## I(b). Information about involved Authorities

**Identify the ministry, agency/department or organization that is responsible for leading actions relating to Appendix I species**

1	Birds	Game Fund (Ministry of the Interior)
2	Marine Mammals	Department of Fisheries and Marine Research, (Ministry of Agriculture Natural Resources and Environment)
3	Marine Turtles	Department of Fisheries and Marine Research, (Ministry of Agriculture Natural Resources and Environment - the Cyprus Wildlife Society helps in this)
4	Terrestrial Mammals	Environment Service (Ministry of Agriculture Natural Resources and Environment)

6	Other Taxa	Environment Service (Ministry of Agriculture Natural Resources and Environment)

## II. Appendix I species

### 1. BIRDS

#### 1.1 General questions on Appendix I bird species

1	Is the taking of all Appendix I bird species prohibited by the national implementing Legislation cited in Table I(a) (General Information)? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No If <i>other</i> legislation is relevant, please provide details:
1a	If the taking of Appendix I bird species is prohibited by law, have any exceptions been granted to the prohibition? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7):
2	Identify any obstacles to migration that exist in relation to Appendix I bird species: Electrocution <input checked="" type="checkbox"/> Collision with com. Aerials along major migr. Stopover <input checked="" type="checkbox"/> Illegal bird trapping <input checked="" type="checkbox"/> Habitat destruction mainly due to housing development <input checked="" type="checkbox"/> Planned Wind farm projects along major migr. Corridors <input checked="" type="checkbox"/>
2a	What actions are being undertaken to overcome these obstacles? <b>All the Appendix I bird species are protected through the provisions of the Law N. 152 (I) / 2003.</b>
2b	Please report on the progress / success of the actions taken. <b>Major migration corridors and wetlands designated as SPAs</b> <b>Large scale campaign to eliminate illegal bird trapping has decreased by almost 80% .</b>
2c	What assistance, if any, does your country require in order to overcome these obstacles? <b>External pressure to ensure all important areas for migratory species are protected.</b>
3	What are the major threats to Appendix I bird species (transcending mere obstacles to migration)? Illegal trade <input type="checkbox"/> Poaching <input checked="" type="checkbox"/> (mainly Bird trapping) Other (please specify) <b>Future projects to develop wind farms and large scale golf courses / housing in sensitive habitats. Collisions with extensive communication aerial farms in major migratory stopovers and birds paths. Habitat distraction is among the major threats for Appendix I bird species.</b>
3a	What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger bird species beyond actions to prevent disruption to migrating behaviour? <b>The actions that have been taken by the Republic of Cyprus is through the implementation of the Directive 79/409/EEC on the conservation of wild birds and the Habitats Directive 92/43/EEC on the conservation of natural habitats and of wild fauna and flora. Information campaigns and other events are also taking place for the awareness of people.</b>
3b	Please report on the progress / success of the actions taken. <b>There has been a close safeguarding from Game and Wildlife Officers of the Game Fund Service (Ministry of Interior), who closely observe the areas and reduce illegal trapping.</b>
3c	Describe any factors that may limit action being taken in this regard: <b>Significant trapping goes on in within British Base areas (SBAs), where Game Fund jurisdiction is limited. Extensive network of comm. Aerial farms exist mainly within SBAs, especially in the Akrotiri peninsula.</b>
3d	What assistance, if any, does your country require to overcome these factors? <b>Pressure on UK government to work with the Republic in reducing bird trapping within SBAs. Also, monitoring of avian mortality due to collisions and collision mitigation measures must be taken.</b>
