PACIFIC CETACEANS MOU WEBSITE

(Prepared by the Secretariat)

1. Reflecting the regional nature of the Pacific Cetaceans MoU a dedicated website has been created to facilitate ongoing information exchange including news, announcements and access to documents between formal Meetings of the Signatories.
2. The development of this site has been donated by WDCS (Whale and Dolphin Conservation Society) as a contribution to the CMS/WDCS Partnership Agreement.
3. The website address is www.pacificcetaceans.org and it will be maintained by the Secretariat, with the ongoing Partner support, ensuring that it both mirrors the information provided on the CMS website, as well as providing regionally specific information for Signatories and Collaborating organisations.
4. The website could also facilitate the exchange of information for any technical advisory groups as the Signatories deem appropriate.
