

Convention on the Conservation of Migratory Species of Wild Animals

FORMAT FOR NATIONAL REPORT OF PARTIES ON THE IMPLEMENTATION OF THE CONVENTION ON THE CONSERVATION OF MIGRATORY SPECIES OF WILD ANIMALS

Reporting format agreed by the Standing Committee at its 32nd Meeting (Bonn, November 2007) for mandatory use by Parties, for reports submitted to the Tenth Meeting of the Conference of the Parties (COP10) (Norway, 2011).

The questions below combine elements of Resolution 4.1 (Party Reports) adopted by the Fourth Meeting of the Conference of the Parties (Nairobi, June 1994) and Resolution 6.4 (Strategic Plan for the Convention on Migratory Species 2000-2005), adopted by the Sixth Meeting of the Conference of the Parties (Cape Town, November 1999), the COP8 Strategic Plan 2006-2011 and Resolution 8.24 adopted by the Conference of the Parties (Nairobi 2005), as well as commitments arising from other operational Resolutions and Recommendations of the Conference of the Parties.

COP Resolution 9.4 adopted at Rome called upon the Secretariats and Parties of CMS Agreements to collaborate in the implementation and harmonization of online reporting implementation. If the development of an online reporting system advances sufficiently, Parties may have the option of reporting in this manner. There are however no guarantees at this stage that this will be the case.

Parties are encouraged to respond to all questions. Parties are also requested to provide comprehensive answers, including, where appropriate, a summary of activities, information on factors limiting action and details of any assistance required.

1.1 General questions on Appendix I bird species

1	Is the taking of all Appendix I bird species prohibited by the national implementing legislation cited in Table I(a) (General Information)? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No If <i>other</i> legislation is relevant, please provide details:
1a	If the taking of Appendix I bird species is prohibited by law, have any exceptions been granted to the prohibition? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7):
2	Identify any obstacles to migration that exist in relation to Appendix I bird species: By-catch <input type="checkbox"/> Electrocutation <input type="checkbox"/> Habitat destruction <input checked="" type="checkbox"/> Wind turbines <input type="checkbox"/> Pollution <input checked="" type="checkbox"/> Other (please provide details) Disturbance
2a	What actions are being undertaken to overcome these obstacles? At some sites revitalization of endangered habitats has been undertaken, like prohibition of planting non native poplar woods and drainage of wet meadows. It has been started with preliminary designation of potential Natura 2000 sites.
2b	Please report on the progress / success of the actions taken.
2c	What assistance, if any, does your country require in order to overcome these obstacles? Technical and financial support for relevant conservation actions and projects. More technical support and experience of other countries that already have wind turbines.
3	What are the major threats to Appendix I bird species (transcending mere obstacles to migration)? Illegal trade <input type="checkbox"/> Poaching <input checked="" type="checkbox"/> Other (please specify) Hunting of protected birds (<i>Anser erythropus</i>), disturbances at nest site (<i>Haliaeetus albicilla</i>), poisoning of birds' prey at feeding sites (<i>Aquila heliaca</i> , <i>Neophron percnopterus</i>), habitat destruction and pollution on breeding grounds (<i>Falco naumanni</i>), lack of appropriate nest site management (<i>Aythya nyroca</i> , <i>Haliaeetus albicilla</i>).
3a	What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger bird species beyond actions to prevent disruption to migrating behaviour? Additional legislation for more bird species.
3b	Please report on the progress / success of the actions taken.
3c	Describe any factors that may limit action being taken in this regard: Lack of stronger control of hunters during hunting season and lack of control of their own hunting quotes which are usually apart from real and scientific facts.
3d	What assistance, if any, does your country require to overcome these factors? Financial support for conservation projects and technical support for raising awareness of importance of migrating birds in order to prevent bycatch and pouching
