

Convention on the Conservation of Migratory Species of Wild Animals

Format for reports of Parties on implementation of the Convention on the Conservation of Migratory Species of Wild Animals (revision of June 2003)

Reporting format agreed by the Standing Committee at its 26th Meeting (Bonn, June 2003) for mandatory use by Parties, for reports submitted to the Eighth Meeting of the Conference of the Parties (COP8) (Nairobi, 2005).

The questions below combine elements of Resolution 4.1 (Party Reports) adopted by the Fourth Meeting of the Conference of the Parties (Nairobi, June 1994) and Resolution 6.4 (Strategic Plan for the Convention on Migratory Species 2000-2005), adopted by the Sixth Meeting of the Conference of the Parties (Cape Town, November 1999), as well as commitments arising from other operational Resolutions and Recommendations of the Conference of the Parties.

<u>Please refer to the separate instructions on completing the report</u>. Parties are encouraged to respond to all questions, since it cannot be assumed that the absence of a response indicates that no activities taken have place in the current reporting period. Parties are also requested to provide comprehensive answers, including, where appropriate, a summary of activities, information on factors limiting action and details of any assistance required.

Which agency has been primarily responsible for the preparation of this report?
List any other agencies that have provided input:

I(a). General Information

Please complete any unfilled boxes and amend and/or update as appropriate the information provided in the table below:

Reports submitted:		
Period covered:		
Date of en	try into force of the Convention in Eritrea:	2 January 2005
Territory to which the Convention applies:		Eritrea

I(b). Additional General Information

1	Which other government departments are involved in activities/initiatives for the conservation of migratory species in your country? (Please list.)
1a	If more than one government department is involved, describe the interaction/relationship between these government departments:
2	List the main non-governmental organizations actively involved in initiatives for the conservation of migratory species in your country, and describe their involvement:
3	Describe any involvement of the private sector in the conservation of migratory species in your country:
4	Note any interactions between these sectors in the conservation of migratory species in your country:

II. Appendix I species

1. BIRDS

1.1 General questions on Appendix I bird species

1	Identify the Ministry, agency/department, or organisation responsible for leading actions relating to Appendix I bird species:
2	Is the taking of all Appendix I bird species prohibited by the national implementing Yes No legislation cited in Table I(a) (General Information)?
	If <i>other</i> legislation is relevant, please provide details:
2a	If the taking of Appendix I bird species is prohibited by law, have any exceptions
	If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7)):
3	Identify any obstacles to migration that exist in relation to Appendix I bird species:
3a	What actions are being undertaken to overcome these obstacles?
3b	What assistance, if any, does your country require in order to overcome these obstacles?
4	What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger bird species, including strictly controlling the introduction of, or controlling or eliminating, already introduced exotic species (Article III(4)(c))?
4a	Describe any factors that may limit action being taken in this regard:
4b	What assistance, if any, does your country require to overcome these factors?
The f	1.2 Questions on specific Appendix I bird species following section contains a table for each Appendix I bird species for which your country is considered to be a Range
cross-	. Please complete each table as appropriate, providing information in summary form. Where appropriate, please reference to information already provided in national reports that have been submitted under other conventions Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)
Spe	cies Aquila clanga – Common Name(s) Greater Spotted Eagle
1	Is your country a Range State for this species?
2	Please provide published distribution reference:
3	Summarise information on population size, trends and distribution (if known):

4	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available):
	Research
	☐ Monitoring
	☐ Species protection
	☐ Species restoration
	Habitat protection
	Habitat restoration
	Other
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
6	Describe any future activities that are planned for this species:
-	cies Aquila heliaca – Common Name(s) Imperial Eagle
1	Is your country a Range State for this species?
2	Please provide published distribution reference:
3	Summarise information on population size, trends and distribution (if known):

6 OTHER TAXA

6.1 General questions on Appendix I species belonging to other taxa

1	Identify the Ministry, agency/department, or organisation responsible for leading actions relating to Appendix I listed species belonging to taxa not included in sections 1-5 above:		
2	Is the taking of all Appendix I species belonging to taxa not included in sections 1-5 above, prohibited by the national legislation listed as being implementing legislation in Table I(a) (General Information)?		
	If <i>other</i> legislation is relevant, please provide details:		
2a	If the taking of Appendix I species belonging to taxa not included in sections 1-5 above is prohibited by law, have any exceptions been granted to the prohibition?		
	If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7)):		
3	Identify any obstacles to migration that exist in relation to Appendix I species belonging to taxa not included in sections 1-5 above:		
3a	What actions are being undertaken to overcome these obstacles?		
3b	What assistance, if any, does your country require in order to overcome these obstacles?		
4	What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species belonging to taxa not included in section 1-5 above, including strictly controlling the introduction of, or controlling or eliminating, already introduced exotic species (Article III(4)(c))?		
4a	Describe any factors that may limit action being taken in this regard:		
4b	What assistance, if any, does your country require to overcome these factors?		
6.2 Questions on specific Appendix I species belonging to other taxa			
The following section contains a table for each Appendix I species belonging to taxa not included in sections 1-5 above, for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)			
Spec	cies Carcharodon carcharias – Common Name(s) Great White Shark, White Shark		
1	Is your country a Range State for this species?		
2	Please provide published distribution reference:		
3	Summarise information on population size, trends and distribution (if known):		

4	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available):		
	Research		
	☐ Monitoring		
	☐ Species protection		
	☐ Species restoration		
	Habitat protection		
	Habitat restoration		
	Other		
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?		
6	Describe any future activities that are planned for this species:		
If you	have information indicating that your country should be considered a Range State for any other Appendix I listed		
	s that belongs to taxa not included in sections 1-5 above, please complete a table (provided below) for each species.		
Spec	eies name, Common name(s):		
1	Please provide published distribution reference:		
2	Summarise information on population size, trends and distribution (if known):		
3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available):		
	Research		
	☐ Monitoring		
	☐ Species protection		
	☐ Species restoration		
	Habitat protection		
	Habitat restoration		
	Other		
4	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?		
5	Describe any future activities that are planned for this species?		
Misc	ellaneous information or comments on Appendix I species that belong to taxa not included in sections 1-5 above:		

7 LISTING OF OTHER ENDANGERED MIGRATORY SPECIES IN APPENDIX I

1	Is your country a Range State for any other endangered migratory species not currently listed in Appendix I? If Yes, please provide details:	☐ Yes	□ No
1a	Is your country taking any steps to propose listing any of these species? If Yes, please provide details:	☐ Yes	☐ No
1b	What assistance, if any, does your country require to initiate the listing of these species?		

III. Appendix II Species

1. INFORMATION ON APPENDIX II SPECIES

Information pertaining to the conservation of Appendix II species that are the object of CMS Agreements will have been provided in periodic Party reports to those instruments. It will suffice therefore to reference (below), and preferably append, a copy of the latest report that has been submitted to the Secretariat each of the Agreement/MoUs to which your country is a Party.

AEWA (1999)				
Date	Date of last report: Period covered:			
MA	RINE TURTLES – INDIAN OCEAN	N/SOUTHEAST ASIA MoU (2001)		
Date	e of last report:	Period covered:		
2. QUESTIONS ON CMS AGREEMENTS 2.1 Questions on the development of new CMS Agreements relating to birds				
1		•	☐ Yes ☐ No	
2	In the current reporting period, has your country participated in the development Yes No of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II bird species? If Yes, please provide details:			
3	If your country has initiated or is participating in the development of a new Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development?			
4	Is the development of any CMS Agre Understanding, planned by your coun If Yes, please provide details:	ement for birds, including Memoranda of atry in the foreseeable future?	☐ Yes ☐ No	
2.2 Questions on the development of new CMS Agreements relating to marine mammals				
1		-	☐ Yes ☐ No	
2	In the current reporting period, has yo	our country participated in the development ing Memoranda of Understanding, which address	☐ Yes ☐ No	
3		icipating in the development of a new Agreement or y, does your country require in order to initiate or pa		

4	Is the development of any CMS Agreement for marine mammals, including Memoranda of Understanding, planned by your country in the foreseeable future? If Yes, please provide details:						
	If Yes, please provide details:						
	2.3 Questions on the development of new CMS Agreements relating	g to marine turtles					
1	In the current reporting period, has your country initiated the development of any new CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II marine turtles?	☐ Yes ☐ No					
	If Yes, what is the current state of development?						
2	In the current reporting period, has your country participated in the development of any new CMS Agreements, including Memoranda of Understanding, which address The conservation needs of Appendix II marine turtles? If Yes, please provide details:	Yes No					
3	If your country has initiated or is participating in the development of a new Agreement or M Understanding, what assistance, if any, does your country require in order to initiate or particle development?						
4	Is the development of any CMS Agreement for marine turtles, including Memoranda of Understanding, planned by your country in the foreseeable future?	☐ Yes ☐ No					
L	If Yes, please provide details:						
	2.4 Questions on the development of new CMS Agreements relations mammals (other than bats)	ing to terrestrial					
1	In the current reporting period, has your country initiated the development of any new CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II terrestrial mammal species (other than bats)? If Yes, what is the current state of development?	☐ Yes ☐ No					
2	In the current reporting period, has your country participated in the development of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II terrestrial mammal species (other than bats)? If Yes, please provide details:	☐ Yes ☐ No					
3	If your country has initiated or is participating in the development of a new Agreement or M Understanding, what assistance, if any, does your country require in order to initiate or partidevelopment?						
4	Is the development of any CMS Agreement for terrestrial mammals (other than bats), including Memoranda of Understanding, planned by your country in the foreseeable future?	Yes No					
	If Yes, please provide details:						
	2.5 Questions on the development of new CMS Agreements re	lating to bats					
1	In the current reporting period, has your country initiated the development of any						
	new CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II bat species?	∐ Yes ∐ No					
	new CMS Agreements, including Memoranda of Understanding, to address the	∐ Yes ∐ No					

	If Yes, please provide details:
3	If your country has initiated or is participating in the development of a new Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development?
4	Is the development of any CMS Agreement for bats, including Memoranda of Understanding, planned by your country in the future? If Yes, please provide details:
	2.6 Questions on the development of new CMS Agreements relating to other taxa
1	In the current reporting period, has your country initiated the development of any new CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II species belonging to taxa not included in sections 1-6 above? If Yes, what is the current state of development?
2	In the current reporting period, has your country participated in the development Yes No of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of species belonging to taxa not included in sections 1-6 above? If Yes, please provide details:
3	If your country has initiated or is participating in the development of a new Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development?
4	Is the development of any CMS Agreement for other taxa, including Memoranda of Understanding, planned by your country in the foreseeable future? If Yes, please provide details:
	3. LISTING OF MIGRATORY SPECIES IN APPENDIX II
1	Is your country a Range State for any migratory species that has an unfavourable conservation status, but is <u>not</u> currently listed in Appendix II and could benefit from the conclusion of an Agreement for its conservation? If Yes, please provide details:
1a	Is your country taking any steps to propose the listing of this/these species in Appendix II? Yes No
	If Yes, please provide details:
1b	What assistance, if any, does your country require to initiate the listing of this/these species?

IV. National and Regional Priorities

1	What priority does your country assign to the conservation and, where applicable, sustainable use of migratory species in comparison to other biodiversity-related issues?									
2	Are migratory species and their habitats addressed by your country's national Yes No									
	biodiversity strategy or action plan?									
	If Yes, please indicate and briefly describe the extent to which it addresses the following issues:									
	Conservation, sustainable use and/or restoration of migratory species									
	Conservation, sustainable use and/or restoration of the habitats of migratory species, including protected areas									
	Actions to prevent, reduce or control factors that are endangering or are likely to further endanger migratory									
	species (e.g. alien invasive species or by-catch)									
	Minimising or eliminating barriers or obstacles to migration									
	Research and monitoring of migratory species									
	☐ Transboundary co-operation									
3	Does the conservation of migratory species currently feature in any other national Yes No									
	or regional policies/plans (apart from CMS Agreements)									
	If Yes, please provide details:									
3a	Do these policies/plans cover the following areas (if Yes, please provide details):									
	Yes No									
	Exploitation of natural resources (e.g. fisheries, hunting, etc.)									
	Economic development									
	Land-use planning									
	☐ Pollution control									
	Designation and development of protected areas									
	Development of ecological networks									
	☐ Planning of powerlines									
	☐ Planning of fences									
	Planning of dams									
	V. Protected Areas									
1	Are migratory species taken into account in the selection, establishment and Yes No management of protected areas in your country?									
	If Yes, please provide details:									
1a	Do these protected areas cover the following areas? (If Yes, please provide details and include the amount of protected areas coverage and the number of protected areas):									
	Yes No									
	☐ ☐ Terrestrial									
	Aquatic Aquatic									
	☐ ☐ Marine									
1h										
1b	Identify the agency, department or organization responsible for leading on this action in your country:									

VI. Policies on Satellite Telemetry

1	In the current reporting period, has your country undertaken conservation/research projects that use satellite telemetry?	☐ Yes ☐ No						
	If Yes, please provide details (Indicate <i>inter alia</i> the scientific justification for the research taken to ensure that risks to the welfare of individual animals and – in the case of severely species are minimised, and summarise the results obtained):							
2	Are any future conservation/research projects planned that will use satellite telemetry? If Yes, please provide details (including the expected timeframe for these projects):	☐ Yes ☐ No						
	If No, please explain any impediments or requirements in this regard:							
	VII. Membership							
1	Have actions been taken by your country to encourage non-Parties to join CMS and its related Agreements?	☐ Yes ☐ No						
	If Yes, please provide details. (In particular, describe actions taken to recruit the non-Parthe Standing Committee as high priorities for recruitment.)	ties that have been identified by						
1a	Identify the agency, department or organization responsible for leading on this action in your country:							
	VIII. Global and National Importance	of CMS						
1	Have actions been taken by your country to increase national, regional and/or global awareness of the relevance of CMS and its global importance in the context of biodiversity conservation?	☐ Yes ☐ No						
	If Yes, please provide details:							
2	Identify the agency, department or organization responsible for leading on this action in y	our country:						
	IX. Mobilization of Resources							
1	Has your country made financial resources available for conservation activities having direct benefits for migratory species in your country?	Yes No						
	If Yes, please provide details (Indicate the migratory species that have benefited from the	se activities):						
2	Has your country made voluntary contributions to the CMS Trust Fund to support requests from developing countries and countries with economies in transition?	Yes No						
_	If Yes, please provide details:							
3	Has your country made other voluntary financial contributions to support conservation activities having direct benefits for migratory species in other countries (particularly developing countries)?	Yes No						
	If Yes, please provide details (Indicate the migratory species that have benefited from the	sa nativitias):						

4	Has your country provided technical and/or scientific assistance to developing countries to facilitate initiatives for the benefit of migratory species? If Yes No
	If Yes, please provide details (Indicate the migratory species that have benefited from these activities):
5	Has your country received financial assistance/support from the CMS Trust Fund, via the CMS Secretariat, for national conservation activities having direct benefits for migratory species in your country?
	If Yes, please provide details (Indicate the migratory species that have benefited from these activities):
6	Has your country received financial assistance/support from sources other than the CMS Secretariat for conservation activities having direct benefit for migratory species in your country?
	If Yes, please provide details (Indicate the migratory species that have benefited from these activities):

X. Implementation of COP Resolutions and Recommendations

Please summarize the measures undertaken by your country to implement the substantive, operational Resolutions and Recommendations adopted by the Conference of the Parties, where these have not been mentioned elsewhere in this report, giving particular emphasis to those identified below (as appropriate).

Resolutions
Resolution 6.2 – By-catch, and Recommendation 7.2 – Implementation of Resolution 6.2 on By-catch:
Resolution 6.3 – Southern Hemisphere Albatross Conservation:
Resolution 7.2 – Impact Assessment and Migratory Species:
Resolution 7.3 – Oil Pollution and Migratory Species:
Resolution 7.4 – Electrocution of Migratory Birds:
Resolution 7.5 – Wind Turbines and Migratory Species:
Resolution 7.9 – Cooperation with Other Bodies and Processes:
Resolution 7.15 – Future Action on the Antarctic Minke, Bryde's and Pygmy Right Whales under the Convention on Migratory Species:
Recommendations
Recommendation 7.5 – Range State Agreement for Dugong (<i>Dugong dugon</i>) Conservation:
Recommendation 7.6 – Improving the Conservation Status of the Leatherback Turtle (<i>Dermochelys coriacea</i>):
Recommendation 7.7 – America Pacific Flyway Programme:
Other resolutions/recommendations:

Other remarks:

Annex: Questions on specific Appendix II species

The tables below contain the list of all species listed in Appendix II. Boxes have been checked to indicate the species for which your country is considered to be a Range State. Please amend the boxes where appropriate. (If you wish to provide further information on any of these species, please attach as an annex.) Please also provide published distribution references where available.

					untry is a Range State for	

All species of each of the Families below are listed in Appendix II. If your country is a Range State for any of the species in these Families, please enter the species name in the first column, under the relevant Family heading. Please indicate (with a 'X') whether your country is a Range State or the species is extinct and, where appropriate, please provide published distribution references. (Space is provided for ten species in each Family. If additional lines are required, please attach the information as an annex.)
