

Good Practice in Bird Protection

1st CMS Energy Task Force Meeting
Cape Town, 01 December 2016

Agenda

- I. **Introduction RGI**
- II. 'Good Practice of the Year' award
- III. Good Practices in Bird Protection

RGI – a unique coalition of industry and civil society

Focus of electricity grid operators:

„We need to build power grids without delay“

Focus of NGOs:

„We need renewable energies – without negative impact on nature and people“

RGI is a unique collaboration of NGOs and TSOs from across Europe. We promote transparent, environmentally sensitive grid development to enable further steady growth of renewable energy and the energy transition.

RGI's mission statement

RGI is a unique collaboration of NGOs and TSOs from across Europe. We promote transparent, environmentally sensitive grid development to enable further steady growth of renewable energy and the energy transition.
