

Convention on the Conservation of Migratory Species of Wild Animals

FORMAT FOR NATIONAL REPORT OF PARTIES ON THE IMPLEMENTATION OF THE CONVENTION ON THE CONSERVATION OF MIGRATORY SPECIES OF WILD ANIMALS

Reporting format agreed by the Standing Committee at its 32nd Meeting (Bonn, November 2007) for mandatory use by Parties, for reports submitted to the Tenth Meeting of the Conference of the Parties (COP10) (Norway, 2011).

The questions below combine elements of Resolution 4.1 (Party Reports) adopted by the Fourth Meeting of the Conference of the Parties (Nairobi, June 1994) and Resolution 6.4 (Strategic Plan for the Convention on Migratory Species 2000-2005), adopted by the Sixth Meeting of the Conference of the Parties (Cape Town, November 1999), the COP8 Strategic Plan 2006-2011 and Resolution 8.24 adopted by the Conference of the Parties (Nairobi 2005), as well as commitments arising from other operational Resolutions and Recommendations of the Conference of the Parties.

COP Resolution 9.4 adopted at Rome called upon the Secretariats and Parties of CMS Agreements to collaborate in the implementation and harmonization of online reporting implementation. If the development of an online reporting system advances sufficiently, Parties may have the option of reporting in this manner. There are however no guarantees at this stage that this will be the case.

Parties are encouraged to respond to all questions. Parties are also requested to provide comprehensive answers, including, where appropriate, a summary of activities, information on factors limiting action and details of any assistance required.

This document has been designed with semi-automated text-form fields. Please double click on the grey boxes to enter the field. You can then enter the required information. Continue to do so with each text-field or jump to the next field directly by using the tab key. Where checkboxes are available you might check these with a single click.

Please enter here the name of your country: **ESTONIA**

Which agency has been primarily responsible for the preparation of this report?

Ministry of the Environment

Please list any other agencies that have provided input:

Environmental Board

I(a). General Information

Please enter the required information in the table below:

Party	
Date of entry into force of the Convention in [<i>country name</i>]	1. 10. 2008
Period covered	2008 - January 2011
Territories to which the Convention applies	Estonia
DESIGNATED NATIONAL FOCAL POINT	
Full name of the institution	Ministry of the Environment
Name and title of designated Focal Point	Mr Üllar Rammul, Senior Officer of the Nature Conservation Department
Mailing address	Narva mnt 7a, 15172 Tallinn, Estonia
Telephone	+372 6262881
Fax	+372 6262801
E-mail	yllar.rammul@envir.ee
APPOINTMENT TO THE SCIENTIFIC COUNCIL	
Full name of the institution	Environmental Board
Name and title of contact officer	<i>Mr Ivar Ojaste, conservation biologist</i>
Mailing address	Narva mnt 7a, 15172 Tallinn, Estonia
Telephone	+372 6272199
Fax	
E-mail	ivar.ojaste@keskkonnaamet.ee
SUBMISSION	
Name and Signature of officer responsible for submitting national report	Name: Mr Üllar Rammul Address: Narva mnt 7a, 15172 Tallinn, Estonia Tel.: +372 6262881 Fax: +372 6262801 E-mail: yllar.rammul@envir.ee
Date of submission	
Membership of the Standing Committee (if applicable):	Name: Address: Tel.: Fax: E-mail:
Competent Authority:	Ministry of the Environment
Relevant implemented legislation:	Nature Conservation Act, Hunting Act, Fishing Act, Planning Act, Water Act
Other relevant Conventions/ Agreements (apart from CMS) to which <i>country name</i> is a Party:	Convention on Wetlands of International Importance Especially as Waterfowl Habitat 1971 ("Ramsar Convention"), Convention on International Trade in Endangered Species of Wild Fauna and Flora 1973 (CITES), Convention on the Conservation of European Wildlife and Natural Habitats, 1979 ("Bern Convention"), Convention on Biological Diversity 1992, Council Directive of 2 April 1979 on the conservation of wild birds (79/409/EEC) ("Birds Directive"), Council Directive of 21 May 1992 on the conservation of natural habitats and of wild fauna and flora (92/43/EEC)

	("Habitats Directive")
National policy instruments (e.g. national biodiversity conservation strategy, etc.):	Nature Conservation Action Plan until 2020, includes CBD topics (draft).

Please indicate whether your country is part of the following Agreements/MoU. If so, please indicate the competent national institution

1	<p>Which other government departments are involved in activities/initiatives for the conservation of migratory species in your country? (Please list.)</p> <p>Environmental Board, Environment Information Centre, Environmental Inspectorate</p>
2	<p>If more than one government department is involved, describe the interaction/relationship between these government departments:</p> <p>Ministry of the Environment, Nature Conservation Department - policy; Environmental Board - implementation; Environmental Inspectorate - processes environmental violations.</p>
3	<p>Has a national liaison system or committee been established in your country? Please provide contact information</p> <p><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>
4	<p>List the main non-governmental organizations actively involved in activities/initiatives for the conservation of migratory species in your country, and describe their involvement:</p> <p>Estonian Ornithological Society - monitoring of migratory bird species;</p> <p>Estonian Fund for Nature - monitoring of bat species</p>
4a	<p>Please provide detail on any devolved government/overseas territory authorities involved.</p>
5	<p>Describe any involvement of the private sector in the conservation of migratory species in your country:</p>
6	<p>Note any interactions between these sectors in the conservation of migratory species in your country:</p> <p>Environmental monitoring, a lot of volunteers engaged in bird counts and monitoring of birds.</p>

I(b). Information about involved Authorities

Identify the ministry, agency/department or organization that is responsible for leading actions relating to Appendix I species

1	Birds	Environmental Board
2	Marine Mammals	non-range state
3	Marine Turtles	non-range state
4	Terrestrial Mammals	non-range state
5	Bats	non-range state
6	Other Taxa	non-range state

II. Appendix I species

1. BIRDS

1.1 General questions on Appendix I bird species

1	<p>Is the taking of all Appendix I bird species prohibited by the national implementing legislation cited in Table I(a) (General Information)? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If <i>other</i> legislation is relevant, please provide details:</p>
1a	<p>If the taking of Appendix I bird species is prohibited by law, have any exceptions been granted to the prohibition? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7):</p>
2	<p>Identify any obstacles to migration that exist in relation to Appendix I bird species:</p> <p>By-catch <input checked="" type="checkbox"/> Electrocutation <input checked="" type="checkbox"/> Habitat destruction <input type="checkbox"/> Wind turbines <input checked="" type="checkbox"/> Pollution <input checked="" type="checkbox"/> Other (please provide details)</p>
2a	<p>What actions are being undertaken to overcome these obstacles?</p> <p>By-catch and (oil)pollution is case of <i>Polysticta stelleri</i>. Wintering areas are protected and there are fishing limitations according to protection rules. Electrocutation and wind turbines are cases of <i>Haliaeetus albicilla</i>. Electrocutation has little impact, it is the case for few breeding pairs and in those cases wires have been covered by special plastic tubes. Wind turbines is also case of <i>Anser erythropus</i>. During assessment of impact of wind turbine to nature the breeding and feeding areas of <i>Haliaeetus albicilla</i> and migration routes and feeding areas of <i>Anser erythropus</i> have been taken into account.</p>
2b	<p>Please report on the progress / success of the actions taken.</p> <p>There are no special programmes for such kind impact monitoring. Overall maturity in case of oil spill (with oiled birds) have been improved constantly since 2006 and this is developed together with Rescue Board.</p>
2c	<p>What assistance, if any, does your country require in order to overcome these obstacles?</p> <p>No need at the moment.</p>
3	<p>What are the major threats to Appendix I bird species (transcending mere obstacles to migration)?</p> <p>Illegal trade <input type="checkbox"/> Poaching <input type="checkbox"/> Other (please specify) Anser erythropus feeds very often during bird hunting season in autumn together with <i>Anser albifrons</i> and <i>Anser fabalis</i>. According to different behaviour of <i>Anser erythropus</i> and it's similarity with <i>Anser albifrons</i> this species can be very easily hunted.</p>
3a	<p>What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger bird species beyond actions to prevent disruption to migrating behaviour?</p> <p>Protect main wintering, feeding, stop-over and breeding sites.</p>
3b	<p>Please report on the progress / success of the actions taken.</p> <p>Main wintering, feeding, stop-over and breeding areas are protected and this network between different areas is good to avoid disruption of migrating behaviour.</p>
3c	<p>Describe any factors that may limit action being taken in this regard:</p> <p>Not found any factors.</p>
3d	<p>What assistance, if any, does your country require to overcome these factors?</p> <p>No need at the moment.</p>

1.2 Questions on specific Appendix I bird species

In the following section, using the table format below, please fill in each Appendix I bird species for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

<i>Species name</i> – Common Name(s) <i>Anser erythropus</i>	
1	Please provide published distribution reference: http://www.wwf.fi/wwf/www/uploads/pdf/lesser_white_froned_goose_final_report_2009.pdf
2a	Summarise information on population size (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input checked="" type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/>
2b	Summarise information on distribution (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input checked="" type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/>
3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available): <ul style="list-style-type: none"> Research <input type="checkbox"/> Identification and establishment of protected areas <input type="checkbox"/> Monitoring <input checked="" type="checkbox"/> Monitoring every spring Education/awareness rising <input checked="" type="checkbox"/> Education workshops for hunters Species protection <input checked="" type="checkbox"/> Species is protected by Nature Conservation Act Control hunting / poaching <input type="checkbox"/> Species restoration <input type="checkbox"/> Habitat protection <input checked="" type="checkbox"/> All staying areas on coastal meadows are protected by different conservation areas Habitat restoration <input checked="" type="checkbox"/> Activities financed from state budget and from EU LIFE-Natura project "Conservation of Lesser White-fronted Goose on the European migration route 2005-2009" Other <input checked="" type="checkbox"/> Action plan for <i>Anser erythropus</i> for period 2009-2013 adopted by Ministry of Environment on 18.06.2009.
4	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
5	Describe any future activities that are planned for this species: All activities will be countinud during next years.

Miscellaneous information or comments on Appendix I birds in general:

Addition to *Anser erythropus* Estonia is a Range State for 5 more Appendix I bird species: *Branta ruficollis*, *Aythya nyroca*, *Polysticta stelleri*, *Haliaeetus albicilla* and *Aquila clanga*.

NOTE! Table formats on *Branta ruficollis*, *Aythya nyroca*, *Polysticta stelleri*, *Haliaeetus albicilla* and *Aquila clanga* are attached in Annex 1.

2. MARINE MAMMALS

2.1 General questions on Appendix I marine mammals

1	<p>Is the taking of all Appendix I marine mammals prohibited by the national implementing legislation cited in Table I(a) (General Information)? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If <i>other</i> legislation is relevant, please provide details:</p>
1a	<p>If the taking of Appendix I marine mammals is prohibited by law, have any exceptions been granted to the prohibition? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7)):</p>
2	<p>Identify any obstacles to migration that exist in relation to Appendix I marine mammals:</p> <p>By-catch <input type="checkbox"/> Collision with fishing traffic <input type="checkbox"/></p> <p>Pollution <input type="checkbox"/> Illegal hunting <input type="checkbox"/></p> <p>Other threats to migration (please provide details)</p>
2a	What actions are being undertaken to overcome these obstacles?
2b	Please report on the progress / success of the actions taken.
2c	What assistance, if any, does your country require in order to overcome these obstacles?
3	<p>What are the major pressures on Appendix I marine mammal species (transcending mere obstacles to migration)?</p> <p>Pollution <input type="checkbox"/> By-catch <input type="checkbox"/></p> <p>Other (please specify)</p>
3a	What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species of marine mammal beyond actions to prevent disruption to migrating behaviour?
3b	Please report on the progress / success of the actions taken.
3c	Describe any factors that may limit action being taken in this regard:
3d	What assistance, if any, does your country require to overcome these factors?

2.2 Questions on specific Appendix I marine mammals

In the following section, using the table format below, please fill in each Appendix I marine mammal species for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

<i>Species name</i> – Common Name(s)	
1	Please provide published distribution reference:
2a	Summarise information on population size (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/>
2b	Summarise information on distribution (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/>
3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available): Research <input type="checkbox"/> Identification and establishment of protected areas <input type="checkbox"/> Monitoring <input type="checkbox"/> Education / awareness rising <input type="checkbox"/> Species protection <input type="checkbox"/> Control hunting / poaching <input type="checkbox"/> Species restoration <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other <input type="checkbox"/>
4	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
5	Describe any future activities that are planned for this species:

Miscellaneous information or comments on Appendix I marine mammals in general:

3.2 Questions on specific Appendix I marine turtles

In the following section, using the table format below, please fill in each Appendix I marine turtle species for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

<i>Species name</i> – Common Name(s)	
1	Please provide published distribution reference:
2a	Summarise information on population size (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/>
2b	Summarise information on distribution (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/>
3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available): Research <input type="checkbox"/> Identification and establishment of protected areas <input type="checkbox"/> Monitoring <input type="checkbox"/> Education / awareness rising <input type="checkbox"/> Species protection <input type="checkbox"/> Control hunting / poaching <input type="checkbox"/> Species restoration <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other <input type="checkbox"/>
4	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
5	Describe any future activities that are planned for this species:

Miscellaneous information or comments on Appendix I marine turtles in general:

4 TERRESTRIAL MAMMALS (OTHER THAN BATS)

4.1 General questions on Appendix I terrestrial mammals (other than bats)

1	Is the taking of all Appendix I terrestrial mammals (other than bats) prohibited by the national implementing legislation cited in Table I(a) (General Information)? If <i>other</i> legislation is relevant, please provide details:	<input type="checkbox"/> Yes	<input type="checkbox"/> No
1a	If the taking of Appendix I terrestrial mammals (other than bats) is prohibited by law, have any exceptions been granted to the prohibition? If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7)):	<input type="checkbox"/> Yes	<input type="checkbox"/> No
2	Identify any obstacles to migration that exist in relation to Appendix I terrestrial mammals (other than bats):		
	Lack of information <input type="checkbox"/>	By-catch <input type="checkbox"/>	
	Habitat fragmentation <input type="checkbox"/>	Electrocution <input type="checkbox"/>	
	Wind turbines <input type="checkbox"/>	Poaching <input type="checkbox"/>	
	Insufficient legislation <input type="checkbox"/>	Lack of trans-boundary management <input type="checkbox"/>	
	Poor communication amongst Range States <input type="checkbox"/>	Man-made barriers <input type="checkbox"/>	
	Climate change and drought <input type="checkbox"/>		
	Other threats to migration (please provide details)		
2a	What actions are being undertaken to overcome these obstacles?		
2b	Please report on the progress / success of the actions taken.		
2c	What assistance, if any, does your country require in order to overcome these obstacles?		
3	What are the major threats to Appendix I terrestrial mammals (transcending mere obstacles to migration)?		
	Lack of information <input type="checkbox"/>	Habitat fragmentation <input type="checkbox"/>	
	Poaching <input type="checkbox"/>	Insufficient legislation <input type="checkbox"/>	
	Illegal trade <input type="checkbox"/>	Other (please specify)	
3a	What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species of terrestrial mammal (other than bats) beyond actions to prevent disruption to migrating behaviour?		
3b	Please report on the progress / success of the actions taken.		
3c	Describe any factors which limit action being taken in this regard:		
3d	What assistance/measures, if any, does your country require to overcome these factors?		

4.2 Questions on specific Appendix I terrestrial mammals (other than bats)

In the following section, using the table format below, please fill in each Appendix I terrestrial mammal species (other than bats) for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

<i>Species name</i> – Common Name(s)	
1	Please provide published distribution reference:
2a	Summarise information on population size (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/>
2b	Summarise information on distribution (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/>
3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available): Research <input type="checkbox"/> Identification and establishment of protected areas <input type="checkbox"/> Monitoring <input type="checkbox"/> Education / awareness rising <input type="checkbox"/> Species protection <input type="checkbox"/> Control hunting / poaching <input type="checkbox"/> Species restoration <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other <input type="checkbox"/>
4	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
5	Describe any future activities that are planned for this species?

Miscellaneous information or comments on Appendix I terrestrial mammals (other than bats) in general:

5. BATS

5.1 General questions on Appendix I bats

1	Is the taking of all Appendix I bats prohibited by the national implementing legislation cited in Table I(a) (General Information)? If <i>other</i> legislation is relevant, please provide details:	<input type="checkbox"/> Yes <input type="checkbox"/> No
1a	If the taking of Appendix I bats is prohibited by law, have any exceptions been granted to the prohibition? If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7)):	<input type="checkbox"/> Yes <input type="checkbox"/> No
2	Identify any obstacles to migration that exist in relation to Appendix I bats: Vandalism of bat caves <input type="checkbox"/> Other threats to migration (please provide details)	
2a	What actions are being undertaken to overcome these obstacles?	
2b	Please report on the progress / success of the actions taken.	
2c	What assistance, if any, does your country require in order to overcome these obstacles?	
3	What are the major threats to Appendix I bats (transcending mere obstacles to migration)? Pollution <input type="checkbox"/> Habitat fragmentation and loss <input type="checkbox"/> Other (please specify)	
3a	What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species of bats beyond actions to prevent disruption to migrating behaviour?	
3b	Please report on the progress / success of the actions taken.	
3c	Describe any factors that may limit action being taken in this regard:	
3d	What assistance/measures, if any, does your country require to overcome these factors?	

5.2 Questions on specific Appendix I bat species

In the following section, using the table format below, please fill in each Appendix I bat species for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

<i>Species name – Common Name(s)</i>	
1	Please provide published distribution reference:
2a	Summarise information on population size (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/>
2c	Summarise information on trends (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/>
2c	Summarise information on distribution (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/>
3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available): Research <input type="checkbox"/> Identification and establishment of protected areas <input type="checkbox"/> Monitoring <input type="checkbox"/> Education / awareness rising <input type="checkbox"/> Species protection <input type="checkbox"/> Control hunting / poaching <input type="checkbox"/> Species restoration <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other <input type="checkbox"/>
4	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
5	Describe any future activities that are planned for this species:

Miscellaneous information or comments on Appendix I terrestrial mammals (other than bats) in general:

6. OTHER TAXA

6.1 General questions on Appendix I species belonging to other taxa

1	Identify the Ministry, agency/department, or organisation responsible for leading actions relating to Appendix I listed species belonging to taxa not included in sections 1-5 above:
2	Is the taking of all Appendix I species belonging to taxa not included in sections 1-5 above, prohibited by the national legislation listed as being implementing legislation in Table I(a) (General Information)? <input type="checkbox"/> Yes <input type="checkbox"/> No If <i>other</i> legislation is relevant, please provide details:
2a	If the taking of Appendix I species belonging to taxa not included in sections 1-5 above is prohibited by law, have any exceptions been granted to the prohibition? <input type="checkbox"/> Yes <input type="checkbox"/> No If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7)):
3	Identify any obstacles to migration that exist in relation to Appendix I species belonging to taxa not included in sections 1-5 above: Lack of legislation <input type="checkbox"/> Other threats to migration (please provide details)
3a	What actions are being undertaken to overcome these obstacles?
3b	Please report on the progress / success of the actions taken.
3c	What assistance, if any, does your country require in order to overcome these obstacles?
4	What are the major threats to Appendix I species belonging to taxa not included in sections 1-5 above (transcending mere obstacles to migration)? Other (please specify)
4a	What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species belonging to taxa not included in section 1-5 above beyond actions to prevent disruption to migrating behaviour?
4b	Please report on the progress / success of the actions taken.
4c	Describe any factors that may limit action being taken in this regard:
4d	What assistance, if any, does your country require to overcome these factors?

6.2 Questions on specific Appendix I species belonging to other taxa

In the following section, using the table format below, please fill in each Appendix I species belonging to taxa not included in sections 1-5 above, for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

<i>Species name</i> – Common Name(s)	
1	Please provide published distribution reference:
2a	Summarise information on population size (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/>
2b	Summarise information on distribution (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/>
3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available): Research <input type="checkbox"/> Identification and establishment of protected areas <input type="checkbox"/> Monitoring <input type="checkbox"/> Education / awareness rising <input type="checkbox"/> Species protection <input type="checkbox"/> Control hunting / poaching <input type="checkbox"/> Species restoration <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other <input type="checkbox"/>
4	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
5	Describe any future activities that are planned for this species:

Miscellaneous information or comments on Appendix I bats in general:
--

7 LISTING OF OTHER ENDANGERED MIGRATORY SPECIES IN APPENDIX I

1	<p>Is your country a Range State for any other endangered migratory species¹ not currently listed in Appendix I? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, please provide details:</p> <p>N.B.: States in which a species occurs as a vagrant (i.e. not "on its normal migration route") should not be treated as Range States. Please refer to Article 1 of the Convention for clarification.</p>
1a	<p>Is your country taking any steps to propose listing any of these species? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, please provide details:</p>
1b	<p>What assistance/measures, if any, does your country require to initiate the listing of these species?</p>

¹ according to the latest IUCN red data list

III. Appendix II Species

1. INFORMATION ON APPENDIX II SPECIES

Information pertaining to the conservation of Appendix II species that are the object of CMS Agreements will have been provided in periodic Party reports to those instruments. It will suffice therefore to reference (below), and preferably append, a copy of the latest report that has been submitted to the Secretariat of each of the Agreement/MoUs to which your country is a Party.

WADDEN SEA SEALS (1991)	
Date of last report:	Period covered:
SIBERIAN CRANE MoU (1993/1999)	
Date of last report:	Period covered:
EUROBATS (1994)	
Date of last report: August 2010	Period covered: September 2006 - July 2010
ASCOBANS (1994)	
Date of last report:	Period covered:
SLENDER-BILLED CURLEW MoU (1994)	
Date of last report:	Period covered:
MARINE TURTLES – AFRICA MoU (1999)	
Date of last report:	Period covered:
AEWA (1999)

2. QUESTIONS ON CMS AGREEMENTS

2.1 Questions on the development of new CMS Agreements relating to birds

1	In the current reporting period, has your country initiated the development of any new CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II bird species? If Yes, what is the current state of development?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
2	In the current reporting period, has your country participated in the development of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II bird species? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
3	If your country has initiated or is participating in the development of a new Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development?	
4	Is the development of any CMS Agreement for birds, including Memoranda of Understanding, planned by your country in the foreseeable future? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No

2.2 Questions on the development of new CMS Agreements relating to marine mammals

1	In the current reporting period, has your country initiated the development of any new CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II marine mammal species? If Yes, what is the current state of development?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
2	In the current reporting period, has your country participated in the development of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II marine mammal species? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
3	If your country has initiated or is participating in the development of a new Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development?	
4	Is the development of any CMS Agreement for marine mammals, including Memoranda of Understanding, planned by your country in the foreseeable future? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No

2.3 Questions on the development of new CMS Agreements relating to marine turtles

1	In the current reporting period, has your country initiated the development of any new CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II marine turtles? If Yes, what is the current state of development?	<input type="checkbox"/> Yes <input type="checkbox"/> No
2	In the current reporting period, has your country participated in the development of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II marine turtles? If Yes, please provide details:	<input type="checkbox"/> Yes <input type="checkbox"/> No
3	If your country has initiated or is participating in the development of a new Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development?	
4	Is the development of any CMS Agreement for marine turtles, including Memoranda of Understanding, planned by your country in the foreseeable future? If Yes, please provide details:	<input type="checkbox"/> Yes <input type="checkbox"/> No

2.4 Questions on the development of new CMS Agreements relating to terrestrial mammals (other than bats)

1	In the current reporting period, has your country initiated the development of any new CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II terrestrial mammal species (other than bats)? If Yes, what is the current state of development?	<input type="checkbox"/> Yes	<input type="checkbox"/> No
2	In the current reporting period, has your country participated in the development of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II terrestrial mammal species (other than bats)? If Yes, please provide details:	<input type="checkbox"/> Yes	<input type="checkbox"/> No
3	If your country has initiated or is participating in the development of a new Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development?		
4	Is the development of any CMS Agreement for terrestrial mammals (other than bats), including Memoranda of Understanding, planned by your country in the foreseeable future? If Yes, please provide details:	<input type="checkbox"/> Yes	<input type="checkbox"/> No

2.5 Questions on the development of new CMS Agreements relating to bats

1	In the current reporting period, has your country initiated the development of any new CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II bat species? If Yes, what is the current state of development?	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
2	In the current reporting period, has your country participated in the development of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II bat species? If Yes, please provide details:	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
3	If your country has initiated or is participating in the development of a new Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development?		
4	Is the development of any CMS Agreement for bats, including Memoranda of Understanding, planned by your country in the future? If Yes, please provide details:	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No

2.6 QUESTIONS ON THE DEVELOPMENT OF NEW CMS AGREEMENTS RELATING TO OTHER TAXA

1	In the current reporting period, has your country initiated the development of any new CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II species belonging to taxa not included in sections 1-6 above? If Yes, what is the current state of development?	<input type="checkbox"/> Yes	<input type="checkbox"/> No
2	In the current reporting period, has your country participated in the development of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of species belonging to taxa not included in sections 1-6 above? If Yes, please provide details:	<input type="checkbox"/> Yes	<input type="checkbox"/> No
3	If your country has initiated or is participating in the development of a new Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development?		
4	Is the development of any CMS Agreement for other taxa, including Memoranda of Understanding, planned by your country in the foreseeable future? If Yes, please provide details:	<input type="checkbox"/> Yes	<input type="checkbox"/> No

3. LISTING OF MIGRATORY SPECIES IN APPENDIX II

1	Is your country a Range State for any migratory species that has an unfavourable conservation status, but is <u>not</u> currently listed in Appendix II and could benefit from the conclusion of an Agreement for its conservation? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If Yes, please provide details: N.B.: States in which a species occurs as a vagrant (i.e. not "on its normal migration route") should not be treated as Range States. Please refer to Article 1 of the Convention for clarification.
1a	Is your country taking any steps to propose the listing of this/these species in Appendix II? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If Yes, please provide details:
1b	What assistance, if any, does your country require to initiate the listing of this/these species?

IV. National and Regional Priorities

1	What priority does your country assign to the conservation and, where applicable, sustainable use of migratory species in comparison to other biodiversity-related issues	<input type="checkbox"/> Low <input type="checkbox"/> Medium <input checked="" type="checkbox"/> High																						
2	<p>Are migratory species and their habitats addressed by your country's national biodiversity strategy or action plan? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If Yes, please indicate and briefly describe the extent to which it addresses the following issues:</p> <p><input checked="" type="checkbox"/> Conservation, sustainable use and/or restoration of migratory species All CMS species, that Estonia is a Range State for, are protected (Nature Conservation Act). Main areas (wintering, breeding, stop-over, etc.) of CMS species in Estonia are located in protected areas. For many species action plans are compiled. Policy issues are covered in Nature Conservation Action Plan until 2020 (draft).</p> <p><input checked="" type="checkbox"/> Conservation, sustainable use and/or restoration of the habitats of migratory species, including protected areas All important stop-over sites for migratory species are protected and mostly restoration and management of semi-natural habitats (like coastal or alluvial meadows) on protected areas takes place.</p> <p><input checked="" type="checkbox"/> Actions to prevent, reduce or control factors that are endangering or are likely to further endanger migratory species (e.g. alien invasive species or by-catch) On nature conservation areas are special protection rules according to Nature Conservation Act which limits economical impact (like by-catch) and movement of inhabitants (disturbing effect) to migratory bird species.</p> <p><input checked="" type="checkbox"/> Minimizing or eliminating barriers or obstacles to migration Before construction wind turbine parks the impact assesment to nature will be done and during this procedure behaviour of migratory birds and bats will be taken into account.</p> <p><input checked="" type="checkbox"/> Research and monitoring of migratory species Regular monitoring of migratory bird and bat species. Monitoring of arctic waterfowl occur in 2009.</p> <p><input checked="" type="checkbox"/> Transboundary co-operation Collaboration with different international species working group, Estonian-Finnish co-operation on nature conservation issue.</p>																							
3	Does the conservation of migratory species currently feature in any other national or regional policies/plans (apart from CMS Agreements)	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No																						
	If Yes, please provide details: E.g. EU Birds Directive. There is also EU Biodiversity Stratgy to 2020 that includes aspects of conseravtion of migratory species. In Estonia many policies and plans have general species (including migratory species) conservation rules.																							
3a	Do these policies/plans cover the following areas (if Yes, please provide details):																							
	<table style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="text-align: left;">Yes</th> <th style="text-align: left;">No</th> </tr> </thead> <tbody> <tr> <td><input checked="" type="checkbox"/></td> <td><input type="checkbox"/> Exploitation of natural resources (e.g. fisheries, hunting, etc.)</td> </tr> <tr> <td><input checked="" type="checkbox"/></td> <td><input type="checkbox"/> Economic development</td> </tr> <tr> <td><input checked="" type="checkbox"/></td> <td><input type="checkbox"/> Land-use planning</td> </tr> <tr> <td><input checked="" type="checkbox"/></td> <td><input type="checkbox"/> Pollution control</td> </tr> <tr> <td><input checked="" type="checkbox"/></td> <td><input type="checkbox"/> Designation and development of protected areas</td> </tr> <tr> <td><input checked="" type="checkbox"/></td> <td><input type="checkbox"/> Development of ecological networks</td> </tr> <tr> <td><input checked="" type="checkbox"/></td> <td><input type="checkbox"/> Planning of power lines</td> </tr> <tr> <td><input type="checkbox"/></td> <td><input checked="" type="checkbox"/> Planning of fences</td> </tr> <tr> <td><input type="checkbox"/></td> <td><input checked="" type="checkbox"/> Planning of dams</td> </tr> <tr> <td><input type="checkbox"/></td> <td><input type="checkbox"/> Other</td> </tr> </tbody> </table>		Yes	No	<input checked="" type="checkbox"/>	<input type="checkbox"/> Exploitation of natural resources (e.g. fisheries, hunting, etc.)	<input checked="" type="checkbox"/>	<input type="checkbox"/> Economic development	<input checked="" type="checkbox"/>	<input type="checkbox"/> Land-use planning	<input checked="" type="checkbox"/>	<input type="checkbox"/> Pollution control	<input checked="" type="checkbox"/>	<input type="checkbox"/> Designation and development of protected areas	<input checked="" type="checkbox"/>	<input type="checkbox"/> Development of ecological networks	<input checked="" type="checkbox"/>	<input type="checkbox"/> Planning of power lines	<input type="checkbox"/>	<input checked="" type="checkbox"/> Planning of fences	<input type="checkbox"/>	<input checked="" type="checkbox"/> Planning of dams	<input type="checkbox"/>	<input type="checkbox"/> Other
Yes	No																							
<input checked="" type="checkbox"/>	<input type="checkbox"/> Exploitation of natural resources (e.g. fisheries, hunting, etc.)																							
<input checked="" type="checkbox"/>	<input type="checkbox"/> Economic development																							
<input checked="" type="checkbox"/>	<input type="checkbox"/> Land-use planning																							
<input checked="" type="checkbox"/>	<input type="checkbox"/> Pollution control																							
<input checked="" type="checkbox"/>	<input type="checkbox"/> Designation and development of protected areas																							
<input checked="" type="checkbox"/>	<input type="checkbox"/> Development of ecological networks																							
<input checked="" type="checkbox"/>	<input type="checkbox"/> Planning of power lines																							
<input type="checkbox"/>	<input checked="" type="checkbox"/> Planning of fences																							
<input type="checkbox"/>	<input checked="" type="checkbox"/> Planning of dams																							
<input type="checkbox"/>	<input type="checkbox"/> Other																							
4	<p>Results – please describe the positive outcomes of any actions taken</p> <p>The policies named in point 3 above cover good status on environment generally. For results see also: section V. (Protected areas) and X.(Implementation of COP Resolutions and Recommendations).</p>																							

V. Protected Areas

1	<p>Are migratory species taken into account in the selection, establishment and management of protected areas in your country? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If Yes, please provide details: Number of staging migratory bird species of "bottle-neck" areas have been on of most important reason for establishing protected areas.</p>
1a	<p>Please identify the most important national sites for migratory species and their protection status: Nõva-Osmussaare special conservation area (SCA), IBA; Väinamere SCA, IBA, including Silma Nature Conservation area, Matsalu National Park; Vilsandi National Park; Kura kurgu SCA, IBA; Pärnu lahe SCA, IBA; Võrtsjärve SCA, IBA;</p>
1b	<p>Do these protected areas cover the following areas? (If Yes, please provide details and include the amount of protected areas coverage and the number of protected areas):</p> <p>Yes No</p> <p><input checked="" type="checkbox"/> <input type="checkbox"/> Terrestrial</p> <p><input checked="" type="checkbox"/> <input type="checkbox"/> Aquatic</p> <p><input checked="" type="checkbox"/> <input type="checkbox"/> Marine</p>
1c	<p>Identify the agency, department or organization responsible for leading on this action in your country: Environmental Board</p>
2	<p>Results – please describe the positive outcomes of any actions taken</p>

VI. Policies on Satellite Telemetry

1	<p>In the current reporting period, has your country undertaken conservation/research projects that use satellite telemetry? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p style="text-align: right;"><input type="checkbox"/> In preparation <input checked="" type="checkbox"/> on-going <input type="checkbox"/> completed</p> <p>Ciconia nigra, Aquila clanga, Pandion haliaetus, Grus grus</p>
2	<p>Are any future conservation/research projects planned that will use satellite telemetry? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If Yes, please provide details (including the expected timeframe for these projects): Aquila pomarina, since 2011. Two birds will be marked with satellite transmitters.</p> <p>If No, please explain any impediments or requirements in this regard:</p>
3	<p>Results – please describe the positive outcomes of any actions taken</p> <p>A lot of new knowledge about migration strategy, migration routs and speed, important stop-over sites and distribution of wintering areas of mentioned species discovered.</p>

VII. Membership

1	<p>Have actions been taken by your country to encourage non- Parties to join CMS and its related Agreements? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, please provide details. (In particular, describe actions taken to recruit the non-Parties that have been identified by the Standing Committee as high priorities for recruitment.)</p>
1a	<p>Identify the agency, department or organization responsible for leading on this action in your country:</p>

2	Results – please describe the positive outcomes of any actions taken

VIII. Global and National Importance of CMS

1	<p>Have actions been taken by your country to increase national, regional and/or global awareness of the relevance of CMS and its global importance in the context of biodiversity conservation? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If Yes, please provide details:</p>
2	<p>Identify the agency, department or organization responsible for leading on this action in your country:</p>
3	<p>Results – please describe the positive outcomes of any actions taken</p>

IX. Mobilization of Resources

1	<p>Has your country made financial resources available for conservation activities having direct benefits for migratory species in your country? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If Yes, please provide details (Indicate the migratory species that have benefited from these activities): Anser erythropus, Ciconia nigra, Aquila clanga, Aquila pomarina, Polysticta stelleri, Haliaeetus albicilla, bats, waterfowl species, Crex crex, Grus grus, Charadrius hiaticula, Vanellus vanellus, Gallinago media, Limosa limosa, Tringa totanus, Calidris alpina (schinzii), Philomachus pugnax.</p>
2	<p>Has your country made voluntary contributions to the CMS Trust Fund to support requests from developing countries and countries with economies in transition? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, please provide details:</p>
3	<p>Has your country made other voluntary financial contributions to support conservation activities having direct benefits for migratory species in other countries (particularly developing countries)? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, please provide details (Indicate the migratory species that have benefited from these activities):</p>
4	<p>Has your country provided technical and/or scientific assistance to developing countries to facilitate initiatives for the benefit of migratory species? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, please provide details (Indicate the migratory species that have benefited from these activities):</p>
5	<p>Has your country received financial assistance/support from the CMS Trust Fund, via the CMS Secretariat, for national conservation activities having direct benefits for migratory species in your country? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, please provide details (Indicate the migratory species that have benefited from these activities):</p>
6	<p>Has your country received financial assistance/support from sources other than the CMS Secretariat for conservation activities having direct benefit for migratory species in your country? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If Yes, please provide details (Indicate the migratory species that have benefited from these activities): EU Life-projects: Ciconia nigra, Aquila clanga, Aquila pomarina, Calidris alpina (schinzii), Limosa limosa, Gallinago media, Crex crex, Anser erythropus, Vanellus vanellus, Tringa totanus, Philomachus pugnax.</p>

X. Implementation of COP Resolutions and Recommendations

Please provide information about measures undertaken by your country relating to recent Resolutions and Recommendations since the last Report. For your convenience please refer to the list of COP Resolutions and Recommendations listed below.

Resolutions

- Resolution 6.2 – By-catch, and Recommendation 7.2 – Implementation of Resolution 6.2 on By-catch
- Resolution 6.3 – Southern Hemisphere Albatross Conservation
- Resolution 7.2 – Impact Assessment and Migratory Species
- Resolution 7.3 – Oil Pollution and Migratory Species
- Resolution 7.4 – Electrocuting of Migratory Birds
- Resolution 7.5 – Wind Turbines and Migratory Species
- Resolution 7.9 – Cooperation with Other Bodies and Processes
- Resolution 7.15 – Future Action on the Antarctic Minke, Bryde’s and Pygmy Right Whales under the Convention on Migratory Species
- Resolution 8.1 – Sustainable Use
- Resolution 8.2 – CMS Strategic Plan 2006-2011
- Resolution 8.5 - Implementation of Existing Agreements and Development of Future Agreements
- Resolution 8.7 - Contribution of CMS in Achieving the 2010 Biodiversity Target
- Resolution 8.9 - Review of GROMS (Global Register on Migratory Species)
- Resolution 8.11 - Co-operation with other Conventions
- Resolution 8.13 - Climate Change and Migratory Species
- Resolution 8.14 – By-Catch
- Resolution 8.22 - Adverse Human Induced Impacts on Cetaceans
- Resolution 8.24 - National Reports for the Eighth and Ninth Meetings of the Conference of the Parties
- Resolution 8.27 - Migratory Species and Highly Pathogenic Avian Influenza
- Resolution 8.29 - Concerted Actions for Appendix I Species
- Resolution 9.1 – Concerted and Cooperative Actions
- Resolution 9.2 – Priorities for CMS Agreements
- Resolution 9.3 – CMS Information Priorities
- Resolution 9.5 – Outreach and Communication Issues
- Resolution 9.7 – Climate Change Impacts on Migratory Species
- Resolution 9.9 – Migratory Marine Species
- Resolution 9.12 – Capacity Building Strategy
- Resolution 9.18 – By-catch
- Resolution 9.19 – Adverse Anthropogenic Marine/Ocean Noise Impacts on Cetaceans and other Biota
- Resolution 9.20 – the Saker Falcon

Recommendations

Recommendation 7.5 – Range State Agreement for Dugong (*Dugong dugon*) Conservation

Recommendation 7.6 – Improving the Conservation Status of the Leatherback Turtle (*Dermochelys coriacea*)

Recommendation 7.7 – America Pacific Flyway Programme

Recommendation 8.12 - Improving the conservation status of raptors and owls in the African Eurasian region

Recommendation 8.16 – Migratory Sharks

Recommendation 8.17 – Marine Turtles

Recommendation 8.23 - Central Eurasian and Aridland Mammals

Recommendation 8.26 - Grassland Bird Species and their Habitats in Southern South America

Recommendation 8.28 - Cooperative Actions for Appendix II Species

Recommendation 9.1 – Central Eurasian Aridland Mammals

Recommendation 9.2 – Sahelo-Saharan Megafauna

Recommendation 9.3 – Tigers and Other Asian Big Cats

Recommendation 9.5 – Cooperative Action for the Elephant (*Loxodonta Africana*) in Central Africa

Other resolutions/recommendations:

Resolution 6.2 – By-catch, and Recommendation 7.2 – Implementation of Resolution 6.2 on By-catch. Wintering areas of *Polysticta stelleri* are protected and there are fishing limitations according to protection rules. The only CMS fish species in Estonia, *Acipenser sturio*, is considered to be extinct in Estonian waters. Fishing of *Acipenser sturio* is prohibited in all waters of Estonia. If accidental by-catch should occur, live individuals must be released. If it is impossible, then the case of by-catch must be reported to Fisheries Administration as a regular catch data. Also by-catch of birds and marine mammals in fishery must be reported likewise. Development of seal-proof fishing equipment is ongoing.

Resolution 7.2 – Impact Assessment and Migratory Species

In areas which are Special Protection Areas (SPAs) or Special Areas of Conservation (SACs) all proposed activities which alone or in conjunction with other activities may potentially significantly affect the Natura 2000 site, the environmental impact assessment (EIA) is mandatory. Also outside of Nature 2000 network, the environmental impact shall be assessed upon application for a development consent to see whether the proposed activity potentially results in significant environmental impact. Also in strategic planning a strategic environmental assessment shall be carried out during the preparation of a strategic planning document before its adoption by a legal act, if the document is prepared for energy projects or is the basis for activities which are likely to significantly affect a Natura 2000 site.

Resolution 7.3 –Oil Pollution and Migratory Species

Estonia has a state governed system to respond to oil spills under the direction of Ministry of the Environment. The practical action is coordinated by Estonian Rescue Board and Estonian Environmental Board with the help of local authorities. Estonian Environmental Board is responsible for cleaning birds affected by oil. Rescue Board is responsible for storing and transportation of the equipment needed for cleaning. In addition, there is equipment for cleaning birds affected by oil for quick response in three coastal localities. A NGO, Estonian Fund for Nature, coordinates voluntary based oil spill prevention work, including training programs for volunteers. Regular oil spill monitoring is coordinated by Ministry of Interior. Main components in oil spill monitoring are regular flights and satellite monitoring.

Resolution 7.4 –Electrocution of Migratory Birds

When assessing bird mortalities due to the electric transmission lines, the electric transmission line densities should also be considered. Population density in Estonia is low (about 30 people/km²). About 70% of the population lives in urban areas (and 30% of the population lives in the capital). This means there is relatively small amount of electricity transmission facilities in Estonian nature, including important bird areas. There have been several actions to take appropriate cost-effective measures to reduce bird mortality from electric transmission facilities. Firstly, where economically possible the old air power lines have been replaced with under ground power lines and this work is continuing. When new big transmission networks are planned, environmental assessment is carried out and if environmental concerns are witnessed, mitigating measures are applied. Where possible, safer poles are used. Electrocution has little impact, mostly it is the case for breeding pairs and in those cases wires have been covered by

special plastic tubes. The info of collisions and electrocutions of protected species is collected. As states the Conservation Act (§ 63) the person who finds a dead specimen of an animal species included in the protected category I or II shall immediately inform the Environmental Board. The Environmental Board keeps a registry of the protected species that are found dead. Injured animals are also the responsibility of the Environmental Board.

Resolution 7.5 – Wind Turbines and Migratory Species.

Projects to establish wind turbine parks in the coastal area of Gulf of Finland are subject to EIA procedure. Impacts on birds and bats are among the priorities evaluated. E.g. during the assessment of impact of wind turbine to the nature, the breeding and feeding areas of *Haliaeetus albicilla* and migration routes and feeding areas of *Anser erythropus* have been taken into account.

Resolution 8.29 – Concerted Actions for Appendix I Species

Action plan for *Anser erythropus* for period 2009-2013 was adopted by the minister of Environment on 18.06.2009.

Resolution 9.9 – Migratory Marine Species

All marine mammal species are protected in Estonia. In addition to protected areas species protection sites for seal species are established.

Recommendation 8.12 – Improving the conservation status of raptors and owls in the African Eurasian region

All raptors and owls are protected in Estonia by Nature Conservation Act. All individuals of protected species are protected. According to the protected category (I, II or III) of those species, 100% of the known nesting sites, at least 50% or at least 10% of known nesting sites should be protected. State Monitoring System of raptors and owls takes place since 1994. Shooting and collecting the eggs are prohibited in Estonia.

Other remarks:

Annex: Updating Data on Appendix II Species

The tables below contain the list of all species listed in Appendix II.

New Parties which have acceded since COP8 in 2005 and Parties which did not submit a National Report in 2005 are requested to complete the entire form.

Parties that did submit a report in 2005 need only which information has changed (e.g. new published distribution references and details concerning species added to Appendix II at COP8).

All species of each of the Families below are listed in Appendix II. If your country is a Range State for any of the species in these Families, please enter the species name in the first column, under the relevant Family heading. Please indicate (with a 'X') whether your country is a Range State or the species is extinct and, where appropriate, please provide published distribution references. (Space is provided for ten species in each Family. If additional lines are required, please attach the information as an annex).
