

# Convention on the Conservation of Migratory Species of Wild Animals

## FORMAT FOR NATIONAL REPORT OF PARTIES ON THE IMPLEMENTATION OF THE CONVENTION ON THE CONSERVATION OF MIGRATORY SPECIES OF WILD ANIMALS

**Reporting format agreed by the Standing Committee at its 32nd Meeting (Bonn, November 2007) for mandatory use by Parties, for reports submitted to the Ninth Meeting of the Conference of the Parties (COP9) (Rome, 2008).**

The questions below combine elements of Resolution 4.1 (Party Reports) adopted by the Fourth Meeting of the Conference of the Parties (Nairobi, June 1994) and Resolution 6.4 (Strategic Plan for the Convention on Migratory Species 2000-2005), adopted by the Sixth Meeting of the Conference of the Parties (Cape Town, November 1999), the COP8 Strategic Plan 2006-2011 and Resolution 8.24 adopted by the Conference of the Parties (Nairobi 2005), as well as commitments arising from other operational Resolutions and Recommendations of the Conference of the Parties.

Parties are encouraged to respond to all questions. Parties are also requested to provide comprehensive answers, including, where appropriate, a summary of activities, information on factors limiting action and details of any assistance required.

This document has been designed with semi-automated text-form fields. Please double click on the grey boxes to enter the field. You can then enter the required information. Continue to do so with each text-field or jump to the next field directly by using the tab key. Where checkboxes are available you might check these with a single click.

Please enter here the name of your country: **Republic of South Africa**

Which agency has been primarily responsible for the preparation of this report?

*Department of Environmental Affairs and Tourism*

Please list any other agencies that have provided input:

Ezemvelo KwaZulu-Natal Wildlife

Animal Demographic Unit (University of Cape Town)

Endangered Wildlife Trust

Nelson Mandela Metropolitan University

## I(a). General Information

Please enter the required information in the table below:

<b>Party</b>	
Date of entry into force of the Convention in [ <i>Republic of South Africa</i> ]	<b>1 December 1991</b>
Period covered	<b>2005 – 2008</b>
Territories to which the Convention applies	<b>Republic of South Africa</b>
<b>DESIGNATED NATIONAL FOCAL POINT</b>	
Full name of the institution	Department of Environmental Affairs and Tourism
Name and title of designated Focal Point	Dr GT Willemse, Deputy Director: Conservation Management
Mailing address	Private Bag X447 Pretoria 0001 South Africa
Telephone	(+27) 12 3103836
Fax	(+27) 12 3207026
E-mail	gwillemse@deat.gov.za
<b>APPOINTMENT TO THE SCIENTIFIC COUNCIL</b>	
Full name of the institution	Department of Environmental Affairs and Tourism
Name and title of contact officer	Dr GT Willemse, Deputy Director: Conservation Management
Mailing address	Private Bag X447 Pretoria 0001 South Africa
Telephone	(+27) 12 310 3836
Fax	(+27) 12 320 2844
E-mail	gwillemse@deat.gov.za
<b>SUBMISSION</b>	
Name and Signature of officer responsible for submitting national report	Name: Ms Wilma Lutsch, Director: Biodiversity Conservation Address: Private Bag X447 Pretoria 0001 South Africa Tel.: (+27) 12 310 3694 Fax: (+27) 12 320 2844 E-mail: wlutsch@deat.gov.za
Date of submission	<b>30 September 2008</b>
Membership of the Standing Committee (if applicable):	Name: Dr GT Willemse, Deputy Director: Conservation Management Address: Private Bag X447 Pretoria 0001 South Africa Tel.: (+27) 12 310 3836 Fax: (+27) 12 320 2844 E-mail: gwillemse@deat.gov.za
Competent Authority :	Department of Environmental Affairs and Tourism
Relevant implemented legislation:	The Sea-shore Act (Act no. 21 of 1935) The Water Act (Act no. 54 of 1956)

	<p>The Territorial Waters Act (Act no. 87 of 1963)  The Forest Act (Act no. 72 of 1968)  The National Monuments Act (Act no. 28 of 1969)  The Mountain Catchment Areas Act (Act no. 63 of 1970)  The Sea Birds and Seals Protection Act (Act no. 46 of 1973)  The Lake Areas Development Act (Act no. 39 of 1975)  The Conservation of Agricultural Resources Act (Act no. 43 of 1983)  The Environment Conservation Act (Act no. 73 of 1989)  The Physical Planning Act (Act no. 125 of 1991)  Sea-Shore Amendment Act (Act no. 190 of 1993)  Antarctic Treaties Act (Act no. 60 of 1996)  Marine Living Resources Act (Act no. 18 of 1998)  National Water Act (Act no. 36 of 1998)  National Forests Act (Act no. 84 of 1998)  National Veld and Forest Act (Act no. 101 of 1998)  National Environmental Management Act (Act no. 107 of 1998)  World Heritage Convention Act (Act no. 49 of 1999)  National Environmental Management: Protected Areas Act (Act no. 57 of 2003)  National Environmental Management: Biodiversity Act (Act no. 10 of 2004)</p>
<p>Other relevant Conventions/ Agreements (apart from CMS) to which <i>Republic of South Africa</i> is a Party:</p>	<p>International Convention for the Regulation of Whaling 1946 ("Whaling Convention")  Convention on Fishing and Conservation of the Living Resources of the High Seas 1958 ("High Seas Conservation Convention")  Convention on the High Seas 1958  Antarctic Treaty 1959  International Convention for the Conservation of Atlantic Tunas 1966 ("Atlantic Tuna Convention")  Convention on Wetlands of International Importance Especially as Waterfowl Habitat 1971 ("Ramsar Convention")  Convention for the Conservation of Antarctic Seals 1972 ("Antarctic Seals Convention")  Convention on International Trade in Endangered Species of Wild Fauna and Flora 1973 (CITES)  Convention on the Conservation of Antarctic Marine Living Resources 1980 (CCAMLR)  Convention on Biological Diversity 1992 (CBD)  The Agreement on the Conservation of African-Eurasian Migratory Waterbirds 1995 (AEWA)  Convention concerning the Protection of the World Cultural and Natural Heritage<sup>6</sup></p>
<p>National policy instruments (e.g. national biodiversity conservation strategy, etc.):</p>	<p>White paper on the Conservation and Sustainable use of South Africa's Biological Diversity (1997).  National Biodiversity Strategy and Action Plan (2005).</p>

1	<p>Which other government departments are involved in activities/initiatives for the conservation of migratory species in your country? (Please list.)</p> <p>National Department of Water Affairs and Forestry  Mpumalanga Province, Department of Agriculture and Land Management  Mpumalanga Tourism and Parks Agency  KwaZulu-Natal Province, Department of Agriculture and Environmental Affairs  Ezemvelo KwaZulu-Natal Wildlife  Limpopo Province, Department of Economic Development Environment and Tourism  Limpopo province Parks Board  Gauteng Province, Department of Agriculture Conservation and Environment  Eastern Cape Province, Department of Economic Affairs, Environment and Tourism  Cape Nature  Northern Cape Province, Department of Tourism, Environment and Conservation  South African National Biodiversity Institute  Free State Province, Department of Tourism Environmental and Economic Affairs  North West Province, Department of Agriculture Conservation and Environment  North West Province. Tourism and Parks Board  South African National Parks</p>
2	<p>If more than one government department is involved, describe the interaction/relationship between these government departments:</p> <p>The national department responsible for CMS is the Department of Environmental Affairs and Tourism. It cooperates with other national departments, provincial departments and conservation agencies on matters relating to CMS.</p>
3	<p>Has a national liaison system or committee been established in your country? Please provide contact information</p> <p><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>
4	<p>List the main non-governmental organizations actively involved in activities/initiatives for the conservation of migratory species in your country, and describe their involvement:</p> <p>WWF-South Africa and BirdLife South Africa have been actively involved in assessing the by-catch of marine species in longline fisheries and in developing mitigation measures to reduce this by-catch. They also have been educating fishers on the desirability of minimizing by-catch and contribute to the working group meetings of ACAP. The Percy FitzPatrick Institute for African Ornithology and the Animal Demography Unit at the University of Cape Town similarly made valuable input to ACAP.</p> <p>The Endangered Wildlife Trust manages the Blue Swallow Working Group (EWT-BSWG) which use the Blue Swallow as a flagship and ambassador for grassland and wetland conservation and the Birds of Prey Working Group (EWT-BoPWG) which uses raptors as flagships and ambassadors for the conservation of wetland, grassland, forest, fynbos, karoo and savanna conservation in South Africa.. The Working Groups provide a platform that brings together all the stakeholders relevant to the conservation of a specific species or suite of species. The stakeholders include national and provincial conservation agencies, other national and provincial government departments, private landowners, farmers, land managers, other NGO's and interested individuals. Involving all stakeholders in finding solutions to conservation problems results in better integration of the needs of the stakeholders along with conservation needs and results in the development and implementation of realistic practical long-term conservation solutions. The focus is therefore on team-work and integration of conservation and development.</p> <p>The Middelpunt Wetland Trust is an independent working group aimed at conserving the White-winged Flufftail and its wetland habitat.</p>
4a	<p>Please provide detail on any devolved government/overseas territory authorities involved.</p> <p>N/A</p>

5	<p>Describe any involvement of the private sector in the conservation of migratory species in your country:</p> <p>Irvin &amp; Johnson (a fishing company) has provided sponsorship for meetings on albatrosses and petrels and media publicity on the plight of these birds</p> <p>Many large businesses (e.g. SAPPI, SASOL, Rand Merchant Bank) in South Africa provide much of the funding for the Blue Swallow and Birds of Prey Working Group of the Endangered Wildlife Trust. What these businesses get in return is a positive public image and advertising by being associated with the conservation initiatives in South Africa. The Mazda Wildlife Fund (Samcor) sponsors vehicles for conservation projects on birds of prey in South Africa.</p>
6	<p>Note any interactions between these sectors in the conservation of migratory species in your country:</p> <p>Fishing companies work with government in developing measures to reduce the by-catch of seabirds.</p>

## I(b). Information about involved Authorities

**Identify the ministry, agency/department or organization that is responsible for leading actions relating to Appendix I species**

1	Birds	Department of Environmental Affairs and Tourism (Biodiversity and Conservation Branch) Endangered Wildlife Trust Birdlife South Africa Animal Demographic Unit (University of Cape Town)
2	Marine Mammals	Department of Environmental Affairs and Tourism (Marine Conservation Management Branch)
3	Marine Turtles	Department of Environmental Affairs and Tourism (Marine Conservation Management Branch)
4	Terrestrial Mammals	Department of Environmental Affairs and Tourism (Biodiversity and Conservation Branch) South African National Biodiversity Institute South African National Parks)
5	Bats	Endangered Wildlife Trust South African National Biodiversity Institute
6	Other Taxa	Department of Environmental Affairs and Tourism

## II. Appendix I species

### 1. BIRDS

#### 1.1 General questions on Appendix I bird species

1	<p>Is the taking of all Appendix I bird species prohibited by the national implementing legislation cited in Table I(a) (General Information)? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If <i>other</i> legislation is relevant, please provide details: Regulations on Threatened or Protected Species (TOPS) and provincial legislation (all indigenous species protected and permits required)</p>
1a	<p>If the taking of Appendix I bird species is prohibited by law, have any exceptions been granted to the prohibition? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7):</p>
2	<p>Identify any obstacles to migration that exist in relation to Appendix I bird species:</p> <p>By-catch <input checked="" type="checkbox"/>                      Electrocutation <input checked="" type="checkbox"/>  Habitat destruction <input checked="" type="checkbox"/>                      Wind turbines <input type="checkbox"/>  Pollution <input checked="" type="checkbox"/></p> <p>Other (please provide details)      Halo effect caused by telecommunication towers and island bases with night lighting in clouded or misty conditions that cause birds to fly into obstacles.</p>
2a	<p>What actions are being undertaken to overcome these obstacles?</p> <p>The provincial conservation agencies are ensuring that important and threatened biodiversity and its habitats are safeguarded through the development application processes (EIAs). In addition, national government sets quantitative targets with respect to the expansion of Protected Areas in RSA.</p> <p>Conditions to reduce the by-catch of animals in long-line fisheries have been included in permits issued to fishing vessels. NGO rehabilitation centres for (particularly oiled) seabirds have been established and issued with permits to operate. Blinds are required on window at Marion Island at night to minimize bird strikes.</p>
2b	<p>Please report on the progress / success of the actions taken.</p> <p>Memoranda of Understanding have been put in place between provincial conservation authorities and the provincial Departments dealing with environmental affairs. This is to ensure that decision making with respect to development applications does not compromise important biodiversity in provinces. Ezemvelo KZN Wildlife and Cape Nature have developed and staffed a Stewardship team to formalise conservation as a landuse on private and communally owned land in KZN and Western Cape.</p>
2c	<p>What assistance, if any, does your country require in order to overcome these obstacles?</p> <p>Funding for migratory species research and training and employment of ornithologists in the provincial Nature Conservation departments.</p>
3	<p>What are the major threats to Appendix I bird species (transcending mere obstacles to migration)?</p> <p>Illegal trade <input type="checkbox"/>                      Poaching <input type="checkbox"/>  Other (please specify)      habitat loss</p>
3a	<p>What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger bird species beyond actions to prevent disruption to migrating behaviour?</p> <p>Development of a Stewardship Branch in Ezemvelo KwaZulu-Natal Wildlife. In addition to listing new Ramsar Sites and the development of single species action plans e.g. Blue Swallow and White-winged Flufftail.</p> <p>South Africa is implementing an ecosystem approach to fisheries (EAF) that takes particular cognisance of by-catch issues and competition between fisheries and marine animals for food. In 2008, purse-seine fishing was excluded within a 20-km radius of Dassen Island, the world's most important colony of African Penguins.</p>
3b	<p>Please report on the progress / success of the actions taken.</p> <p>Designation of Makuleke wetlands and Prince Edward and Marion Islands as Ramsar sites and designation of two new sites (Ntsikeni and Wakkerstroom) in progress.</p>

3c	Describe any factors that may limit action being taken in this regard: Shortage of ornithologists in conservation agencies (understaffing)
3d	What assistance, if any, does your country require to overcome these factors? Financial assistance for the development of site and single species management plans.

## 1.2 Questions on specific Appendix I bird species

In the following section, using the table format below, please fill in each Appendix I bird species for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

<i>Hirundo atrocaerulea</i> – Common Name(s) Blue Swallow	
1	Please provide published distribution reference: Wakelin, J., and Hill, T.R. (2007). The impact of land transformation on breeding blue swallows <i>Hirundo atrocaerulea</i> Sundevall in KwaZulu-Natal, South Africa. <i>Journal for Nature Cons.</i> 15 (2007) 245-255.
2a	Summarise information on population size (if known): increasing <input type="checkbox"/> decreasing <input checked="" type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/>
2b	Summarise information on distribution (if known): increasing <input type="checkbox"/> decreasing <input checked="" type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/>
3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available): Research <input checked="" type="checkbox"/> Wakelin, J., and Hill, T.R. (2007). The impact of land transformation on breeding blue swallows <i>Hirundo atrocaerulea</i> Sundevall in KwaZulu-Natal, South Africa. <i>Journal for Nature Cons.</i> 15 (2007) 245-255; Isotope investigations into the migratory paths of the Blue Swallow as an intra-African migrant (in process); Micro-satellite investigations into the Blue Swallow to investigate the breeding biology of the species (in process) Identification and establishment of protected areas <input checked="" type="checkbox"/> Roselands Private Nature Reserve in KZN Monitoring <input checked="" type="checkbox"/> Annual species monitoring Education/awareness rising <input checked="" type="checkbox"/> Annual farmers days and species workshops. Species protection <input type="checkbox"/> Control hunting / poaching <input type="checkbox"/> Species restoration <input type="checkbox"/> Habitat protection <input checked="" type="checkbox"/> Roselands Habitat restoration <input type="checkbox"/> Other <input type="checkbox"/>
4	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? N/A
5	Describe any future activities that are planned for this species: Complete current research and document the findings. Propose 2 additional private Nature Reserves for inclusion into the KZN Stewardship Programme.
<i>Sarothrura ayresi</i> – Common Name(s) White-winged Flufftail	
1	Please provide published distribution reference: International Single Species Action Plan for the Conservation of the White-winged Flufftail <i>Sarothrura ayresi</i> (In progress, due for completion end of August 2008)
2a	Summarise information on population size (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input checked="" type="checkbox"/>
2b	Summarise information on distribution (if known):

	increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input checked="" type="checkbox"/> Population extremely small, estimated at approximately 230 individuals.
3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available): Research <input type="checkbox"/> Identification and establishment of protected areas <input type="checkbox"/> Monitoring <input type="checkbox"/> Education/awareness rising <input type="checkbox"/> Species protection <input type="checkbox"/> Control hunting / poaching <input type="checkbox"/> Species restoration <input checked="" type="checkbox"/> The development of a single species conservation and action plan to deal with the restoration of the White-winged Flufftail. Habitat protection <input checked="" type="checkbox"/> As above Habitat restoration <input checked="" type="checkbox"/> As above Other <input type="checkbox"/>
4	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? N/A
5	Describe any future activities that are planned for this species: Intensive field work in KZN and Free State to better understand the species distribution and use of available habitat.

Miscellaneous information or comments on Appendix I birds in general: N/A
------------------------------------------------------------------------------

## 2. MARINE MAMMALS

### 2.1 General questions on Appendix I marine mammals

1	<p>Is the taking of all Appendix I marine mammals prohibited by the national implementing legislation cited in Table I(a) (General Information)? <span style="float: right;"><input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</span></p> <p>If <i>other</i> legislation is relevant, please provide details: <b>Regulations on Threatened or Protected Species</b></p>
1a	<p>If the taking of Appendix I marine mammals is prohibited by law, have any exceptions been granted to the prohibition? <span style="float: right;"><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</span></p> <p>If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7)): N/A</p>
2	<p>Identify any obstacles to migration that exist in relation to Appendix I marine mammals:</p> <p>By-catch <input type="checkbox"/> Collision with fishing traffic <input checked="" type="checkbox"/></p> <p>Pollution <input type="checkbox"/> Illegal hunting <input type="checkbox"/></p> <p>Other threats to migration (please provide details)</p>
2a	<p>What actions are being undertaken to overcome these obstacles?</p> <p>None</p>
2b	<p>Please report on the progress / success of the actions taken.</p> <p>none</p>
2c	<p>What assistance, if any, does your country require in order to overcome these obstacles?</p> <p>N/A</p>
3	<p>What are the major pressures on Appendix I marine mammal species (transcending mere obstacles to migration)?</p> <p>Pollution <input type="checkbox"/> By-catch <input type="checkbox"/></p> <p>Other (please specify)</p>
3a	<p>What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species of marine mammal beyond actions to prevent disruption to migrating behaviour?</p>
3b	<p>Please report on the progress / success of the actions taken.</p>
3c	<p>Describe any factors that may limit action being taken in this regard:</p>
3d	<p>What assistance, if any, does your country require to overcome these factors?</p>

## 2.2 Questions on specific Appendix I marine mammals

In the following section, using the table format below, please fill in each Appendix I marine mammal species for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

<i>Species name</i> – Common Name(s) N/A	
1	Please provide published distribution reference:
2a	Summarise information on population size (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/>
2b	Summarise information on distribution (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/>
3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available): Research <input type="checkbox"/> Identification and establishment of protected areas <input type="checkbox"/> Monitoring <input type="checkbox"/> Education / awareness rising <input type="checkbox"/> Species protection <input type="checkbox"/> Control hunting / poaching <input type="checkbox"/> Species restoration <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other <input type="checkbox"/>
4	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
5	Describe any future activities that are planned for this species:

### 3 MARINE TURTLES

#### 3.1 General questions on Appendix I marine turtles

1	<p>Is the taking of all Appendix I marine turtles prohibited by the national implementing legislation cited in Table I(a) (General Information)? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If <i>other</i> legislation is relevant, please provide details: <b>Regulations on threatened or protected species</b></p>
1a	<p>If the taking of Appendix I marine turtles is prohibited by law, have any exceptions been granted to the prohibition? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7)):</p>
2	<p>Identify any obstacles to migration that exist in relation to Appendix I marine turtles:</p> <p>By-catch <input checked="" type="checkbox"/> Pollution <input type="checkbox"/></p> <p>Other threats to migration (please provide details) Two potential sources of mortality outside of SA EEZ has been identified. 1) Suspected incidental mortality (boatstrikes/drowning?) off Namibia (id through strandings); 2) Artisanal harvesting along the east African coast (id through tag returns).</p>
2a	<p>What actions are being undertaken to overcome these obstacles?</p> <p>1) Informal discussions with Namibian fisheries department to obtain more information; 2) Participation in regional workshops/conferences etc.</p>
2b	<p>Please report on the progress / success of the actions taken.</p> <p>Limited</p>
2c	<p>What assistance, if any, does your country require in order to overcome these obstacles?</p> <p>International Cooperation and implementation of regional Conservation Management Plans drafted by each of the two turtle MoUs.</p>
3	<p>What are the major pressures on Appendix I marine turtles (transcending mere obstacles to migration)?</p> <p>Collection of eggs <input type="checkbox"/> Predation of eggs <input type="checkbox"/></p> <p>Destruction of nesting beaches <input type="checkbox"/></p> <p>Other (please specify) Climate change</p>
3a	<p>What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species of marine turtles beyond actions to prevent disruption to migrating behaviour?</p> <p>Research has been initiated to determine the sensitivity of the South African nesting populations to climate change.</p>
3b	<p>Please report on the progress / success of the actions taken.</p> <p>None to date</p>
3c	<p>Describe any factors that may limit action being taken in this regard:</p> <p>None</p>
3d	<p>What assistance, if any, does your country require to overcome these factors?</p> <p>N/A</p>

### 3.2 Questions on specific Appendix I marine turtles

In the following section, using the table format below, please fill in each Appendix I marine turtle species for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

<i>Dermochelys coriacea</i> – Common Name(s) Leatherback turtle																															
1	Please provide published distribution reference: LUSCHI, P., J.R.E. LUTJEHARMS, P. LAMBARDI, R. MENCACCI, G.R. HUGHES AND G.C. HAYS. 2006. A review of migratory behaviour of sea turtles off south-eastern Africa.																														
2a	Summarise information on population size (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input checked="" type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/>																														
2b	Summarise information on distribution (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input checked="" type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/>																														
3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available): <table style="width: 100%; border-collapse: collapse;"> <tr> <td style="width: 50%;">Research</td> <td style="width: 10%; text-align: center;"><input checked="" type="checkbox"/></td> <td style="width: 40%;">Several Projects - Nelson Mandela Metropolitan University + Marine &amp; Coastal Management</td> </tr> <tr> <td>Identification and establishment of protected areas</td> <td style="text-align: center;"><input checked="" type="checkbox"/></td> <td>iSimangaliso Wetland Park - World Heritage Site</td> </tr> <tr> <td>Monitoring</td> <td style="text-align: center;"><input checked="" type="checkbox"/></td> <td>Ezemvelo KwaZulu-Natal Wildlife since 1963</td> </tr> <tr> <td>Education / awareness rising</td> <td style="text-align: center;"><input checked="" type="checkbox"/></td> <td>Public talks &amp; Schools around the World Heritage Site</td> </tr> <tr> <td>Species protection</td> <td style="text-align: center;"><input checked="" type="checkbox"/></td> <td>Physical beach patrols during nesting season</td> </tr> <tr> <td>Control hunting / poaching</td> <td style="text-align: center;"><input checked="" type="checkbox"/></td> <td>Physical beach patrols during nesting season</td> </tr> <tr> <td>Species restoration</td> <td style="text-align: center;"><input type="checkbox"/></td> <td></td> </tr> <tr> <td>Habitat protection with strict regulation of activities or development.</td> <td style="text-align: center;"><input checked="" type="checkbox"/></td> <td>Nesting and feeding habitats in protected areas,</td> </tr> <tr> <td>Habitat restoration</td> <td style="text-align: center;"><input type="checkbox"/></td> <td></td> </tr> <tr> <td>Other</td> <td style="text-align: center;"><input type="checkbox"/></td> <td></td> </tr> </table>	Research	<input checked="" type="checkbox"/>	Several Projects - Nelson Mandela Metropolitan University + Marine & Coastal Management	Identification and establishment of protected areas	<input checked="" type="checkbox"/>	iSimangaliso Wetland Park - World Heritage Site	Monitoring	<input checked="" type="checkbox"/>	Ezemvelo KwaZulu-Natal Wildlife since 1963	Education / awareness rising	<input checked="" type="checkbox"/>	Public talks & Schools around the World Heritage Site	Species protection	<input checked="" type="checkbox"/>	Physical beach patrols during nesting season	Control hunting / poaching	<input checked="" type="checkbox"/>	Physical beach patrols during nesting season	Species restoration	<input type="checkbox"/>		Habitat protection with strict regulation of activities or development.	<input checked="" type="checkbox"/>	Nesting and feeding habitats in protected areas,	Habitat restoration	<input type="checkbox"/>		Other	<input type="checkbox"/>

## 4 TERRESTRIAL MAMMALS (OTHER THAN BATS) N/A

### 4.1 General questions on Appendix I terrestrial mammals (other than bats)

1	Is the taking of all Appendix I terrestrial mammals (other than bats) prohibited by the national implementing legislation cited in Table I(a) (General Information)? If <i>other</i> legislation is relevant, please provide details: TOPS	<input type="checkbox"/> Yes	<input type="checkbox"/> No
1a	If the taking of Appendix I terrestrial mammals (other than bats) is prohibited by law, have any exceptions been granted to the prohibition? If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7)):	<input type="checkbox"/> Yes	<input type="checkbox"/> No
2	Identify any obstacles to migration that exist in relation to Appendix I terrestrial mammals (other than bats):		
	Lack of information <input type="checkbox"/>	By-catch <input type="checkbox"/>	
	Habitat fragmentation <input type="checkbox"/>	Electrocution <input type="checkbox"/>	
	Wind turbines <input type="checkbox"/>	Poaching <input type="checkbox"/>	
	Insufficient legislation <input type="checkbox"/>	Lack of trans-boundary management <input type="checkbox"/>	
	Poor communication amongst Range States <input type="checkbox"/>	Man-made barriers <input type="checkbox"/>	
	Climate change and drought <input type="checkbox"/>		
	Other threats to migration (please provide details)		
2a	What actions are being undertaken to overcome these obstacles?		
2b	Please report on the progress / success of the actions taken.		
2c	What assistance, if any, does your country require in order to overcome these obstacles?		
3	What are the major threats to Appendix I terrestrial mammals (transcending mere obstacles to migration)?		
	Lack of information <input type="checkbox"/>	Habitat fragmentation <input type="checkbox"/>	
	Poaching <input type="checkbox"/>	Insufficient legislation <input type="checkbox"/>	
	Illegal trade <input type="checkbox"/>	Other (please specify)	
3a	What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species of terrestrial mammal (other than bats) beyond actions to prevent disruption to migrating behaviour?		
3b	Please report on the progress / success of the actions taken.		
3c	Describe any factors which limit action being taken in this regard:		
3d	What assistance/measures, if any, does your country require to overcome these factors?		

## 4.2 Questions on specific Appendix I terrestrial mammals (other than bats)

In the following section, using the table format below, please fill in each Appendix I terrestrial mammal species (other than bats) for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

<i>Species name</i> – Common Name(s) N/A	
1	Please provide published distribution reference:
2a	Summarise information on population size (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/>
2b	Summarise information on distribution (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/>
3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available): Research <input type="checkbox"/> Identification and establishment of protected areas <input type="checkbox"/> Monitoring <input type="checkbox"/> Education / awareness rising <input type="checkbox"/> Species protection <input type="checkbox"/> Control hunting / poaching <input type="checkbox"/> Species restoration <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other <input type="checkbox"/>
4	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
5	Describe any future activities that are planned for this species?

Miscellaneous information or comments on Appendix I terrestrial mammals (other than bats) in general:

## 5. BATS **N/A**

### 5.1 General questions on Appendix I bats

1	Is the taking of all Appendix I bats prohibited by the national implementing legislation cited in Table I(a) (General Information)? If <i>other</i> legislation is relevant, please provide details:	<input type="checkbox"/> Yes <input type="checkbox"/> No
1a	If the taking of Appendix I bats is prohibited by law, have any exceptions been granted to the prohibition? If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7)):	<input type="checkbox"/> Yes <input type="checkbox"/> No
2	Identify any obstacles to migration that exist in relation to Appendix I bats: Vandalism of bat caves <input type="checkbox"/> Other threats to migration (please provide details)	
2a	What actions are being undertaken to overcome these obstacles?	
2b	Please report on the progress / success of the actions taken.	
2c	What assistance, if any, does your country require in order to overcome these obstacles?	
3	What are the major threats to Appendix I bats (transcending mere obstacles to migration)? Pollution <input type="checkbox"/> Habitat fragmentation and loss <input type="checkbox"/> Other (please specify)	
3a	What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species of bats beyond actions to prevent disruption to migrating behaviour?	
3b	Please report on the progress / success of the actions taken.	
3c	Describe any factors that may limit action being taken in this regard:	
3d	What assistance/measures, if any, does your country require to overcome these factors?	

## 5.2 Questions on specific Appendix I bat species

In the following section, using the table format below, please fill in each Appendix I bat species for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

<i>Species name</i> – Common Name(s) N/A	
1	Please provide published distribution reference:
2a	Summarise information on population size (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/>
2c	Summarise information on trends (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/>
2c	Summarise information on distribution (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/>
3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available):  Research <input type="checkbox"/> Identification and establishment of protected areas <input type="checkbox"/> Monitoring <input type="checkbox"/> Education / awareness rising <input type="checkbox"/> Species protection <input type="checkbox"/> Control hunting / poaching <input type="checkbox"/> Species restoration <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other <input type="checkbox"/>
4	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
5	Describe any future activities that are planned for this species:

Miscellaneous information or comments on Appendix I terrestrial mammals (other than bats) in general:

## 6. OTHER TAXA **N/A**

### 6.1 General questions on Appendix I species belonging to other taxa

1	Identify the Ministry, agency/department, or organisation responsible for leading actions relating to Appendix I listed species belonging to taxa not included in sections 1-5 above: N/A
2	Is the taking of all Appendix I species belonging to taxa not included in sections 1-5 above, prohibited by the national legislation listed as being implementing legislation in Table I(a) (General Information)? <span style="float: right;"><input type="checkbox"/> Yes <input type="checkbox"/> No</span> If <i>other</i> legislation is relevant, please provide details:
2a	If the taking of Appendix I species belonging to taxa not included in sections 1-5 above is prohibited by law, have any exceptions been granted to the prohibition? <span style="float: right;"><input type="checkbox"/> Yes <input type="checkbox"/> No</span> If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7)):
3	Identify any obstacles to migration that exist in relation to Appendix I species belonging to taxa not included in sections 1-5 above: Lack of legislation <input type="checkbox"/> Other threats to migration (please provide details)
3a	What actions are being undertaken to overcome these obstacles?
3b	Please report on the progress / success of the actions taken.
3c	What assistance, if any, does your country require in order to overcome these obstacles?
4	What are the major threats to Appendix I species belonging to taxa not included in sections 1-5 above (transcending mere obstacles to migration)? Other (please specify)
4a	What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species belonging to taxa not included in section 1-5 above beyond actions to prevent disruption to migrating behaviour?
4b	Please report on the progress / success of the actions taken.
4c	Describe any factors that may limit action being taken in this regard:
4d	What assistance, if any, does your country require to overcome these factors?

## 6.2 Questions on specific Appendix I species belonging to other taxa

**In the following section, using the table format below, please fill in each Appendix I species belonging to taxa not included in sections 1-5 above, for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)**

<i>Species name</i> – Common Name(s) N/A	
1	Please provide published distribution reference:
2a	Summarise information on population size (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/>
2b	Summarise information on distribution (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/>
3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available):  Research <input type="checkbox"/> Identification and establishment of protected areas <input type="checkbox"/> Monitoring <input type="checkbox"/> Education / awareness rising <input type="checkbox"/> Species protection <input type="checkbox"/> Control hunting / poaching <input type="checkbox"/> Species restoration <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other <input type="checkbox"/>
4	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
5	Describe any future activities that are planned for this species:

Miscellaneous information or comments on Appendix I bats in general:

## 7 LISTING OF OTHER ENDANGERED MIGRATORY SPECIES IN APPENDIX I

1	<p>Is your country a Range State for any other endangered migratory species<sup>1</sup> not currently listed in Appendix I? <span style="float: right;"><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</span></p> <p>If Yes, please provide details</p> <p>N.B.: States in which a species occurs as a vagrant (i.e. not "on its normal migration route") should not be treated as Range States. Please refer to Article 1 of the Convention for clarification.</p>
1a	<p>Is your country taking any steps to propose listing any of these species? <span style="float: right;"><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</span></p> <p>If Yes, please provide details:</p>
1b	<p>What assistance/measures, if any, does your country require to initiate the listing of these species?</p> <p>N/A</p>

<sup>1</sup> according to the latest IUCN red data list

### III. Appendix II Species

#### 1. INFORMATION ON APPENDIX II SPECIES

Information pertaining to the conservation of Appendix II species that are the object of CMS Agreements will have been provided in periodic Party reports to those instruments. It will suffice therefore to reference (below), and preferably append, a copy of the latest report that has been submitted to the Secretariat of each of the Agreement/MoUs to which your country is a Party.

<b>WADDEN SEA SEALS (1991)</b>	
Date of last report:	Period covered:
<b>SIBERIAN CRANE MoU (1993/1999)</b>	
Date of last report:	Period covered:
<b>EUROBATS (1994)</b>	
Date of last report:	Period covered:
<b>ASCOBANS (1994)</b>	
Date of last report:	Period covered:
<b>SLENDER-BILLED CURLEW MoU (1994)</b>	
Date of last report:	Period covered:
<b>MARINE TURTLES – AFRICA MoU (1999)</b>	
Date of last report: None	Period covered: Template still under development.
<b>AEWA (1999)</b>	
Date of last report: 2008	Period covered: 2005-2008
<b>ACCOBAMS (2001)</b>	
Date of last report:	Period covered:
<b>GREAT BUSTARD MoU (2001)</b>	
Date of last report:	Period covered:
<b>MARINE TURTLES – INDIAN OCEAN / SOUTHEAST ASIA MoU (2001)</b>	
Date of last report: 2008	Period covered: 2004-2006
<b>ALBATROSSES AND PETRELS (2001)</b>	
Date of last report: 2008	Period covered: 2006-2008
<b>BUKHARA DEER MoU (2002)</b>	
Date of last report:	Period covered:
<b>AQUATIC WARBLER MoU (2003)</b>	
Date of last report:	Period covered:
<b>AFRICAN ELEPHANT MoU (2005)</b>	
Date of last report:	Period covered:
<b>PACIFIC ISLANDS CETACEANS (2006)</b>	
Date of last report:	Period covered:
<b>MEDITERRANEAN MONK SEAL (2007)</b>	
Date of last report:	Period covered:

## 2. QUESTIONS ON CMS AGREEMENTS

### 2.1 Questions on the development of new CMS Agreements relating to birds

1	In the current reporting period, has your country <b>initiated</b> the development of any new CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II bird species? If Yes, what is the current state of development?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
2	In the current reporting period, has your country <b>participated</b> in the development of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II bird species? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
3	If your country has initiated or is participating in the development of a new Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development? N/A	
4	Is the development of any CMS Agreement for birds, including Memoranda of Understanding, planned by your country in the foreseeable future? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No

### 2.2 Questions on the development of new CMS Agreements relating to marine mammals

1	In the current reporting period, has your country <b>initiated</b> the development of any new CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II marine mammal species? If Yes, what is the current state of development?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
2	In the current reporting period, has your country <b>participated</b> in the development of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II marine mammal species? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
3	If your country has initiated or is participating in the development of a new Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development? N/A	
4	Is the development of any CMS Agreement for marine mammals, including Memoranda of Understanding, planned by your country in the foreseeable future? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No

### 2.3 Questions on the development of new CMS Agreements relating to marine turtles

1	In the current reporting period, has your country <b>initiated</b> the development of any new CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II marine turtles? If Yes, what is the current state of development?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
2	In the current reporting period, has your country <b>participated</b> in the development of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II marine turtles? If Yes, please provide details: South Africa coordinated the establishment of a sub-regional working group that was formally established under the IOSEA MoU as well as the Nairobi Convention (in Nov 2007). This working group, the Western Indian Ocean Marine Turtle Task Force, is a scientific and technical advisory committee established to provide advice to countries in the sub-region to ensure the harmonised implementation of the CMP of the IOSEA MoU.	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
3	If your country has initiated or is participating in the development of a new Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the	

	instrument's development?	
4	Is the development of any CMS Agreement for marine turtles, including Memoranda of Understanding, planned by your country in the foreseeable future? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
<b>2.4 Questions on the development of new CMS Agreements relating to terrestrial mammals (other than bats)</b>		

1	In the current reporting period, has your country <b>initiated</b> the development of any new CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II terrestrial mammal species (other than bats)? If Yes, what is the current state of development?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
2	In the current reporting period, has your country <b>participated</b> in the development of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II terrestrial mammal species (other than bats)? If Yes, please provide details: N/A	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
3	If your country has initiated or is participating in the development of a new Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development? N/A	
4	Is the development of any CMS Agreement for terrestrial mammals (other than bats), including Memoranda of Understanding, planned by your country in the foreseeable future? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No

<b>2.5 Questions on the development of new CMS Agreements relating to bats</b>
--------------------------------------------------------------------------------

1	In the current reporting period, has your country <b>initiated</b> the development of any new CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II bat species? If Yes, what is the current state of development?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
2	In the current reporting period, has your country <b>participated</b> in the development of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II bat species? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
3	If your country has initiated or is participating in the development of a new Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development? N/A	
4	Is the development of any CMS Agreement for bats, including Memoranda of Understanding, planned by your country in the future? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No

<b>2.6 QUESTIONS ON THE DEVELOPMENT OF NEW CMS AGREEMENTS RELATING TO OTHER TAXA</b>
--------------------------------------------------------------------------------------

1	In the current reporting period, has your country <b>initiated</b> the development of any new CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II species belonging to taxa not included in sections 1-6 above? If Yes, what is the current state of development?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
2	In the current reporting period, has your country <b>participated</b> in the development of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of species belonging to taxa not included in sections 1-6 above? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
3	If your country has initiated or is participating in the development of a new Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development? N/A	

4	Is the development of any CMS Agreement for other taxa, including Memoranda of Understanding, planned by your country in the foreseeable future? If Yes, please provide details:	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
---	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	------------------------------	----------------------------------------

<b>3. LISTING OF MIGRATORY SPECIES IN APPENDIX II</b>
-------------------------------------------------------

1	Is your country a Range State for any migratory species that has an unfavourable conservation status, but is <u>not</u> currently listed in Appendix II and could benefit from the conclusion of an Agreement for its conservation? If Yes, please provide details:  N.B.: States in which a species occurs as a vagrant (i.e. not "on its normal migration route") should not be treated as Range States. Please refer to Article 1 of the Convention for clarification.	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
1a	Is your country taking any steps to propose the listing of this/these species in Appendix II? If Yes, please provide details:	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
1b	What assistance, if any, does your country require to initiate the listing of this/these species?  N/A		

## IV. National and Regional Priorities

1	What priority does your country assign to the conservation and, where applicable, sustainable use of migratory species in comparison to other biodiversity-related issues	<input type="checkbox"/> Low <input checked="" type="checkbox"/> Medium <input type="checkbox"/> High																																	
2	Are migratory species and their habitats addressed by your country's national biodiversity strategy or action plan?  If Yes, please indicate and briefly describe the extent to which it addresses the following issues: <input type="checkbox"/> Conservation, sustainable use and/or restoration of migratory species <input type="checkbox"/> Conservation, sustainable use and/or restoration of the habitats of migratory species, including protected areas <input type="checkbox"/> Actions to prevent, reduce or control factors that are endangering or are likely to further endanger migratory species (e.g. alien invasive species or by-catch) <input type="checkbox"/> Minimizing or eliminating barriers or obstacles to migration <input type="checkbox"/> Research and monitoring of migratory species <input type="checkbox"/> Transboundary co-operation	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No																																	
3	Does the conservation of migratory species currently feature in any other national or regional policies/plans (apart from CMS Agreements)  If Yes, please provide details: South Africa adopted a national policy for the conservation of seals, seabirds and shorebirds in 2007 and a National Plan of Action - Seabirds in 2008.	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No																																	
3a	Do these policies/plans cover the following areas (if Yes, please provide details): <table style="width: 100%; border: none;"> <tr> <td style="width: 10%; text-align: center;">Yes</td> <td style="width: 10%; text-align: center;">No</td> <td></td> </tr> <tr> <td><input checked="" type="checkbox"/></td> <td><input type="checkbox"/></td> <td>Exploitation of natural resources (e.g. fisheries, hunting, etc.) Fisheries</td> </tr> <tr> <td><input type="checkbox"/></td> <td><input type="checkbox"/></td> <td>Economic development</td> </tr> <tr> <td><input type="checkbox"/></td> <td><input type="checkbox"/></td> <td>Land-use planning</td> </tr> <tr> <td><input type="checkbox"/></td> <td><input type="checkbox"/></td> <td>Pollution control</td> </tr> <tr> <td><input type="checkbox"/></td> <td><input type="checkbox"/></td> <td>Designation and development of protected areas</td> </tr> <tr> <td><input type="checkbox"/></td> <td><input type="checkbox"/></td> <td>Development of ecological networks</td> </tr> <tr> <td><input type="checkbox"/></td> <td><input type="checkbox"/></td> <td>Planning of power lines</td> </tr> <tr> <td><input type="checkbox"/></td> <td><input type="checkbox"/></td> <td>Planning of fences</td> </tr> <tr> <td><input type="checkbox"/></td> <td><input type="checkbox"/></td> <td>Planning of dams</td> </tr> <tr> <td><input type="checkbox"/></td> <td><input type="checkbox"/></td> <td>Other</td> </tr> </table>	Yes	No		<input checked="" type="checkbox"/>	<input type="checkbox"/>	Exploitation of natural resources (e.g. fisheries, hunting, etc.) Fisheries	<input type="checkbox"/>	<input type="checkbox"/>	Economic development	<input type="checkbox"/>	<input type="checkbox"/>	Land-use planning	<input type="checkbox"/>	<input type="checkbox"/>	Pollution control	<input type="checkbox"/>	<input type="checkbox"/>	Designation and development of protected areas	<input type="checkbox"/>	<input type="checkbox"/>	Development of ecological networks	<input type="checkbox"/>	<input type="checkbox"/>	Planning of power lines	<input type="checkbox"/>	<input type="checkbox"/>	Planning of fences	<input type="checkbox"/>	<input type="checkbox"/>	Planning of dams	<input type="checkbox"/>	<input type="checkbox"/>	Other

1b	<p>Do these protected areas cover the following areas? (If Yes, please provide details and include the amount of protected areas coverage and the number of protected areas):</p> <p>Yes      No</p> <p><input checked="" type="checkbox"/>      <input type="checkbox"/> Terrestrial</p> <p><input checked="" type="checkbox"/>      <input type="checkbox"/> Aquatic</p> <p><input checked="" type="checkbox"/>      <input type="checkbox"/> Marine</p>																																
1c	<p>Identify the agency, department or organization responsible for leading on this action in your country: DEAT</p>																																
2	<p>Results – please describe the positive outcomes of any actions taken</p>																																

## VI. Policies on Satellite Telemetry

1	<p>In the current reporting period, has your country undertaken conservation/research projects that use satellite telemetry? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p style="text-align: center;"><input type="checkbox"/> In preparation      <input type="checkbox"/> on-going      <input checked="" type="checkbox"/> completed</p> <p>1. South Africa deployed instruments on penguins, albatrosses and petrels at Marion Island to gain information on the at-sea distributions of these birds; hence possible overlap with fishing grounds and susceptibility to climate change.</p> <p>2. The Benguela Environment and Fisheries Training Program (BENEFIT) project “Monitoring and evaluation of Cape fur seals in southern Africa in relation to commercial fishery operations” was initiated in 2002. This entailed placing satellite transmitters on adult Cape fur seals <i>Arctocephalus pusillus pusillus</i> at six breeding colonies, 3 in South Africa and 3 in Namibia, between 2002 and 2004. The results are still being written up. MCM proposed and participated in the project, in collaboration with the IMR (Norway), IRD (France) and MFMR (Namibia).</p> <p>A further study using satellite telemetry was initiated in 2006 and is ongoing, with three fieldwork seasons having being completed (2006-2008). This project is collaboration between the Department of Environmental Affairs and Tourism (Marine Conservation Management branch), Deakin University in Australia and the University of California. The project focuses on the foraging behaviour and energetics of adult female Cape fur</p>
---	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

	seals. 3. To date 20 leatherback turtles have been tagged (by SA & Collaborators)
2	<p>Are any future conservation/research projects planned that will use satellite telemetry? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If Yes, please provide details (including the expected timeframe for these projects):</p> <p>1. Further deployment of instruments on seabirds will be at the Prince Edward Islands, including Marion Island.</p> <p>2. A project based on satellite tracking of Cape fur seals has been planned for 2009 (Duration 2009-2010). This project shall focus upon foraging and ranging behaviour of juvenile animals, as opposed to adults in the above two projects</p> <p>3. An additional 8 leatherback turtles will be tagged in the next breeding season (Dec08-Jan09). If funds can be obtained it will continue.</p> <p>If No, please explain any impediments or requirements in this regard: The 2 species (Blue Swallow and White-winged Flufftail) are too small to mount devices.</p>
3	<p>Results – please describe the positive outcomes of any actions taken</p> <p>What has clearly been demonstrated is the shared nesting with Mozambique and the vulnerability of the turtles outside of SA's EEZ.</p>

## VII. Membership

1	<p>Have actions been taken by your country to encourage non- Parties to join CMS and its related Agreements? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If Yes, please provide details. (In particular, describe actions taken to recruit the non-Parties that have been identified by the Standing Committee as high priorities for recruitment.)</p> <p>Namibia has been encouraged to consider joining ACAP and informal discussions were held between ACAP, DEAT (MCM) and Namibia's Ministry of Fisheries and Marine Resources.</p>
1a	<p>Identify the agency, department or organization responsible for leading on this action in your country:</p> <p>Department of Environmental Affairs and Tourism (Marine and Coastal Management Branch)</p>
2	<p>Results – please describe the positive outcomes of any actions taken</p> <p>Nothing yet</p>

## VIII. Global and National Importance of CMS

1	<p>Have actions been taken by your country to increase national, regional and/or global awareness of the relevance of CMS and its global importance in the context of biodiversity conservation? <span style="float: right;"><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</span></p> <p>If Yes, please provide details:</p>
2	<p>Identify the agency, department or organization responsible for leading on this action in your country:</p> <p>N/A</p>
3	<p>Results – please describe the positive outcomes of any actions taken</p> <p>N/A</p>

## IX. Mobilization of Resources

1	<p>Has your country made financial resources available for conservation activities having direct benefits for migratory species in your country? <span style="float: right;"><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</span></p> <p>If Yes, please provide details (Indicate the migratory species that have benefited from these activities):</p>
2	<p>Has your country made voluntary contributions to the CMS Trust Fund to support requests from developing countries and countries with economies in transition? <span style="float: right;"><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</span></p> <p>If Yes, please provide details:</p>
3	<p>Has your country made other voluntary financial contributions to support conservation activities having direct benefits for migratory species in other countries (particularly developing countries)? <span style="float: right;"><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</span></p> <p>If Yes, please provide details (Indicate the migratory species that have benefited from these activities):</p>
4	<p>Has your country provided technical and/or scientific assistance to developing countries to facilitate initiatives for the benefit of migratory species? <span style="float: right;"><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</span></p> <p>If Yes, please provide details (Indicate the migratory species that have benefited from these activities):</p>
5	<p>Has your country received financial assistance/support from the CMS Trust Fund, via the CMS Secretariat, for national conservation activities having direct benefits for migratory species in your country? <span style="float: right;"><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</span></p> <p>If Yes, please provide details (Indicate the migratory species that have benefited from these activities):</p>
6	<p>Has your country received financial assistance/support from sources other than the CMS Secretariat for conservation activities having direct benefit for migratory species in your country? <span style="float: right;"><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</span></p> <p>If Yes, please provide details (Indicate the migratory species that have benefited from these activities):</p>

## **X. Implementation of COP Resolutions and Recommendations**

**Please provide information about measures undertaken by your country relating to recent Resolutions and Recommendations since the last Report. For your convenience please refer to the list of COP Resolutions and Recommendations listed below.**

## Resolutions

Resolution 6.2 – By-catch, and Recommendation 7.2 – Implementation of Resolution 6.2 on By-catch

Conditions to reduce the by-catch of animals in long-line fisheries have been included in permits issued to fishing vessels.

Resolution 6.3 – Southern Hemisphere Albatross Conservation

Albatrosses and petrels (Diamedeidae and Procellariidae) occurring in South African territory and fishing Zone (equivalent to exclusive economic zone EEZ) waters are fully protected by the Sea Birds and Seals Protection Act (No. 46 of 1973). No commercial trade in or traditional use by indigenous people of albatrosses and petrels or their eggs (or any other products) are known to have occurred in South Africa.

Resolution 7.2 – Impact Assessment and Migratory Species

Environmental Impact Assessment Regulations, 2006, made under the National Environmental Management Act (NEMA) (Act No. 107 of 1998). The National Department of Environmental Affairs and Tourism and provincial conservation agencies ensure that important and threatened biodiversity and their habitats are safeguarded through the implementation of Environmental Impact Assessment Regulations, 2006, made under the National Environmental Management Act (NEMA) (Act No. 107 of 1998).

Resolution 7.3 – Oil Pollution and Migratory Species

Resolution 7.4 – Electrocution of Migratory Birds

Resolution 7.5 – Wind Turbines and Migratory Species

Resolution 7.9 – Cooperation with Other Bodies and Processes

Resolution 7.15 – Future Action on the Antarctic Minke, Bryde's and Pygmy Right Whales under the Convention on Migratory Species

Resolution 8.1 – Sustainable Use

Resolution 8.2 – CMS Strategic Plan 2006-2010

Resolution 8.5 - Implementation of Existing Agreements and Development of Future Agreements

South Africa is party to and implement the AEWA and ACAP

Resolution 8.7 - Contribution of CMS in Achieving the 2010 Biodiversity Target

Resolution 8.9 - Review of GROMS (Global Register on Migratory Species)

Resolution 8.11 - Co-operation with other Conventions

The Focal point of CMS, Ramsar and CBD are hosted in one department and they collaborate on conservation matters related to CMS species

Resolution 8.13 - Climate Change and Migratory Species

Resolution 8.14 – By-Catch

Resolution 8.22 - Adverse Human Induced Impacts on Cetaceans

Resolution 8.24 - National Reports for the Eight and Ninth Meetings of the Conference of the Parties

Both the National reports for the Eight and Ninth Meetings of the Conference of the Parties Submitted

Resolution 8.27 - Migratory Species and Highly Pathogenic Avian Influenza

Resolution 8.29 - Concerted Actions for Appendix I Species

**Recommendations**

Recommendation 7.5 – Range State Agreement for Dugong (*Dugong dugon*) Conservation

Recommendation 7.6 – Improving the Conservation Status of the Leatherback Turtle (*Dermochelys coriacea*)

Recommendation 7.7 – America Pacific Flyway Programme

Recommendation 8.12 - Improving the conservation status of raptors and owls in the African Eurasian region

Recommendation 8.16 – Migratory Sharks

Recommendation 8.17 – Marine Turtles

Recommendation 8.23 - Central Eurasian and Aridland Mammals

Recommendation 8.26 - Grassland Bird Species and their Habitats in Southern South America

Recommendation 8.28 - Cooperative Actions for Appendix II Species

**Other resolutions/recommendations:**

N/A

**Other remarks:**

none

## Annex: Updating Data on Appendix II Species

The tables below contain the list of all species listed in Appendix II.

New Parties which have acceded since COP8 in 2005 and Parties which did not submit a National Report in 2005 are requested to complete the entire form.

South Africa is not a new party and it submitted its report in 2005.

Parties that did submit a report in 2005 need only indicate which information has changed (e.g. new published distribution references and details concerning species added to Appendix II at COP8).

All species of each of the Families below are listed in Appendix II. If your country is a Range State for any of the species in these Families, please enter the species name in the first column, under the relevant Family heading. Please indicate (with a 'X') whether your country is a Range State or the species is extinct and, where appropriate, please provide published distribution references. (Space is provided for ten species in each Family. If additional lines are required, please attach the information as an annex).
