

Convention on the Conservation of Migratory Species of Wild Animals

FORMAT FOR NATIONAL REPORT OF PARTIES ON THE IMPLEMENTATION OF THE CONVENTION ON THE CONSERVATION OF MIGRATORY SPECIES OF WILD ANIMALS

Reporting format agreed by the Standing Committee at its 32nd Meeting (Bonn, November 2007) for mandatory use by Parties, for reports submitted to the Tenth Meeting of the Conference of the Parties (COP10) (Norway, 2011).

The questions below combine elements of Resolution 4.1 (Party Reports) adopted by the Fourth Meeting of the Conference of the Parties (Nairobi, June 1994) and Resolution 6.4 (Strategic Plan for the Convention on Migratory Species 2000-2005), adopted by the Sixth Meeting of the Conference of the Parties (Cape Town, November 1999), the COP8 Strategic Plan 2006-2011 and Resolution 8.24 adopted by the Conference of the Parties (Nairobi 2005), as well as commitments arising from other operational Resolutions and Recommendations of the Conference of the Parties.

COP Resolution 9.4 adopted at Rome called upon the Secretariats and Parties of CMS Agreements to collaborate in the implementation and harmonization of online reporting implementation. If the development of an online reporting system advances sufficiently, Parties may have the option of reporting in this manner. There are however no guarantees at this stage that this will be the case.

Parties are encouraged to respond to all questions. Parties are also requested to provide comprehensive answers, including, where appropriate, a summary of activities, information on factors limiting action and details of any assistance required.

This document has been designed with semi-automated text-form fields. Please double click on the grey boxes to enter the field. You can then enter the required information. Continue to do so with each text-field or jump to the next field directly by using the tab key. Where checkboxes are available you might check these with a single click.

Please enter here the name of your country: **Slovenia**

Which agency has been primarily responsible for the preparation of this report?

Ministry of the Environment and Spatial Planning

Please list any other agencies that have provided input:

Institute of the Republic of Slovenia for Nature Conservation

I(a). General Information

Please enter the required information in the table below:

Party	
Date of entry into force of the Convention in [<i>country name</i>]	1.2.1999
Period covered	2008-2010
Territories to which the Convention applies	Whole country
DESIGNATED NATIONAL FOCAL POINT	
Full name of the institution	Ministry of the Environment and Spatial Planning
Name and title of designated Focal Point	<i>Mr. Andrej Bibič</i>
Mailing address	Dunajska 48, SI-1000 Ljubljana
Telephone	+386 51 325 853
Fax	+386 1 478 7420
E-mail	andrej.bibic@gov.si
APPOINTMENT TO THE SCIENTIFIC COUNCIL	
Full name of the institution	Institute of the Republic of Slovenia for Nature Conservation
Name and title of contact officer	<i>Mr. Damjan Vrčec</i>
Mailing address	Dunajska 22, SI-1000 Ljubljana
Telephone	+386 1 230 95 00
Fax	+386 1 230 95 40
E-mail	damjan.vrcek@zrsvn.si
SUBMISSION	
Name and Signature of officer responsible for submitting national report	Name: Andrej Bibič Address: Ministry of the Environment and Spatial Planning, Dunajska 48, SI-1000 Ljubljana, Slovenia Tel.: +386 1 478 7471 Fax: +386 1 478 7420 E-mail: andrej.bibic@gov.si
Date of submission	
Membership of the Standing Committee (if applicable):	Name: Address: Tel.: Fax: E-mail:
Competent Authority:	Ministry of the Environment and Spatial Planning, Dunajska 48, SI-1000 Ljubljana, Slovenia
Relevant implemented legislation:	Nature Conservation Act, Wild Game and Hunting Act, Decree on the protection of wild animal species, Decree on the management and the protection methods in trade in animal and plant species, Decree on special conservation areas (Natura 2000 areas), Decree on ecologically important areas, EC Regulation 337/98
Other relevant Conventions/ Agreements (apart from CMS) to which <i>country name</i> is a Party:	Convention on Biological Diversity, CITES, International Convention for the Regulation of Whaling, Ramsar Convention, Bern Convention, Barcelona Convention, Alpine Convention
National policy instruments (e.g. national biodiversity conservation strategy, etc.):	Biodiversity Conservation Strategy of Slovenia, Resolution on National Environmental Action Plan 2005-2012. Operational programme - Natura 2000 management programme.

Please indicate whether your country is part of the following Agreements/MoU. If so, please indicate the competent national institution

1	<p>Which other government departments are involved in activities/initiatives for the conservation of migratory species in your country? (Please list.)</p> <p>Environmental Agency of the Republic of Slovenia, Institute of the Republic of Slovenia for Nature Conservation and protected area authorities, Ministry of Agriculture, Forestry and Food</p>
2	<p>If more than one government department is involved, describe the interaction/relationship between these government departments:</p> <p>Ministry of the Environment (legal basis for actions, and financing), Institute of the Republic of Slovenia for Nature Conservation and protected area authorities (for implementing actions), Ministry for Agriculture for financing of some measures</p>
3	<p>Has a national liaison system or committee been established in your country? Please provide contact information</p> <p><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>
4	<p>List the main non-governmental organizations actively involved in activities/initiatives for the conservation of migratory species in your country, and describe their involvement:</p> <p>The monitoring, collection of data and research is being carried primary by Center za kartografijo favne in flore (Centre for Cartography of Fauna and flora; CKFF), as well as by members of Slovensko društvo za proučevanje in varstvo netopirjev (Slovenian Association for Bat Research and Conservation – SDPVN), which are also actively involved in raising public awareness on importance of bats in Slovenia and are involved in activities and initiatives for the conservation of bats and monitoring of bat populations</p> <p>Morigenos - društvo za raziskovanje in zaščito morskih sesalcev (Society for the study and protection of marine mammals), Društvo Jadranski projekt (Adriatic Project Society), Vivamar – društvo za trajnostni razvoj morja (Vivamar – Society for sustainable development for the sea) – all three societies are actively involved in raising public awareness on importance of marine mammals in Slovenian sea and in activities and initiatives for the conservation of marine mammals, Morigenos also performs research on <i>Tursiops truncatus</i></p> <p>Društvo za opazovanje in proučevanje ptic Slovenije (DOPPS - BirdLife Slovenia), collects data on distribution and population size of bird species in Slovenia, monitors bird populations, is actively involved in raising public awareness on importance of birds in Slovenia, involved in activities and initiatives for the conservation of birds)</p> <p>Inštitut za biologijo - Morska biološka postaja and Aquarium Piran (collecting data on specimens of <i>Caretta caretta</i> caught in nets, rehabilitation of turtles, tagging of turtles)</p>
4a	<p>Please provide detail on any devolved government/overseas territory authorities involved.</p> <p>/</p>
5	<p>Describe any involvement of the private sector in the conservation of migratory species in your country:</p> <p>Private sector, mostly energy, insurance or telecommunication companies, are often involved in different actions regarding conservation of species (also migratory species) mostly as sponsors.</p>
6	<p>Note any interactions between these sectors in the conservation of migratory species in your country:</p> <p>See previous line in this table.</p>

I(b). Information about involved Authorities

Identify the ministry, agency/department or organization that is responsible for leading actions relating to Appendix I species

1	Birds	Ministry of the Environment and Spatial Planning (legal basis for actions, and financing), Institute of the Republic of Slovenia for Nature Conservation and protected area authorities (for implementing actions)
2	Marine Mammals	Ministry of the Environment and Spatial Planning (legal basis for actions, and financing), Institute of the Republic of Slovenia for Nature Conservation and protected area authorities (for implementing actions)
3	Marine Turtles	Ministry of the Environment and Spatial Planning (legal basis for actions, and financing), Institute of the Republic of Slovenia for Nature Conservation and protected area authorities (for implementing actions)
4	Terrestrial Mammals	Ministry of the Environment and Spatial Planning (legal basis for actions, and financing), Institute of the Republic of Slovenia for Nature Conservation and protected area authorities (for implementing actions)
5	Bats	Ministry of the Environment and Spatial Planning (legal basis for actions, and financing), Institute of the Republic of Slovenia for Nature Conservation and protected area authorities (for implementing actions)
6	Other Taxa	Ministry of the Environment and Spatial Planning (legal basis for actions, and financing), Institute of the Republic of Slovenia for Nature Conservation and protected area authorities (for implementing actions)

II. Appendix I species

1. BIRDS

1.1 General questions on Appendix I bird species

1	Is the taking of all Appendix I bird species prohibited by the national implementing legislation cited in Table I(a) (General Information)? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No If <i>other</i> legislation is relevant, please provide details:
1a	If the taking of Appendix I bird species is prohibited by law, have any exceptions been granted to the prohibition? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7):
2	Identify any obstacles to migration that exist in relation to Appendix I bird species: By-catch <input type="checkbox"/> Electrocutation <input type="checkbox"/> Habitat destruction <input checked="" type="checkbox"/> Wind turbines <input type="checkbox"/> Pollution <input checked="" type="checkbox"/> Other (please provide details)
2a	What actions are being undertaken to overcome these obstacles? Additional legislation has been put in place to avoid further habitat destruction and pollution, and efforts continued to force their implementation.
2b	Please report on the progress / success of the actions taken. /
2c	What assistance, if any, does your country require in order to overcome these obstacles? /
3	What are the major threats to Appendix I bird species (transcending mere obstacles to migration)? Illegal trade <input type="checkbox"/> Poaching <input type="checkbox"/> Other (please specify) Disturbances at nest site (<i>Haliaeetus albicilla</i>), habitat destruction, intensive farming and pollution on breeding grounds (<i>Falco naumanni</i>), lack of appropriate nest site management (<i>Aythya nyroca</i>).
3a	What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger bird species beyond actions to prevent disruption to migrating behaviour? Regular checking of known nests during the breeding season is being carried out for the White-tailed Eagle. There have been measures undertaken in spatial planning procedures to conserve breeding habitat of Lesser Kestrel and Ferruginous Duck.
3b	Please report on the progress / success of the actions taken. Nest control has proven to be a successful method to enable the fledging of White-tailed Eagle offspring.
3c	Describe any factors that may limit action being taken in this regard: Lack of human and financial resources.
3d	What assistance, if any, does your country require to overcome these factors? /

1.2 Questions on specific Appendix I bird species

In the following section, using the table format below, please fill in each Appendix I bird species for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

<i>Species name</i> – Common Name(s) <i>Acrocephalus paludicola</i> - povodna trstnica	
1	Please provide published distribution reference: There is no distribution map because the species only migrates through Slovenia, but its occurrence in Slovenia is confirmed in Božič, L. (2001b): A list of birds confirmed in Slovenia with an overview of rare species. <i>Acrocephalus</i> 22 (106-107): 115-120.
2a	Summarise information on population size (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input checked="" type="checkbox"/> unclear <input type="checkbox"/>
2b	Summarise information on distribution (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input checked="" type="checkbox"/> unclear <input type="checkbox"/>
3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available): Research <input type="checkbox"/> Identification and establishment of protected areas <input type="checkbox"/> Monitoring <input type="checkbox"/> Education/awareness rising <input type="checkbox"/> Species protection <input type="checkbox"/> Control hunting / poaching <input type="checkbox"/> Species restoration <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other <input type="checkbox"/>
4	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? The species is occurring very rarely on migration and therefore none of the above mentioned actions were considered needed.
5	Describe any future activities that are planned for this species: None.

<i>Species name</i> – Common Name(s) <i>Aquila clanga</i> - veliki klinkač	
1	Please provide published distribution reference: Sovinc, A. (1994): Zimski ornitološki atlas Slovenije (atlas of wintering birds). TZS, Ljubljana; Božič, L. (2001b): A list of birds confirmed in Slovenia with an overview of rare species. <i>Acrocephalus</i> 22 (106-107): 115-120.;
2a	Summarise information on population size (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input checked="" type="checkbox"/> unclear <input type="checkbox"/>
2b	Summarise information on distribution (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input checked="" type="checkbox"/> unclear <input type="checkbox"/>

3	<p>Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available):</p> <p>Research <input type="checkbox"/></p> <p>Identification and establishment of protected areas <input type="checkbox"/></p> <p>Monitoring <input type="checkbox"/></p> <p>Education/awareness rising <input type="checkbox"/></p> <p>Species protection <input type="checkbox"/></p> <p>Control hunting / poaching <input type="checkbox"/></p> <p>Species restoration <input type="checkbox"/></p> <p>Habitat protection <input type="checkbox"/></p> <p>Habitat restoration <input type="checkbox"/></p> <p>Other <input type="checkbox"/></p>
4	<p>If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?</p> <p>The species is occurring very rarely on migration and in winter and therefore none of the above mentioned actions were considered needed.</p>
5	<p>Describe any future activities that are planned for this species:</p> <p>None.</p>

<i>Species name – Common Name(s)</i> Aquila heliaca - kraljevi orel	
1	Please provide published distribution reference: There is no distribution map because the species only migrates through Slovenia, but its occurrence in Slovenia is confirmed in Božič, L. (2001b): A list of birds confirmed in Slovenia with an overview of rare species. <i>Acrocephalus</i> 22 (106-107): 115-120.
2a	Summarise information on population size (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input checked="" type="checkbox"/> unclear <input type="checkbox"/>
2b	Summarise information on distribution (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input checked="" type="checkbox"/> unclear <input type="checkbox"/>
3	<p>Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available):</p> <p>Research <input type="checkbox"/></p> <p>Identification and establishment of protected areas <input type="checkbox"/></p> <p>Monitoring <input type="checkbox"/></p> <p>Education/awareness rising <input type="checkbox"/></p> <p>Species protection <input type="checkbox"/></p> <p>Control hunting / poaching <input type="checkbox"/></p> <p>Species restoration <input type="checkbox"/></p> <p>Habitat protection <input type="checkbox"/></p> <p>Habitat restoration <input type="checkbox"/></p> <p>Other <input type="checkbox"/></p>
4	<p>If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?</p> <p>The species is occurring very rarely on migration and therefore none of the above mentioned actions were considered needed.</p>

5	Describe any future activities that are planned for this species: None.
---	--

<i>Species name – Common Name(s)</i> Aythya nyroca - kostanjevka	
1	Please provide published distribution reference: Geister, I. (1995): Ornitološki atlas Slovenije (atlas of breeding birds). DZS, Ljubljana.
2a	Summarise information on population size (if known): increasing <input checked="" type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/>
2b	Summarise information on distribution (if known): increasing <input checked="" type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/>
3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available): Research <input type="checkbox"/> Identification and establishment of protected areas <input type="checkbox"/> Monitoring <input checked="" type="checkbox"/> International Waterbird Census 2008, 2009, 2010, additional monitoring in 2010 Education/awareness rising <input type="checkbox"/> Species protection <input checked="" type="checkbox"/> Control hunting / poaching <input type="checkbox"/> Species restoration <input type="checkbox"/> Habitat protection <input checked="" type="checkbox"/> There have been measures undertaken in spatial planning procedures to conserve its breeding habitat. Habitat restoration <input type="checkbox"/> Other <input type="checkbox"/>
4	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? /
5	Describe any future activities that are planned for this species: Identification and establishment of new protected areas, more efforts to enforce the implementation of legislation preventing habitat destruction.

<i>Species name – Common Name(s)</i> Falco naumanni - južna postovka	
1	Please provide published distribution reference: - Geister, I. (1995): Ornitološki atlas Slovenije (atlas of breeding birds). DZS, Ljubljana. - Šere. D. (2000): Spremljanje stanja gnezdenja južne postovke (Falco naumanni): Krakovski gozd – Šentjernejsko polje. – Elaborat, Prirodoslovni muzej Slovenije.
2a	Summarise information on population size (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input checked="" type="checkbox"/> unclear <input type="checkbox"/> The species became extinct in 1994. Between 1994-2000 several individuals had been regularly observed during spring migration. No exact data after 2000 when the species was not part of paid bird monitoring.
2b	Summarise information on distribution (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input checked="" type="checkbox"/> unclear <input type="checkbox"/> The species became extinct in 1994. Between 1994-2000 several individuals had been regularly observed during spring migration. Data on distribution are collected from reports of birdwatchers (as this is a rare species).

3	<p>Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available):</p> <p>Research <input type="checkbox"/></p> <p>Identification and establishment of protected areas <input type="checkbox"/></p> <p>Monitoring <input type="checkbox"/></p> <p>Education/awareness rising <input checked="" type="checkbox"/></p> <p>Species protection <input checked="" type="checkbox"/></p> <p>Control hunting / poaching <input type="checkbox"/></p> <p>Species restoration <input type="checkbox"/></p> <p>Habitat protection <input checked="" type="checkbox"/> There have been measures undertaken in spatial planning procedures to conserve its breeding habitat.</p> <p>Habitat restoration <input type="checkbox"/></p> <p>Other <input type="checkbox"/></p>
4	<p>If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?</p> <p>/</p>
5	<p>Describe any future activities that are planned for this species:</p> <p>Legislation requires inclusion of this species in impact assessment procedures at sites where it was breeding in order to keep protecting its habitat.</p>

<i>Species name</i> – Common Name(s) <i>Haliaeetus albicilla</i> - belorepec	
1	<p>Please provide published distribution reference:</p> <p>- Geister, I. (1995): Ornitološki atlas Slovenije (atlas of breeding birds). DZS, Ljubljana.</p> <p>- Vrezec, A., Bordjan, S., Perušek, M. & Hudoklin, A. (2009): Population and ecology of the White-tailed Eagle (<i>Haliaeetus albicilla</i>) and its conservation status in Slovenia. - <i>Denisia</i> 27: 102-114.</p>
2a	<p>Summarise information on population size (if known):</p> <p>increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input checked="" type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/></p>
2b	<p>Summarise information on distribution (if known):</p> <p>increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input checked="" type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/></p>
3	<p>Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available):</p> <p>Research <input type="checkbox"/></p> <p>Identification and establishment of protected areas <input type="checkbox"/></p> <p>Monitoring <input checked="" type="checkbox"/> monitoring of known nests to allow safe fledging of young, International Waterbird Census 2008, 2009, 2010</p> <p>Education/awareness rising <input type="checkbox"/></p> <p>Species protection <input checked="" type="checkbox"/></p> <p>Control hunting / poaching <input type="checkbox"/></p> <p>Species restoration <input type="checkbox"/></p> <p>Habitat protection <input checked="" type="checkbox"/></p> <p>Habitat restoration <input type="checkbox"/></p> <p>Other <input type="checkbox"/></p>
4	<p>If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?/</p>

5	Describe any future activities that are planned for this species: Nest control to prevent theft of eggs and young and other disturbances (e.g. taking photographs).
---	--

<i>Species name</i> – Common Name(s) <i>Otis tarda</i> - velika droplja	
1	Please provide published distribution reference: There is no distribution map because the species is a rare vagrant to Slovenia, but its occurrence is confirmed in Božič, L. (2001b): A list of birds confirmed in Slovenia with an overview of rare species. <i>Acrocephalus</i> 22 (106-107): 115-120.
2a	Summarise information on population size (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input checked="" type="checkbox"/> unclear <input type="checkbox"/>
2b	Summarise information on distribution (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input checked="" type="checkbox"/> unclear <input type="checkbox"/>
3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available): Research <input type="checkbox"/> Identification and establishment of protected areas <input type="checkbox"/> Monitoring <input type="checkbox"/> Education/awareness rising <input type="checkbox"/> Species protection <input type="checkbox"/> Control hunting / poaching <input type="checkbox"/> Species restoration <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other <input type="checkbox"/>
4	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? The species is occurring very rarely on migration and therefore none of the above mentioned actions were considered needed.
5	Describe any future activities that are planned for this species: None.

Miscellaneous information or comments on Appendix I birds in general:

For several species from Appendix I (*Acrocephalus paludicola*, *Aquila clanga*, *Aquila heliaca*, *Otis tarda*) we have only few observations from 1950 (published in Božič 2001b).

2. MARINE MAMMALS

2.1 General questions on Appendix I marine mammals

1	Is the taking of all Appendix I marine mammals prohibited by the national implementing legislation cited in Table I(a) (General Information)? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No If <i>other</i> legislation is relevant, please provide details:
1a	If the taking of Appendix I marine mammals is prohibited by law, have any exceptions been granted to the prohibition? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7)):
2	Identify any obstacles to migration that exist in relation to Appendix I marine mammals: By-catch <input type="checkbox"/> Collision with fishing traffic <input type="checkbox"/> Pollution <input type="checkbox"/> Illegal hunting <input type="checkbox"/> Other threats to migration (please provide details)
2a	What actions are being undertaken to overcome these obstacles? /
2b	Please report on the progress / success of the actions taken. /
2c	What assistance, if any, does your country require in order to overcome these obstacles? /
3	What are the major pressures on Appendix I marine mammal species (transcending mere obstacles to migration)? Pollution <input type="checkbox"/> By-catch <input type="checkbox"/> Other (please specify) Whales occur very rare in Slovenian sea, but when they do they are big attraction and then can come to some disturbance by boats.
3a	What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species of marine mammal beyond actions to prevent disruption to migrating behaviour? At the time of occurrence of whales in Slovenian sea public awareness campaigns are launched by NGO, who is also monitoring whales
3b	Please report on the progress / success of the actions taken. There is no recorded collision of boats with whales in this reporting period.
3c	Describe any factors that may limit action being taken in this regard: /
3d	What assistance, if any, does your country require to overcome these factors? /

2.2 Questions on specific Appendix I marine mammals

In the following section, using the table format below, please fill in each Appendix I marine mammal species for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

<i>Species name</i> – Common Name(s) <i>Delphinus delphis</i> - kratkokljuni navadni delfin	
1	Please provide published distribution reference: Lipej L., Turk R. in Makovec T. (2006): Endangered species and habitat types in the Slovenian sea. Zavod RS za varstvo narave, Ljubljana, 264 pp. There are no recent data on occurrence of this species in Slovenian sea.
2a	Summarise information on population size (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input checked="" type="checkbox"/> unclear <input type="checkbox"/>
2b	Summarise information on distribution (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input checked="" type="checkbox"/> unclear <input type="checkbox"/>
3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available): Research <input type="checkbox"/> Identification and establishment of protected areas <input type="checkbox"/> Monitoring <input type="checkbox"/> Education / awareness rising <input type="checkbox"/> Species protection <input type="checkbox"/> Control hunting / poaching <input type="checkbox"/> Species restoration <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other <input type="checkbox"/>
4	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? The species is considered locally extinct (best expert opinion of Tilen Genov, Society Morigenos), therefore none of the above mentioned actions were needed.
5	Describe any future activities that are planned for this species: None.

<i>Species name</i> – Common Name(s) <i>Balaenoptera physalus</i> – brazdasti kit	
1	Please provide published distribution reference: Lipej L., Turk R. in Makovec T. (2006): Endangered species and habitat types in the Slovenian sea. Zavod RS za varstvo narave, Ljubljana, 264 pp.
2a	Summarise information on population size (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input checked="" type="checkbox"/> unclear <input type="checkbox"/>
2b	Summarise information on distribution (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input checked="" type="checkbox"/> unclear <input type="checkbox"/>

3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available):
	Research <input type="checkbox"/> Identification and establishment of protected areas <input type="checkbox"/> Monitoring <input type="checkbox"/> Education / awareness rising <input type="checkbox"/> Species protection <input type="checkbox"/> Control hunting / poaching <input type="checkbox"/> Species restoration <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other <input type="checkbox"/>
4	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? The species is only occasionally present in Slovenian sea. Last record is from 2003, when a dead young female was washed up. Thus, none of the above mentioned actions were needed.
5	Describe any future activities that are planned for this species: None.

<i>Species name – Common Name(s)</i> <i>Megaptera novaeangliae</i> – kit grbavec	
1	Please provide published distribution reference: Genov, T., Kotnjek, P. & Lipej, L. 2009. New record of the humpback whale (<i>Megaptera novaeangliae</i>) in the Adriatic Sea. <i>Annales, Series Historia Naturalis</i> , 19(1), 25-30.
2a	Summarise information on population size (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input checked="" type="checkbox"/> unclear <input type="checkbox"/>
2b	Summarise information on distribution (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input checked="" type="checkbox"/> unclear <input type="checkbox"/>
3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available):
	Research <input type="checkbox"/> Identification and establishment of protected areas <input type="checkbox"/> Monitoring <input type="checkbox"/> Education / awareness rising <input type="checkbox"/> Species protection <input type="checkbox"/> Control hunting / poaching <input type="checkbox"/> Species restoration <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other <input type="checkbox"/>
4	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? The species is occurring very rarely on migration and therefore none of the above mentioned actions were considered needed.

5	Describe any future activities that are planned for this species: None.
---	--

Miscellaneous information or comments on Appendix I marine mammals in general:

3 MARINE TURTLES

3.1 General questions on Appendix I marine turtles

1	Is the taking of all Appendix I marine turtles prohibited by the national implementing legislation cited in Table I(a) (General Information)? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No If <i>other</i> legislation is relevant, please provide details:
1a	If the taking of Appendix I marine turtles is prohibited by law, have any exceptions been granted to the prohibition? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7)):
2	Identify any obstacles to migration that exist in relation to Appendix I marine turtles: By-catch <input checked="" type="checkbox"/> Pollution <input checked="" type="checkbox"/> Other threats to migration (please provide details) collisions with boats and ships
2a	What actions are being undertaken to overcome these obstacles? Raising public awareness on importance of marine turtles in nature. Exhibitions have been made, brochures were distributed among Slovenian people
2b	Please report on the progress / success of the actions taken. Cooperation among fishermen and competent institutions for nature conservations has been established. Turtles, that are caught in nets, are brought to Aquarium Piran on rehabilitation, than they are tagged and later released back to the sea.
2c	What assistance, if any, does your country require in order to overcome these obstacles? /
3	What are the major pressures on Appendix I marine turtles (transcending mere obstacles to migration)? Collection of eggs <input type="checkbox"/> Predation of eggs <input type="checkbox"/> Destruction of nesting beaches <input type="checkbox"/> Other (please specify)
3a	What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species of marine turtles beyond actions to prevent disruption to migrating behaviour? /
3b	Please report on the progress / success of the actions taken. /
3c	Describe any factors that may limit action being taken in this regard: /
3d	What assistance, if any, does your country require to overcome these factors? /

3.2 Questions on specific Appendix I marine turtles

In the following section, using the table format below, please fill in each Appendix I marine turtle species for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

<i>Species name – Common Name(s)</i> <i>Caretta caretta – glavata kareta</i>	
1	Please provide published distribution reference: Lipej L., Turk R. in Makovec T. (2006): Endangered species and habitat types in the Slovenian sea. Zavod RS za varstvo narave, Ljubljana, 264 pp.
2a	Summarise information on population size (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input checked="" type="checkbox"/> unclear <input type="checkbox"/>
2b	Summarise information on distribution (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input checked="" type="checkbox"/> unclear <input type="checkbox"/>
3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available): Research <input type="checkbox"/> Identification and establishment of protected areas <input type="checkbox"/> Monitoring <input type="checkbox"/> Education / awareness rising <input checked="" type="checkbox"/> Project "Ohranimo želvo v slovenskem morju", contact details: Institute of the Republic of Slovenia for Nature Conservation, Regional unit Piran, robert.turk@zrsvn.si Species protection <input type="checkbox"/> Control hunting / poaching <input type="checkbox"/> Species restoration <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other <input type="checkbox"/>
4	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
5	Describe any future activities that are planned for this species: The elaboration of a draft national action plan was prepared in 2008 but it's not adopted yet.

<i>Species name – Common Name(s)</i> <i>Chelonia mydas – orjaška črepaha</i>	
1	Please provide published distribution reference: This species hasn't been recorded in Slovenian sea so far. Tome S. (1999): Razred: Plazilci (Reptilia). In : Kryštufek B. & Janžekovič F.: Ključ za določanje vretenčarjev Slovenije. Ljubljana, DZS, 544 str.
2a	Summarise information on population size (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input checked="" type="checkbox"/> unclear <input type="checkbox"/>
2b	Summarise information on distribution (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input checked="" type="checkbox"/> unclear <input type="checkbox"/>

3	<p>Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available):</p> <p>Research <input type="checkbox"/></p> <p>Identification and establishment of protected areas <input type="checkbox"/></p> <p>Monitoring <input type="checkbox"/></p> <p>Education / awareness rising <input type="checkbox"/></p> <p>Species protection <input type="checkbox"/></p> <p>Control hunting / poaching <input type="checkbox"/></p> <p>Species restoration <input type="checkbox"/></p> <p>Habitat protection <input type="checkbox"/></p> <p>Habitat restoration <input type="checkbox"/></p> <p>Other <input type="checkbox"/></p>
4	<p>If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?</p> <p>This species hasn't been recorded in Slovenian sea, therefore none of the above mentioned actions were considered needed.</p>
5	<p>Describe any future activities that are planned for this species:</p> <p>/</p>

<i>Species name – Common Name(s) Dermochelys coriacea - orjaška usnjača</i>	
1	<p>Please provide published distribution reference: Lipej L., Turk R. in Makovec T. (2006): Endangered species and habitat types in the Slovenian sea. Zavod RS za varstvo narave, Ljubljana, 264 pp. So far it was recorded only two times in the year 2001.</p>
2a	<p>Summarise information on population size (if known):</p> <p>increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input checked="" type="checkbox"/> unclear <input type="checkbox"/></p>
2b	<p>Summarise information on distribution (if known):</p> <p>increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input checked="" type="checkbox"/> unclear <input type="checkbox"/></p>
3	<p>Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available):</p> <p>Research <input type="checkbox"/></p> <p>Identification and establishment of protected areas <input type="checkbox"/></p> <p>Monitoring <input type="checkbox"/></p> <p>Education / awareness rising <input type="checkbox"/></p> <p>Species protection <input type="checkbox"/></p> <p>Control hunting / poaching <input type="checkbox"/></p> <p>Species restoration <input type="checkbox"/></p> <p>Habitat protection <input type="checkbox"/></p> <p>Habitat restoration <input type="checkbox"/></p> <p>Other <input type="checkbox"/></p>
4	<p>If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?</p> <p>The species is occurring very rarely in Slovenian sea, therefore none of the above mentioned actions were needed.</p>

5	Describe any future activities that are planned for this species: /

4 TERRESTRIAL MAMMALS (OTHER THAN BATS)

4.1 General questions on Appendix I terrestrial mammals (other than bats)

1	Is the taking of all Appendix I terrestrial mammals (other than bats) prohibited by the national implementing legislation cited in Table I(a) (General Information)? <input type="checkbox"/> Yes <input type="checkbox"/> No If <i>other</i> legislation is relevant, please provide details:												
1a	If the taking of Appendix I terrestrial mammals (other than bats) is prohibited by law, have any exceptions been granted to the prohibition? <input type="checkbox"/> Yes <input type="checkbox"/> No If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7)):												
2	Identify any obstacles to migration that exist in relation to Appendix I terrestrial mammals (other than bats): <table style="width: 100%; border: none;"> <tr> <td style="width: 50%;">Lack of information <input type="checkbox"/></td> <td style="width: 50%;">By-catch <input type="checkbox"/></td> </tr> <tr> <td>Habitat fragmentation <input type="checkbox"/></td> <td>Electrocution <input type="checkbox"/></td> </tr> <tr> <td>Wind turbines <input type="checkbox"/></td> <td>Poaching <input type="checkbox"/></td> </tr> <tr> <td>Insufficient legislation <input type="checkbox"/></td> <td>Lack of trans-boundary management <input type="checkbox"/></td> </tr> <tr> <td>Poor communication amongst Range States <input type="checkbox"/></td> <td>Man-made barriers <input type="checkbox"/></td> </tr> <tr> <td>Climate change and drought <input type="checkbox"/></td> <td></td> </tr> </table> Other threats to migration (please provide details)	Lack of information <input type="checkbox"/>	By-catch <input type="checkbox"/>	Habitat fragmentation <input type="checkbox"/>	Electrocution <input type="checkbox"/>	Wind turbines <input type="checkbox"/>	Poaching <input type="checkbox"/>	Insufficient legislation <input type="checkbox"/>	Lack of trans-boundary management <input type="checkbox"/>	Poor communication amongst Range States <input type="checkbox"/>	Man-made barriers <input type="checkbox"/>	Climate change and drought <input type="checkbox"/>	
Lack of information <input type="checkbox"/>	By-catch <input type="checkbox"/>												
Habitat fragmentation <input type="checkbox"/>	Electrocution <input type="checkbox"/>												
Wind turbines <input type="checkbox"/>	Poaching <input type="checkbox"/>												
Insufficient legislation <input type="checkbox"/>	Lack of trans-boundary management <input type="checkbox"/>												
Poor communication amongst Range States <input type="checkbox"/>	Man-made barriers <input type="checkbox"/>												
Climate change and drought <input type="checkbox"/>													
2a	What actions are being undertaken to overcome these obstacles?												
2b	Please report on the progress / success of the actions taken.												
2c	What assistance, if any, does your country require in order to overcome these obstacles?												
3	What are the major threats to Appendix I terrestrial mammals (transcending mere obstacles to migration)? <table style="width: 100%; border: none;"> <tr> <td style="width: 33%;">Lack of information <input type="checkbox"/></td> <td style="width: 33%;">Habitat fragmentation <input type="checkbox"/></td> <td style="width: 33%;"></td> </tr> <tr> <td>Poaching <input type="checkbox"/></td> <td>Insufficient legislation <input type="checkbox"/></td> <td></td> </tr> <tr> <td>Illegal trade <input type="checkbox"/></td> <td>Other (please specify)</td> <td></td> </tr> </table>	Lack of information <input type="checkbox"/>	Habitat fragmentation <input type="checkbox"/>		Poaching <input type="checkbox"/>	Insufficient legislation <input type="checkbox"/>		Illegal trade <input type="checkbox"/>	Other (please specify)				
Lack of information <input type="checkbox"/>	Habitat fragmentation <input type="checkbox"/>												
Poaching <input type="checkbox"/>	Insufficient legislation <input type="checkbox"/>												
Illegal trade <input type="checkbox"/>	Other (please specify)												
3a	What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species of terrestrial mammal (other than bats) beyond actions to prevent disruption to migrating behaviour?												
3b	Please report on the progress / success of the actions taken.												
3c	Describe any factors which limit action being taken in this regard:												
3d	What assistance/measures, if any, does your country require to overcome these factors?												

4.2 Questions on specific Appendix I terrestrial mammals (other than bats)

In the following section, using the table format below, please fill in each Appendix I terrestrial mammal species (other than bats) for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

<i>Species name</i> – Common Name(s)	
1	Please provide published distribution reference:
2a	Summarise information on population size (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/>
2b	Summarise information on distribution (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/>
3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available): Research <input type="checkbox"/> Identification and establishment of protected areas <input type="checkbox"/> Monitoring <input type="checkbox"/> Education / awareness rising <input type="checkbox"/> Species protection <input type="checkbox"/> Control hunting / poaching <input type="checkbox"/> Species restoration <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other <input type="checkbox"/>
4	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
5	Describe any future activities that are planned for this species?

Miscellaneous information or comments on Appendix I terrestrial mammals (other than bats) in general:

Slovenia is not a range state for any of Appendix I mammal species.

5. BATS

5.1 General questions on Appendix I bats

1	Is the taking of all Appendix I bats prohibited by the national implementing legislation cited in Table I(a) (General Information)? <input type="checkbox"/> Yes <input type="checkbox"/> No If <i>other</i> legislation is relevant, please provide details:
1a	If the taking of Appendix I bats is prohibited by law, have any exceptions been granted to the prohibition? <input type="checkbox"/> Yes <input type="checkbox"/> No If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7)):
2	Identify any obstacles to migration that exist in relation to Appendix I bats: Vandalism of bat caves <input type="checkbox"/> Other threats to migration (please provide details):
2a	What actions are being undertaken to overcome these obstacles?
2b	Please report on the progress / success of the actions taken.
2c	What assistance, if any, does your country require in order to overcome these obstacles?
3	What are the major threats to Appendix I bats (transcending mere obstacles to migration)? Pollution <input type="checkbox"/> Habitat fragmentation and loss <input type="checkbox"/> Other (please specify)
3a	What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species of bats beyond actions to prevent disruption to migrating behaviour?
3b	Please report on the progress / success of the actions taken.
3c	Describe any factors that may limit action being taken in this regard:
3d	What assistance/measures, if any, does your country require to overcome these factors?

5.2 Questions on specific Appendix I bat species

In the following section, using the table format below, please fill in each Appendix I bat species for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

<i>Species name</i> – Common Name(s)	
1	Please provide published distribution reference:
2a	Summarise information on population size (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/>
2c	Summarise information on trends (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/>
2c	Summarise information on distribution (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/>
3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available): Research <input type="checkbox"/> Identification and establishment of protected areas <input type="checkbox"/> Monitoring <input type="checkbox"/> Education / awareness rising <input type="checkbox"/> Species protection <input type="checkbox"/> Control hunting / poaching <input type="checkbox"/> Species restoration <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other <input type="checkbox"/>
4	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
5	Describe any future activities that are planned for this species:

Miscellaneous information or comments on Appendix I terrestrial mammals (other than bats) in general:

Slovenia is not a range state for any of Appendix I mammal species.

6. OTHER TAXA

6.1 General questions on Appendix I species belonging to other taxa

1	Identify the Ministry, agency/department, or organisation responsible for leading actions relating to Appendix I listed species belonging to taxa not included in sections 1-5 above: Ministry of the Environment and Spatial Planning
2	Is the taking of all Appendix I species belonging to taxa not included in sections 1-5 above, prohibited by the national legislation listed as being implementing legislation in Table I(a) (General Information)? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No If <i>other</i> legislation is relevant, please provide details:
2a	If the taking of Appendix I species belonging to taxa not included in sections 1-5 above is prohibited by law, have any exceptions been granted to the prohibition? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7)):
3	Identify any obstacles to migration that exist in relation to Appendix I species belonging to taxa not included in sections 1-5 above: Lack of legislation <input type="checkbox"/> Other threats to migration (please provide details) by-catch (in the year 2000 two animals of species <i>Cetorhinus maximus</i> were caught in fishing nets)
3a	What actions are being undertaken to overcome these obstacles? None.
3b	Please report on the progress / success of the actions taken. /
3c	What assistance, if any, does your country require in order to overcome these obstacles? /
4	What are the major threats to Appendix I species belonging to taxa not included in sections 1-5 above (transcending mere obstacles to migration)? Other (please specify)
4a	What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species belonging to taxa not included in section 1-5 above beyond actions to prevent disruption to migrating behaviour? None.
4b	Please report on the progress / success of the actions taken. /
4c	Describe any factors that may limit action being taken in this regard: /
4d	What assistance, if any, does your country require to overcome these factors? /

6.2 Questions on specific Appendix I species belonging to other taxa

In the following section, using the table format below, please fill in each Appendix I species belonging to taxa not included in sections 1-5 above, for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

<i>Species name</i> – Common Name(s) Cetorhinus maximus – morski pes orjak	
1	Please provide published distribution reference: Lipej L., Turk R. in Makovec T. (2006): Endangered species and habitat types in the Slovenian sea. Zavod RS za varstvo narave, Ljubljana, 264 pp. Slovenia should be considered as a range state for the species (best expert opinion of L. Lipej, Nacionalni inštitut za biologijo, Morska biološka postaja)
2a	Summarise information on population size (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input checked="" type="checkbox"/> unclear <input type="checkbox"/> This species is very rare in Slovenian sea, but number of observations has increased in the last decades in Adriatic sea. The last data on occurrence of this species in Slovenian sea is from year 2009 (1 specimen observed).
2b	Summarise information on distribution (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input checked="" type="checkbox"/> unclear <input type="checkbox"/>
3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available): Research <input type="checkbox"/> Identification and establishment of protected areas <input type="checkbox"/> Monitoring <input type="checkbox"/> Education / awareness rising <input checked="" type="checkbox"/> scientific articles and articles in newspapers and magazines have been written Species protection <input type="checkbox"/> Control hunting / poaching <input type="checkbox"/> Species restoration <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other <input type="checkbox"/>
4	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? /
5	Describe any future activities that are planned for this species: /

<i>Species name – Common Name(s)</i> <i>Acipenser sturio – atlantski jeseter</i>	
1	Please provide published distribution reference: Lipej L., Turk R. in Makovec T. (2006): Endangered species and habitat types in the Slovenian sea. Zavod RS za varstvo narave, Ljubljana, 264 pp. There are no recent data on occurrence of this species in slovenian sea. Slovenia should be considered as a range state for the species (best expert opinion of Lovrenc Lipej, Nacionalni inštitut za biologijo, Morska biološka postaja)
2a	Summarise information on population size (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input checked="" type="checkbox"/> unclear <input type="checkbox"/> Probably decreasing. There are no recent data on occurrence of this species in slovenian sea, but it used to be very common.
2b	Summarise information on distribution (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input checked="" type="checkbox"/> unclear <input type="checkbox"/>
3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available): Research <input type="checkbox"/> Identification and establishment of protected areas <input type="checkbox"/> Monitoring <input type="checkbox"/> Education / awareness rising <input type="checkbox"/> Species protection <input type="checkbox"/> Control hunting / poaching <input type="checkbox"/> Species restoration <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other <input type="checkbox"/>
4	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? There are no recent data on occurrence of this species in Slovenian sea, therefore none of the above mentioned actions were considered needed.
5	Describe any future activities that are planned for this species: /

Miscellaneous information or comments on Appendix I bats in general: /

7 LISTING OF OTHER ENDANGERED MIGRATORY SPECIES IN APPENDIX I

1	<p>Is your country a Range State for any other endangered migratory species¹ not currently listed in Appendix I? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If Yes, please provide details: <i>Crex crex</i> (IUCN category: NT)</p> <p>N.B.: States in which a species occurs as a vagrant (i.e. not "on its normal migration route") should not be treated as Range States. Please refer to Article 1 of the Convention for clarification.</p>
1a	<p>Is your country taking any steps to propose listing any of these species? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, please provide details:</p>
1b	<p>What assistance/measures, if any, does your country require to initiate the listing of these species?</p>

¹ according to the latest IUCN red data list

III. Appendix II Species

1. INFORMATION ON APPENDIX II SPECIES

Information pertaining to the conservation of Appendix II species that are the object of CMS Agreements will have been provided in periodic Party reports to those instruments. It will suffice therefore to reference (below), and preferably append, a copy of the latest report that has been submitted to the Secretariat of each of the Agreement/MoUs to which your country is a Party.

WADDEN SEA SEALS (1991)

2. QUESTIONS ON CMS AGREEMENTS

2.1 Questions on the development of new CMS Agreements relating to birds

1	In the current reporting period, has your country initiated the development of any new CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II bird species? If Yes, what is the current state of development?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
2	In the current reporting period, has your country participated in the development of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II bird species? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
3	If your country has initiated or is participating in the development of a new Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development?	
4	Is the development of any CMS Agreement for birds, including Memoranda of Understanding, planned by your country in the foreseeable future? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No

2.2 Questions on the development of new CMS Agreements relating to marine mammals

1	In the current reporting period, has your country initiated the development of any new CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II marine mammal species? If Yes, what is the current state of development?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
2	In the current reporting period, has your country participated in the development of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II marine mammal species? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
3	If your country has initiated or is participating in the development of a new Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development?	
4	Is the development of any CMS Agreement for marine mammals, including Memoranda of Understanding, planned by your country in the foreseeable future? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No

2.3 Questions on the development of new CMS Agreements relating to marine turtles

1	In the current reporting period, has your country initiated the development of any new CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II marine turtles? If Yes, what is the current state of development?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
2	In the current reporting period, has your country participated in the development of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II marine turtles? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
3	If your country has initiated or is participating in the development of a new Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development?	
4	Is the development of any CMS Agreement for marine turtles, including Memoranda of Understanding, planned by your country in the foreseeable future? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No

2.4 Questions on the development of new CMS Agreements relating to terrestrial mammals (other than bats)

1	In the current reporting period, has your country initiated the development of any new CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II terrestrial mammal species (other than bats)? If Yes, what is the current state of development?	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
2	In the current reporting period, has your country participated in the development of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II terrestrial mammal species (other than bats)? If Yes, please provide details:	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
3	If your country has initiated or is participating in the development of a new Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development?		
4	Is the development of any CMS Agreement for terrestrial mammals (other than bats), including Memoranda of Understanding, planned by your country in the foreseeable future? If Yes, please provide details:	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No

2.5 Questions on the development of new CMS Agreements relating to bats

1	In the current reporting period, has your country initiated the development of any new CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II bat species? If Yes, what is the current state of development?	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
2	In the current reporting period, has your country participated in the development of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II bat species? If Yes, please provide details:	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
3	If your country has initiated or is participating in the development of a new Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development?		
4	Is the development of any CMS Agreement for bats, including Memoranda of Understanding, planned by your country in the future? If Yes, please provide details:	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No

2.6 QUESTIONS ON THE DEVELOPMENT OF NEW CMS AGREEMENTS RELATING TO OTHER TAXA

1	In the current reporting period, has your country initiated the development of any new CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II species belonging to taxa not included in sections 1-6 above? If Yes, what is the current state of development?	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
2	In the current reporting period, has your country participated in the development of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of species belonging to taxa not included in sections 1-6 above? If Yes, please provide details:	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
3	If your country has initiated or is participating in the development of a new Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development?		
4	Is the development of any CMS Agreement for other taxa, including Memoranda of Understanding, planned by your country in the foreseeable future? If Yes, please provide details:	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No

3. LISTING OF MIGRATORY SPECIES IN APPENDIX II

1	<p>Is your country a Range State for any migratory species that has an unfavourable conservation status, but is <u>not</u> currently listed in Appendix II and could benefit from the conclusion of an Agreement for its conservation? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If Yes, please provide details: <i>Lanius minor</i> (IUCN: LC), <i>Anthus campestris</i> (IUCN: LC), <i>Emberiza hortulana</i> (IUCN: LC) – all of these species have an unfavourable conservation status in Slovenia</p> <p>N.B.: States in which a species occurs as a vagrant (i.e. not "on its normal migration route") should not be treated as Range States. Please refer to Article 1 of the Convention for clarification.</p>
1a	<p>Is your country taking any steps to propose the listing of this/these species in Appendix II? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, please provide details:</p>
1b	<p>What assistance, if any, does your country require to initiate the listing of this/these species?</p>

IV. National and Regional Priorities

1	What priority does your country assign to the conservation and, where applicable, sustainable use of migratory species in comparison to other biodiversity-related issues	<input type="checkbox"/> Low <input checked="" type="checkbox"/> Medium <input type="checkbox"/> High
2	<p>Are migratory species and their habitats addressed by your country's national biodiversity strategy or action plan?</p> <p>If Yes, please indicate and briefly describe the extent to which it addresses the following issues:</p> <p><input type="checkbox"/> Conservation, sustainable use and/or restoration of migratory species</p> <p><input type="checkbox"/> Conservation, sustainable use and/or restoration of the habitats of migratory species, including protected areas</p> <p><input type="checkbox"/> Actions to prevent, reduce or control factors that are endangering or are likely to further endanger migratory species (e.g. alien invasive species or by-catch)</p> <p><input type="checkbox"/> Minimizing or eliminating barriers or obstacles to migration</p> <p><input type="checkbox"/> Research and monitoring of migratory species</p> <p><input type="checkbox"/> Transboundary co-operation</p>	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
3	Does the conservation of migratory species currently feature in any other national or regional policies/plans (apart from CMS Agreements)	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
If Yes, please provide details: Natura 2000 network, protected species		
3a	<p>Do these policies/plans cover the following areas (if Yes, please provide details):</p> <p>Yes No</p> <p><input checked="" type="checkbox"/> <input type="checkbox"/> Exploitation of natural resources (e.g. fisheries, hunting, etc.): Taking of specimens of protected species is forbidden, could be allowed if it is non-detrimental to the conservation status of the species, hunting plans must incorporate demands of protected species (enough prey, suitable habitat and it's protection etc.)</p> <p><input type="checkbox"/> <input checked="" type="checkbox"/> Economic development</p> <p><input checked="" type="checkbox"/> <input type="checkbox"/> Land-use planning: Planning of new development sites (industry, residential areas etc.) must incorporate demands and goals of protected areas</p> <p><input type="checkbox"/> <input checked="" type="checkbox"/> Pollution control</p> <p><input checked="" type="checkbox"/> <input type="checkbox"/> Designation and development of protected areas: Protected areas have incorporated also important habitats for migratory birds. Planning of new development sites (industry, residential areas etc.) must incorporate demands and goals of protected areas.</p> <p><input type="checkbox"/> <input checked="" type="checkbox"/> Development of ecological networks</p> <p><input checked="" type="checkbox"/> <input type="checkbox"/> Planning of power lines: Planning of new development sites (industry, residential areas etc.) must incorporate demands and goals of protected areas.</p> <p><input type="checkbox"/> <input checked="" type="checkbox"/> Planning of fences</p> <p><input checked="" type="checkbox"/> <input type="checkbox"/> Planning of dams: Planning of new development sites (industry, residential areas etc.) must incorporate demands and goals of protected areas</p> <p><input type="checkbox"/> <input type="checkbox"/> Other</p>	
4	<p>Results – please describe the positive outcomes of any actions taken</p> <p>Most of the development sites are outside protected areas. If they are in protected area they are not detrimental to the site. Without consideration of protected species and protected sites no plan for use of natural resources is accepted nor can be implemented.</p>	

V. Protected Areas

1	<p>Are migratory species taken into account in the selection, establishment and management of protected areas in your country? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If Yes, please provide details:</p> <p>Currently, we have two sites of international importance for waterbird species designated under the Ramsar Convention: Sečovlje salt pans (declared in 1993) and Lake Cerknica (declared in 2006). Slovenia ratified the Paris Protocol and Regina Amendments of this Convention in 2004 (OJ RS MP, 6/04).</p> <p>Article 4 of <i>EC Wild Birds Directive (79/409/EEC)</i> requires from Member States to establish Special Protection Areas (SPA) where these are an appropriate means of conserving Annex I and/or migratory bird species. This is implemented in the Republic of Slovenia through the Nature Conservation Act (ZON – UPB2, OJ RS 96/04) and governmental Decree on special conservation areas (OJ RS, 49/04). Migratory bird species are therefore taken into account in the selection of SPAs. Habitats Directive requires a similar procedure in establishing Sites of Community Interest (SCI), therefore migratory species other than birds are taken into account in selecting SCIs.</p> <p>Different levels of protection are given to SPAs and SCIs, depending on needs for protection. They are designated as nature reserves, regional parks or landscape parks. Basis for proactive conservation measures (e.g. agri-environmental schemes) are Ecologically Important Areas (EcoIA).</p> <p>The Nature Conservation Act (ZON – UPB2, OJ RS, 96/04) gives a framework for drafting management plans of parks (national, regional, landscape). It gives also a framework for the Natura 2000 management programme. Draft management plans for parks are prepared by park authorities (see section 3.5). Operational programme - Natura 2000 management programme was prepared by the Ministry of the Environment and Spatial Planning and adopted by the government in October 2007.</p> <p>Operational programme - Natura 2000 management programme determines measures and actions aimed at ensuring favourable conservation status of the majority of qualifying species for each SPA and SCI (http://www.natura2000.gov.si/uploads/tx_library/NATURA_2000-ANG-01.pdf). Therefore in management of Natura 2000 sites (SPAs and SCIs) migratory species are taken into account.</p> <p>Management plans for protected areas - parks (MP) were prepared or are in preparation for some protected areas:</p> <ol style="list-style-type: none"> 1. Landscape Park Sečovlje salt pans: MP is in the process of adoption by the Government. 2. SPA and Nature Reserve Škocjanski zatok: MP was approved by the Government on 30.8.2007, http://www.uradni-list.si/1/online.jsp?urlid=200783&ohid=91507 3. SPA Lake Cerknica: a part of Notranjska regional park, MP in preparation as part of Life project LIFE06NAT/SLO/000069 http://life.notranjski-park.si/cmsfiles/cf_630.pdf 4. Kozjansko Regional Park: MP in preparation by the regional park (http://www.kozjanski-park.si/) 5. Triglav National Park: MP in preparation by the national park (http://www.tnp.si/) 																						
1a	<p>Please identify the most important national sites for migratory species and their protection status: Sites of international importance designated for waterbirds (AEWA) are listed below:</p> <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="text-align: left;">Natura 2000 site</th> <th style="text-align: left;">Additional protection status</th> </tr> </thead> <tbody> <tr> <td><i>Breginjski Stol in Planja (Breginjski Stol and Planja)</i></td> <td></td> </tr> <tr> <td><i>Cerkniško jezero (Cerknica Lake)</i></td> <td><i>a part of Notranjska regional park, Ramsar site, SPA and SCI site, Ecologically important area, Natural heritage of national importance</i></td> </tr> <tr> <td><i>Drava (River Drava)</i></td> <td><i>Landscape park, SPA and SCI site, Ecologically important area, Natural heritage of national importance</i></td> </tr> <tr> <td><i>Dravinjska dolina (Dravinja valley)</i></td> <td></td> </tr> <tr> <td><i>Goričko</i></td> <td></td> </tr> <tr> <td><i>Kozjansko – Dobrava – Jovski</i></td> <td><i>Regional park, SPA site, Ecologically important area</i></td> </tr> <tr> <td><i>Krakovski gozd – Šentjernejsko polje (Krakovski Forest – Šentjernejsko polje)</i></td> <td></td> </tr> <tr> <td><i>Ljubljansko barje</i></td> <td></td> </tr> <tr> <td><i>Mura (River Mura)</i></td> <td></td> </tr> <tr> <td><i>Nanoščica – porečje (Nanoščica – basin)</i></td> <td></td> </tr> </tbody> </table>	Natura 2000 site	Additional protection status	<i>Breginjski Stol in Planja (Breginjski Stol and Planja)</i>		<i>Cerkniško jezero (Cerknica Lake)</i>	<i>a part of Notranjska regional park, Ramsar site, SPA and SCI site, Ecologically important area, Natural heritage of national importance</i>	<i>Drava (River Drava)</i>	<i>Landscape park, SPA and SCI site, Ecologically important area, Natural heritage of national importance</i>	<i>Dravinjska dolina (Dravinja valley)</i>		<i>Goričko</i>		<i>Kozjansko – Dobrava – Jovski</i>	<i>Regional park, SPA site, Ecologically important area</i>	<i>Krakovski gozd – Šentjernejsko polje (Krakovski Forest – Šentjernejsko polje)</i>		<i>Ljubljansko barje</i>		<i>Mura (River Mura)</i>		<i>Nanoščica – porečje (Nanoščica – basin)</i>

2	<p>Results – please describe the positive outcomes of any actions taken</p> <p>Management plans that include specific management for migratory species were prepared for Nature reserve Škocjanski zatok and Landscape park Sečovelje salt pans and adopted for Nature reserve Škocjanski zatok. In place is also management plan for The Škocjan caves Regional park.</p>	

VI. Policies on Satellite Telemetry

1	<p>In the current reporting period, has your country undertaken conservation/research projects that use satellite telemetry? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p style="text-align: center;"><input type="checkbox"/> In preparation <input type="checkbox"/> on-going <input type="checkbox"/> completed</p>
2	<p>Are any future conservation/research projects planned that will use satellite telemetry? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, please provide details (including the expected timeframe for these projects):</p> <p>If No, please explain any impediments or requirements in this regard: Not enough financial resources</p>
3	<p>Results – please describe the positive outcomes of any actions taken</p> <p>/</p>

VII. Membership

1	<p>Have actions been taken by your country to encourage non- Parties to join CMS and its related Agreements? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, please provide details. (In particular, describe actions taken to recruit the non-Parties that have been identified by the Standing Committee as high priorities for recruitment.)</p>
1a	<p>Identify the agency, department or organization responsible for leading on this action in your country: Ministry of the Environment and Spatial Planning</p>
2	<p>Results – please describe the positive outcomes of any actions taken /</p>

VIII. Global and National Importance of CMS

1	<p>Have actions been taken by your country to increase national, regional and/or global awareness of the relevance of CMS and its global importance in the context of biodiversity conservation? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If Yes, please provide details:</p>
2	<p>Identify the agency, department or organization responsible for leading on this action in your country: Ministry of the Environment and Spatial Planning</p>
3	<p>Results – please describe the positive outcomes of any actions taken /</p>

IX. Mobilization of Resources

1	<p>Has your country made financial resources available for conservation activities having direct benefits for migratory species in your country? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If Yes, please provide details (Indicate the migratory species that have benefited from these activities): All Appendix I species listed in chapter II</p>
2	<p>Has your country made voluntary contributions to the CMS Trust Fund to support requests from developing countries and countries with economies in transition? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, please provide details:</p>
3	<p>Has your country made other voluntary financial contributions to support conservation activities having direct benefits for migratory species in other countries (particularly developing countries)? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, please provide details (Indicate the migratory species that have benefited from these activities):</p>
4	<p>Has your country provided technical and/or scientific assistance to developing countries to facilitate initiatives for the benefit of migratory species? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, please provide details (Indicate the migratory species that have benefited from these activities):</p>
5	<p>Has your country received financial assistance/support from the CMS Trust Fund, via the CMS Secretariat, for national conservation activities having direct benefits for migratory species in your country? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, please provide details (Indicate the migratory species that have benefited from these activities):</p>
6	<p>Has your country received financial assistance/support from sources other than the CMS Secretariat for conservation activities having direct benefit for migratory species in your country? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, please provide details (Indicate the migratory species that have benefited from these activities):</p>

X. Implementation of COP Resolutions and Recommendations

Please provide information about measures undertaken by your country relating to recent Resolutions and Recommendations since the last Report. For your convenience please refer to the list of COP Resolutions and Recommendations listed below.

Resolutions

Resolution 6.2 – By-catch, and Recommendation 7.2 – Implementation of Resolution 6.2 on By-catch

National measures implemented when implementing the European Community fisheries legislation.

Resolution 6.3 – Southern Hemisphere Albatross Conservation

Not relevant for national measures.

Resolution 7.2 – Impact Assessment and Migratory Species

National measures implemented when implementing the European Community legislation on impact assessment and on conservation of wild birds and flora, fauna and habitats, which is fully transposed into Slovenian legislation.

Resolution 7.3 – Oil Pollution and Migratory Species

National measures implemented when implementing the European Community legislation on impact assessment and on conservation of wild birds and flora, fauna and habitats, which is fully transposed into Slovenian legislation.

Adopted EC marine legislation is being prepared for transposition in national legislation, taking into account implementation of measures in relation to this resolution.

Resolution 7.4 – Electrocutation of Migratory Birds

National measures implemented when implementing the European Community legislation on impact assessment and on conservation of wild birds and flora, fauna and habitats, which is fully transposed into Slovenian legislation.

Resolution 7.5 – Wind Turbines and Migratory Species

National measures implemented when implementing the European Community legislation on impact assessment and on conservation of wild birds and flora, fauna and habitats, which is fully transposed into Slovenian legislation.

Resolution 7.9 – Cooperation with Other Bodies and Processes

In its international engagement Slovenia was supporting positions for cooperation between the CMS and CBD, and between ACCOBAMS and IWC.

Resolution 7.15 – Future Action on the Antarctic Minke, Bryde's and Pygmy Right Whales under the Convention on Migratory Species

Not relevant for national measures.

Resolution 8.1 – Sustainable Use

Due to lack of resources not supported.

Resolution 8.2 – CMS Strategic Plan 2006-2011

Implementation of the Strategic plan supported on national level, where relevant or appropriate. Additional legislation has been put in place to achieve favourable conservation status of migratory species, and efforts started to force their implementation.

Resolution 8.5 - Implementation of Existing Agreements and Development of Future Agreements

National measures implemented are described above under the relevant species for which Slovenia is a range state.

Resolution 8.7 - Contribution of CMS in Achieving the 2010 Biodiversity Target

Not relevant for national measures (no operative paragraph addressed to Parties).

Resolution 8.9 - Review of GROMS (Global Register on Migratory Species)

Due to lack of resources not supported.

Resolution 8.11 - Co-operation with other Conventions

In its international engagement Slovenia was supporting positions for cooperation between the CMS and CBD, and between ACCOBAMS and IWC.

Resolution 8.13 - Climate Change and Migratory Species

General measures to adapt to climate change are being implemented.

Resolution 8.14 – By-Catch

National measures implemented when implementing the European Community fisheries legislation.

Resolution 8.22 - Adverse Human Induced Impacts on Cetaceans

National measures implemented when implementing the European Community legislation on conservation of flora, fauna and habitats, which is fully transposed into Slovenian legislation.

Resolution 8.24 - National Reports for the Eighth and Ninth Meetings of the Conference of the Parties

The report is submitted to the Secretariat.

Resolution 8.27 - Migratory Species and Highly Pathogenic Avian Influenza

National measures implemented.

Resolution 8.29 - Concerted Actions for Appendix I Species

Not relevant for national measures.

Resolution 9.1 – Concerted and Cooperative Actions

Not relevant for national measures.

Resolution 9.2 – Priorities for CMS Agreements

Steps towards preparation of signature of the MoU on the Conservation of Migratory

Birds of Prey in Africa and Eurasia have been made.

Resolution 9.3 – CMS Information Priorities

Slovenia promoted in the appropriate forums of other MEAs moves towards harmonisation of reporting procedures and methods.

Resolution 9.5 – Outreach and Communication Issues

Due to lack of financial resources not supported.

Resolution 9.7 – Climate Change Impacts on Migratory Species

General measures to adapt to climate change are being implemented.

Resolution 9.9 – Migratory Marine Species

Resolution 9.12 – Capacity Building Strategy

Because of lack of financial resources there was no financial support for the capacity building strategy.

Resolution 9.18 – By-catch

National measures implemented when implementing the European Community fisheries legislation.

Resolution 9.19 – Adverse Anthropogenic Marine/Ocean Noise Impacts on Cetaceans and other Biota

National measures implemented when implementing the European Community legislation on conservation of flora, fauna and habitats, which is fully transposed into Slovenian legislation.

Resolution 9.20 – the Saker Falcon

National measures continued to be implemented (limited possibilities of keeping these birds in captivity).

Recommendations

Recommendation 7.5 – Range State Agreement for Dugong (*Dugong dugon*) Conservation

Not relevant for national measures.

Recommendation 7.6 – Improving the Conservation Status of the Leatherback Turtle (*Dermochelys coriacea*)

Records of the species in Slovenian sea made publicly available.

Recommendation 7.7 – America Pacific Flyway Programme

Not relevant for national measures.

Recommendation 8.12 - Improving the conservation status of raptors and owls in the African Eurasian region

National measures implemented when implementing the European Community legislation on conservation of wild birds, which is fully transposed into Slovenian legislation.

Recommendation 8.16 – Migratory Sharks

National measures implemented are described above under the relevant species for which Slovenia is a range state.

Recommendation 8.17 – Marine Turtles

Not relevant for national measures.

Recommendation 8.23 - Central Eurasian and Aridland Mammals

Not relevant for national measures.

Recommendation 8.26 - Grassland Bird Species and their Habitats in Southern South America

Not relevant for national measures.

Recommendation 8.28 - Cooperative Actions for Appendix II Species

National measures implemented are described above under the relevant species for which Slovenia is a range state.

Recommendation 9.1 – Central Eurasian Aridland Mammals

Not relevant for national measures.

Recommendation 9.2 – Sahelo-Saharan Megafauna

Not relevant for national measures.

Recommendation 9.3 – Tigers and Other Asian Big Cats

Not relevant for national measures.

Recommendation 9.5 – Cooperative Action for the Elephant (*Loxodonta africana*) in Central Africa

Not relevant for national measures.

Other resolutions/recommendations:

Other remarks:

Annex: Updating Data on Appendix II Species

The tables below contain the list of all species listed in Appendix II.

New Parties which have acceded since COP9 in 2008 and Parties which did not submit a National Report in 2008 are requested to complete the entire form.

Parties that did submit a report in 2008 need only which information has changed (e.g. new published distribution references and details concerning species added to Appendix II at COP8 and COP9).

REMARK:

We have reported only data which has not been reported in the 2008 report or have been changed since then.

All species of each of the Families below are listed in Appendix II. If your country is a Range State for any of the species in these Families, please enter the species name in the first column, under the relevant Family heading. Please indicate (with a 'X') whether your country is a Range State or the species is extinct and, where appropriate, please provide published distribution references. (Space is provided for ten species in each Family. If additional lines are required, please attach the information as an annex).

Annex: Additional species of Accipitridae and Muscicapidae family, present in Slovenia

Species	Range State	Extinct	Published distribution reference
Order FALCONIFORMES, Family Accipitridae			
<i>Hieraaetus pennatus</i>	X		Božič, L. (2001a): Poročilo Nacionalne komisije za redkosti o opazovanju redkih vrst ptic za obdobje 1997-2000. <i>Acrocephalus</i> 22 (106-107): 109-113.
<i>Accipiter gentilis</i>	X		Geister, I. (1995): Ornitološki atlas Slovenije. DZS, Ljubljana.
<i>Accipiter nisus</i>	X		Geister, I. (1995): Ornitološki atlas Slovenije. DZS, Ljubljana.
<i>Buteo buteo</i>	X		Geister, I. (1995): Ornitološki atlas Slovenije. DZS, Ljubljana.
<i>Aquila chrysaetos</i>	X		Geister, I. (1995): Ornitološki atlas Slovenije. DZS, Ljubljana.
Order PASSERIFORMES, Family Muscicapidae			
<i>Monticola saxatilis</i>	X		Geister, I. (1995): Ornitološki atlas Slovenije. DZS, Ljubljana.
<i>Monticola solitarius</i>	X		Geister, I. (1995): Ornitološki atlas Slovenije. DZS, Ljubljana.
<i>Phoenicurus phoenicurus</i>	X		Geister, I. (1995): Ornitološki atlas Slovenije. DZS, Ljubljana.
<i>Phoenicurus ochruros</i>	X		Geister, I. (1995): Ornitološki atlas Slovenije. DZS, Ljubljana.
<i>Oenanthe oenanthe</i>	X		Geister, I. (1995): Ornitološki atlas Slovenije. DZS, Ljubljana.
<i>Oenanthe hispanica</i>	X		Geister, I. (1995): Ornitološki atlas Slovenije. DZS, Ljubljana.
<i>Sylvia atricapilla</i>	X		Geister, I. (1995): Ornitološki atlas Slovenije. DZS, Ljubljana.
<i>Sylvia borin</i>	X		Geister, I. (1995): Ornitološki atlas Slovenije. DZS, Ljubljana.
<i>Sylvia hortensis</i>	X		Geister, I. (1995): Ornitološki atlas Slovenije. DZS, Ljubljana.
<i>Sylvia curruca</i>	X		Geister, I. (1995): Ornitološki atlas Slovenije. DZS, Ljubljana.
<i>Sylvia nisoria</i>	X		Geister, I. (1995): Ornitološki atlas Slovenije. DZS, Ljubljana.
<i>Sylvia communis</i>	X		Geister, I. (1995): Ornitološki atlas Slovenije. DZS, Ljubljana.
<i>Sylvia cantillans</i>	X		Geister, I. (1995): Ornitološki atlas Slovenije. DZS, Ljubljana.
<i>Sylvia melanocephala</i>	X		Geister, I. (1995): Ornitološki atlas Slovenije. DZS, Ljubljana.
<i>Acrocephalus melanopogon</i>	X		Geister, I. (1995): Ornitološki atlas Slovenije. DZS, Ljubljana.
<i>Acrocephalus schoenobaenus</i>	X		Geister, I. (1995): Ornitološki atlas Slovenije. DZS, Ljubljana.
<i>Acrocephalus arundinaceus</i>	X		Geister, I. (1995): Ornitološki atlas Slovenije. DZS, Ljubljana.
<i>Acrocephalus scirpaceus</i>	X		Geister, I. (1995): Ornitološki atlas Slovenije. DZS, Ljubljana.
<i>Acrocephalus palustris</i>	X		Geister, I. (1995): Ornitološki atlas Slovenije. DZS, Ljubljana.
<i>Cettia cetti</i>	X		Geister, I. (1995): Ornitološki atlas Slovenije. DZS, Ljubljana.
<i>Locustella naevia</i>	X		Geister, I. (1995): Ornitološki atlas Slovenije. DZS, Ljubljana.

<i>Lacostella fluviatilis</i>	X		Geister, I. (1995): Ornitološki atlas Slovenije. DZS, Ljubljana.
<i>Locustella luscinioides</i>	X		Geister, I. (1995): Ornitološki atlas Slovenije. DZS, Ljubljana.
<i>Hippolais pallida</i>	X		Geister, I. (1995): Ornitološki atlas Slovenije. DZS, Ljubljana.
<i>Hippolais icterina</i>	X		Geister, I. (1995): Ornitološki atlas Slovenije. DZS, Ljubljana.
<i>Hippolais polyglotta</i>	X		Geister, I. (1995): Ornitološki atlas Slovenije. DZS, Ljubljana.
<i>Phylloscopus bonelli</i>	X		Geister, I. (1995): Ornitološki atlas Slovenije. DZS, Ljubljana.
<i>Phylloscopus sibilatrix</i>	X		Geister, I. (1995): Ornitološki atlas Slovenije. DZS, Ljubljana.
<i>Phylloscopus collybita</i>	X		Geister, I. (1995): Ornitološki atlas Slovenije. DZS, Ljubljana.
<i>Phylloscopus trochilus</i>	X		Geister, I. (1995): Ornitološki atlas Slovenije. DZS, Ljubljana.
<i>Regulus regulus</i>	X		Geister, I. (1995): Ornitološki atlas Slovenije. DZS, Ljubljana.
<i>Regulus ignicapillus</i>	X		Geister, I. (1995): Ornitološki atlas Slovenije. DZS, Ljubljana.

REMARKS

References from Geister (1995) refer to breeding populations (some of them also have wintering populations in Slovenia), references from Sovinc (1994) refer to wintering populations and references from Božič (2001b) refer to migratory and vagrant species. All migratory and vagrant species with ≥ 5 observations in Slovenia (Božič 2001b) are listed in the above table. Božič (2001b) does not contain distribution maps. According to the national Red list of endangered breeding bird species (OJ RS, no. 82/2002) the following species from the above table have become extinct since Ornithological atlas of Slovenia was published (Geister 1995): *Gyps fulvus* (occurs now only on migration), *Circus pygargus* (species is not mentioned as a breeder in Geister 1995), *Luscinia svecica* (occurs now only on migration, species is not mentioned as a breeder in Geister 1995), *Oenanthe hispanica*. According to the same Red list *Milvus milvus* is not considered a breeding species in Slovenia but is mentioned in Geister (1995) as a confirmed breeder on one location.
