tr> <tr> <td style="text-align: center;"><input type="checkbox"/></td> <td style="text-align: center;"><input type="checkbox"/></td> <td>Development of ecological networks</td> </tr> <tr> <td style="text-align: center;"><input type="checkbox"/></td> <td style="text-align: center;"><input type="checkbox"/></td> <td>Planning of powerlines</td> </tr> <tr> <td style="text-align: center;"><input type="checkbox"/></td> <td style="text-align: center;"><input type="checkbox"/></td> <td>Planning of fences</td> </tr> <tr> <td style="text-align: center;"><input type="checkbox"/></td> <td style="text-align: center;"><input type="checkbox"/></td> <td>Planning of dams</td> </tr> <tr> <td style="text-align: center;"><input type="checkbox"/></td> <td style="text-align: center;"><input type="checkbox"/></td> <td>Other</td> </tr> </tbody> </table>	Yes	No		<input type="checkbox"/>	<input type="checkbox"/>	Economic development	<input type="checkbox"/>	<input type="checkbox"/>	Land-use planning	<input type="checkbox"/>	<input type="checkbox"/>	Designation and development of reserves	<input type="checkbox"/>	<input type="checkbox"/>	Development of ecological networks	<input type="checkbox"/>	<input type="checkbox"/>	Planning of powerlines	<input type="checkbox"/>	<input type="checkbox"/>	Planning of fences	<input type="checkbox"/>	<input type="checkbox"/>	Planning of dams	<input type="checkbox"/>	<input type="checkbox"/>	Other
Yes	No																											
<input type="checkbox"/>	<input type="checkbox"/>	Economic development																										
<input type="checkbox"/>	<input type="checkbox"/>	Land-use planning																										
<input type="checkbox"/>	<input type="checkbox"/>	Designation and development of reserves																										
<input type="checkbox"/>	<input type="checkbox"/>	Development of ecological networks																										
<input type="checkbox"/>	<input type="checkbox"/>	Planning of powerlines																										
<input type="checkbox"/>	<input type="checkbox"/>	Planning of fences																										
<input type="checkbox"/>	<input type="checkbox"/>	Planning of dams																										
<input type="checkbox"/>	<input type="checkbox"/>	Other																										

V. Policies on Satellite Telemetry

1	In the current reporting period, has your country undertaken conservation/research projects that use satellite telemetry? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If Yes, please provide details (Indicate inter alia the scientific justification for the research, describe briefly the measures taken to ensure that risks to the welfare of individual animals and – in the case of severely depleted populations – to the species are minimised, and summarise the results obtained):
2	Are any future conservation/research projects planned that will use satellite telemetry? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If Yes, please provide details (including the expected timeframe for these projects): If No, please explain any impediments or requirements in this regard:

VI. Membership

1	Have actions been taken by your country to encourage non-Parties to join CMS and its related Agreements? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If Yes, please provide details. (In particular, describe actions taken to recruit the non-Parties that have been identified by the Standing Committee as high priorities for recruitment.)
1a	Identify the agency, department or organization responsible for leading on this action in your country:

VII. Global and National Importance of CMS

1	<p>Have actions been taken by your country to increase national, regional and/or global awareness of the relevance of CMS and its global importance in the context of biodiversity conservation? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If Yes, please provide details:</p> <p>1. Monitoring of Endangered Mammals in Natural Reserves of Georgia, WWF Switzerland</p> <p>2. Javakheti Plateau wetlands in southern Georgia, Ramsar Convention Bureau</p> <p>3. Biodiversity Strategy and Action Plan (Funded by the World Bank/GEF; Budget: Monitoring of Endangered Mammals in Natural Reserves of Georgia, WWF Switzerland</p> <p>4. Ornithological survey and the groundwork for monitoring around Supsa Terminal (Black Sea) and along Oil Pipeline in Georgia - John Quinn and Richard Hearn, Wildfowl & Wetlands Trust (UK).</p> <p>5. Raptor studies and bird-watching in Georgia - Terry Pickford, North West Raptor Protection Group UK</p>
2	<p>Identify the agency, department or organization responsible for leading on this action in your country:</p> <p>(1,2,3)</p> <p>Jason Badridze NACRES PO BOX 20, 380079 TBILISI TEL/FAX: 995 32 22 27 93 E-mail: nacres@access.sanet.ge</p> <p>(4,5)</p> <p>Ramaz Gokhelashvili executive director Georgian Center for the Conservation of Wildlife (GCCW) Tel.: 37-38-94; E-mail: gccw@ip.osgf.ge</p>

VIII. Mobilization of Resources

1	<p>Has your country made financial resources available for conservation activities having direct benefits for migratory species in your country? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If Yes, please provide details:</p> <p>In 2000 Georgian Government Granted Vartsiche Hecery for the reproduction of Common sturgeon Speciment (Acipenser Guldestadi Colchicus)</p>
2	<p>Has your country made voluntary contributions to the CMS Trust Fund to support requests from developing countries and countries with economies in transition? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, please provide details:</p>
3	<p>Has your country made other voluntary financial contributions to support conservation activities having direct benefits for migratory species in other countries (particularly developing countries)? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If Yes, please provide details:</p>
4	<p>Has your country provided technical and/or scientific assistance to developing countries to facilitate initiatives for the benefit of migratory species? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, please provide details:</p>
5	<p>Has your country received financial assistance/support from the CMS Trust Fund, via the CMS Secretariat, for national conservation activities having <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>

	direct benefits for migratory species in your country? If Yes, please provide details:	
6	Has your country received financial assistance/support from sources other than the CMS Secretariat for conservation activities having direct benefit for migratory species in your country? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No

IX. Implementation of COP Resolutions and Recommendations

Please summarize the measures undertaken by your country to implement the substantive, operational Resolutions and Recommendations adopted by the Conference of the Parties, where these have not been mentioned elsewhere in this report, giving particular emphasis to those adopted by at the Sixth Meeting (Cape Town, November 1999).

Other remarks:

Annex: Questions on specific Appendix II species

The tables below contain the list of all species listed in Appendix II. Boxes have been checked to indicate the species for which your country is considered to be a Range State. Please amend the boxes where appropriate. (If you wish to provide further information on any of these species, please attach as an annex.) Please also provide published distribution references where available.

Species	Range State	Not a Range State	Extinct	No information available	Published distribution reference
CHIROPTERA					
<i>Rhinolophus ferrumequinum</i> (only European populations)	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
<i>Rhinolophus hipposideros</i> (only European populations)	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
<i>Rhinolophus euryale</i> (only European populations)	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
<i>Rhinolophus mehelyi</i> (only European populations)	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
<i>Rhinolophus blasii</i> (only European populations)	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

All species of each of the Families below are listed in Appendix II. If your country is a Range State for any of the species in these Families, please enter the species name in the first column, under the relevant Family heading. Please indicate (with a 'X') whether your country is a Range State or the species is extinct and, where appropriate, please provide published distribution references. (Space is provided for ten species in each Family. If additional lines are required, please attach the information as an annex.)
