

# Convention on the Conservation of Migratory Species of Wild Animals

## FORMAT FOR NATIONAL REPORT OF PARTIES ON THE IMPLEMENTATION OF THE CONVENTION ON THE CONSERVATION OF MIGRATORY SPECIES OF WILD ANIMALS

**Reporting format agreed by the Standing Committee at its 32<sup>nd</sup> Meeting (Bonn, November 2007) for mandatory use by Parties, for reports submitted to the Tenth Meeting of the Conference of the Parties (COP10) (Norway, 2011).**

The questions below combine elements of Resolution 4.1 (Party Reports) adopted by the Fourth Meeting of the Conference of the Parties (Nairobi, June 1994) and Resolution 6.4 (Strategic Plan for the Convention on Migratory Species 2000-2005), adopted by the Sixth Meeting of the Conference of the Parties (Cape Town, November 1999), the COP8 Strategic Plan 2006-2011 and Resolution 8.24 adopted by the Conference of the Parties (Nairobi 2005), as well as commitments arising from other operational Resolutions and Recommendations of the Conference of the Parties.

**COP Resolution 9.4** adopted at Rome called upon the Secretariats and Parties of CMS Agreements to collaborate in the implementation and harmonization of online reporting implementation. If the development of an online reporting system advances sufficiently, Parties may have the option of reporting in this manner. There are however no guarantees at this stage that this will be the case.

Parties are encouraged to respond to all questions. Parties are also requested to provide comprehensive answers, including, where appropriate, a summary of activities, information on factors limiting action and details of any assistance required.

1	<p>Which other government departments are involved in activities/initiatives for the conservation of migratory species in your country? (Please list.)</p> <p>Division of Environment, Fisheries Division, Marine Parks &amp; Reserves, Tanzania National Parks, Tanzania Wildlife Research Institute, Ngorongoro Conservation Area Authority and Forestry &amp; Beekeeping Division.</p>
2	<p>If more than one government department is involved, describe the interaction/relationship between these government departments:</p> <p>Most of institutions are under the Ministry of Natural Resources &amp; Tourism. However for those not under the Ministry of Natural Resources &amp; Tourism there is an appointed committee with representation from all the departments dealing with conservation of migratory species. The committee coordinates activities/initiatives that are related to the conservation of migratory Species in the country</p>
3	<p>Has a national liaison system or committee been established in your country? Please provide contact information</p> <p><input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>The liaisons system is coordinated by the ministry of natural resources and tourism which chair all meetings and also acts as the secretariat.</p>
4	<p>List the main non-governmental organizations actively involved in activities/initiatives for the conservation of migratory species in your country, and describe their involvement:</p> <p>Wildlife Conservation Society of Tanzania (WCST), WCST is working with the Important Bird Areas (IBAs) and their conservation as well as being engaged with the international and efforts to draw up action plans for number of species. World Wide Fund for Nature (WWF). WWF is involved in a number of conservation activities in Tanzania including site management and policy issues. Of particular interest in relation to the marine turtles is the marine turtle and Dugong program linked up with the WWF-Mafia project. WWF also provides financial and technical support towards research and conservation of marine turtles. Promotes information exchange with other countries through development and maintenance of a regional web-based database on marine turtles, AWF Elephant Corridors management in West Kilimanjaro and Tarangire- Manyara Ecosystem</p>
4a	<p>Please provide detail on any devolved government/overseas territory authorities involved. DANIDA USAID, BTC, KfW</p>
5	<p>Describe any involvement of the private sector in the conservation of migratory species in your country:</p> <p>Tanzanian Bird Atlas (Neil &amp; Liz) is actively involved in several interventions including participation in preparing national action plan for Lesser flamingo as well as a member to the AEWA Sub-Committee in Tanzania, TBAP produce updated distribution and seasonality maps on request.</p>
6	<p>Note any interactions between these sectors in the conservation of migratory species in your country:</p> <p>A National Wetlands Steering Committee (comprises of nine Ministries) is in place to coordinate Wetlands matters including migratory species. Along there is a Wetlands Working Group formed, which draws all important stakeholders in the wetland sector and an AEWA Sub-Committee has been formed under the group by different institutions and the private sector. Furthermore, a Marine Turtle Committee has been formed under Marine Parks and Reserves.</p>
