

Convention on the Conservation of Migratory Species of Wild Animals

Secretariat provided by the United Nations Environment Programme

31st Meeting of the Standing Committee

Bonn, 28-29 September 2006

CMS/StC31/Inf.6
Agenda Item 8.a

PROJECTS-INITIATIVES FOR VOLUNTARY CONTRIBUTIONS 2006-2008

1. The CMS Secretariat is herewith circulating the “List of projects-initiatives for voluntary contributions 2006-2008”, as of 2 August 2006.
2. The list was prepared in response to COP Resolution 8.3 requesting the Executive Director of UNEP to establish a Trust Fund for voluntary contributions and encouraging all Parties to contribute to it. Non-Party States, governmental and non-governmental organizations and other sources were also encouraged to consider contributing to the Trust Fund or to special initiatives.
3. The list contains a thorough overview of CMS initiatives and projects in support of the implementation of the CMS Strategic Plan, COP resolutions and the Convention in general. As per Resolution 8.3 the list was also submitted to the Executive Director of UNEP for his consideration and possible financial support.

List of projects-initiatives for voluntary contributions 2006-2008 (as of 2 August 2006)

| Activity | Objectives | Cost € | Priority | Mandate | Comments | Pledges |
|---|---|-----------|----------|---|--|---------|
| Scientific work | | | | | | |
| 1. Report on the population status (size and range) of all Appendix I species | Provide ScC and COP with key information to assess the attainment of CMS objectives and decide on future action | 25,000 | VH | StP target 1.1 ScC SIP activity 1.1.7 | Contributing also to the accomplishment of StP target 2.1 and ScC SIP activity 1.1.6 | |
| 2. Report on the concerted actions for Appendix I species | Provide ScC and COP with key information to assess the outcomes of action under CMS in favour of App. I spp. | See above | VH | StP target 2.4 ScC SIP activity 1.1.8 | To be developed in conjunction with the previous project | |
| 3. Indicators of the status and trends of migratory species | Provide CMS bodies with objectives tools to assess the outcomes of CMS and its contribution to attaining the 2010 target | 8,500 | VH | StP target 1.3 ScC SIP activity 1.5.7 Res. 8.7 | To be developed in conjunction with GEF project on indicators led by WCMC, if funded | |
| 4. Review report on the effects of hunting (Taking) | Provide CMS bodies and Parties with key information to assess the importance of taking as a threat to MS and identify priority issues to be addressed through CMS | 17,000 | VH | StP target 1.4, 2.6 ScC SIP activity 1.3.2 | | |
| 5. Review report on the effects of by-catch | Provide CMS bodies with key information to assess the importance of by-catch as a threat to MS and identify priority issues to be addressed through CMS | 17,000 | VH | StP target 1.4, 2.6 ScC SIP activity 1.3.3 Res. 6.2, 8.14 Rec. 7.2 | | UK |
| 6. Review report on the effects of barriers to migration | Provide CMS with key information to assess the importance of barriers to migration as a threat to MS and identify priority issues to be addressed through CMS | 17,000 | VH | StP target 1.4, 2.6 ScC SIP activity 1.3.5 | | |
| 7. Develop guidelines for remedial/mitigation measures of obstacles to migration | Support to Parties and non-Parties to address this issue | 17,000 | VH | StP target 1.4 ScC SIP Activity 2.3.9 | To be possibly undertaken in conjunction with the previous project | |
| 8. Technical workshop on migratory species as indicators | Contribute to the CBD work programme on indicators | 17,000 | VH | StP target 1.3 ScC SIP activity 1.5.6 | | |
| 9. Scientific reviews of main taxonomic groups of MS (aquatic and terrestrial mammals, aquatic reptiles, birds, bats) | Identify candidate species for listing on App. I and II | 42,000 | WH | StP target 2.1 ScC SIP activity 1.1.1, 1.1.2, 1.2.1, 1.2.2 | To be undertaken by 2006/early 2007 if results to be already available for COP9 | |
| 10. Prepare new action plans for protection and recovery of Appendix I species | Identify priority conservation action for Appendix I species | 42,000 | H | ScC SIP 1.1.5 | Contribute to attainment of StP targets 2.3, 2.4, 2.5 | |
| 11. Report on key habitats/sites for App. I species | Identify key habitats/sites with a view to their protection, restoration and management | 17,000 | VH | StP target 2.3 ScC SIP activity 1.3.7 | | |

| Activity | Objectives | Cost € | Priority | Mandate | Comments | Pledges |
|---|--|--------|----------|------------------------|--|--|
| 12. Guidelines on the integration of MS considerations into EIA regulations | Review and integrate as appropriate existing relevant international guidelines | 17,000 | VH | ScC SIP 2.3.4 Res. 7.2 | | |
| 13. Coordination of the Scientific Task Force on Avian Influenza and Wild Birds | Provide resources for the hiring of a full-time coordinator of the Task Force, for an initial period of 1 year | 62,000 | VH | Res. 8.27 | Appointment of a full-time Task force Coordinator recommended by the Scientific Seminar on AI, the Environment and Migratory Birds (Nairobi, 10-11 April 2006) | |
| 13.bis Guidelines to integrate Migratory Species into national biodiversity strategies and action plans. | Respond to Resolution 8.18 para. 4, requesting CMS and CBD to collaborate and develop the guidelines by convening a workshop of 10-12 experts | 25,000 | H | Resolution 8.18 | Meeting could be hosted by CMS in LEU. | |
| Conservation projects (recommended by the Scientific Council within the Small Grant Programme) -priority ranking according to recommendations of ScC taxonomic working groups- | | | | | | |
| 14. Regional workshop on the giant catfish (<i>Pangasianodon gigas</i>) of the Mekong river basin - | Develop conservation plan for the species | 28,000 | VH | ScC12, ScC13 | Recommended with highest priority by the ScC due to the Critically Endangered status of the species | |
| 15. Training workshops in the South Pacific on cetacean research methods | Build capacity to assess and conserve cetaceans in the south Pacific | 29,000 | VH | ScC12, ScC13 | Project to support the implementation of the MoU for cetacean conservation in the S. Pacific under development | |
| 16. A review of migration in sharks | Address rapidly growing conservation threats to sharks and identify candidate species for App. listing | 8,500 | H | ScC12, ScC13 | This work will also support the development of the Migratory Sharks Agreement and , in the view of the Secretariat, should be given VH priority | |
| 17. Two regional workshops for local/regional cetacean researchers participating in cetacean surveys throughout the Bay of Bengal | Identify research requirements and conservation measures; Develop regionally-appropriate monitoring techniques; create support network for scientists and conservationists | 85,000 | H | ScC13 | Follow-up of CMS-supported research and training programme in the Bay of Bengal | Interest expressed by partner organization |
| 18. Regional training course on population and by-catch assessment techniques for coastal cetaceans and supervising local-scientist-led research and mitigation projects in South and S-E Asia. | Develop capacity in the region to address the problem of by-catch, recognized as the main threat to cetaceans in the region | 75,000 | M | ScC13 | | Interest expressed by partner organization |
| 19. Regional symposium and planning workshop to assess | Improve knowledge on cetacean population in the region (very poorly known) | 34,500 | M | ScC12, ScC13 | | |

| Activity | Objectives | Cost € | Priority | Mandate | Comments | Pledges |
|--|--|--------|----------|---------------------------------|--|--|
| status of, and threats to, small cetaceans in the western Indian Ocean | | | | | | |
| 20. Implementation of Concerted Action on Asian desert and semi-desert mammals | Initiate Concerted Action for the species | 85,000 | VH | ScC13 Res. 8.29 Rec. 8.23 | | 25,000 (?) |
| 21. Implementation of Concerted Action on Sahelo-Saharan antelopes | Continue to support to implementation of ongoing CA | 22,000 | H | ScC13 Res. 8.29 | | |
| 22. Review of the status of bats in Côte d'Ivoire | Obtain baseline data to plan further action | 8,500 | M | ScC13 | | |
| 23. Status, distribution and population size of birds species from CMS Appendix I in TFYR of Macedonia | Obtain baseline data to plan further action | 33,000 | H | ScC13 | | 5,500 (in kind) |
| 24. Mapping of Great Bustard habitats (historical and present) in range states to Great Bustard MoU | Identify and manage habitats/sites with a view to reintroduction and natural recolonization | 15,000 | H | ScC13 Res. 8.29 | Supporting implementation of Great Bustard MoU | |
| 25. Support of monitoring of waterbirds in Africa, Asia and South America, in the framework of the International Waterbird Census | Contribute to the regional coordination and field work of the International Waterbird Census in Africa, Asia and South America | 37,500 | H | ScC13 | IWC is likely to be at the moment the single most important monitoring programme providing data on the status and trends of migratory waterbirds | |
| 26. Conservation status of the Grey-cheeked Parakeet (<i>Brotogeris pyrrhopterus</i>) in Peru and Ecuador | Assess the conservation status of the species in Peru and Ecuador and develop a regional conservation plan | 44,000 | VH | ScC12, ScC13 | Species listed on App. I | Support requested from CMS: 20,000 USD. Balance to CMS contribution to be provided by project partners |
| 27. Migration Routes of Aquatic Warbler <i>Acrocephalus paludicola</i> ." | Fill gap in information on the migration of Ukrainian and Belarusian Aquatic Warbler | 18,500 | VH | ScC12, ScC13 Res. 8.29 | Supporting the implementation of Aquatic warbler MoU | Support requested from CMS: 17,500 USD. Balance to CMS contribution to be provided by project partners |
| 28. Monitoring of Audouin's Gull, <i>Larus audouinii</i> , breeding population and effects of competition with Yellow-legged Gull, <i>Larus cachinnans michahelis</i> , in Croatian part of Adriatic | Assess the status and population trend of Audouin's Gull in Croatia; identify the main feeding places of Yellow-legged Gull in order to be able to control its population, if necessary; identify which part of Croatian breeding population of Audouin's Gull migrates and the route they use | 42,000 | VH | ScC12, ScC13 | Project already partly implemented since its submission to ScC12 | |
| 29. Ruddy-headed Goose conservation in Argentina and Chile. Working to educate local communities | Update data on population size and trends, and reduce threats on the mainland population through awareness raising and education | 17,000 | H | ScC13 Res. 8.29 | Species listed on App. I and designated for Concerted Actions | |
| 30. Assessing Site Specific | Estimate site specific annual survival of the | 17,000 | H | ScC13 | Species newly designated for | |

| Activity | Objectives | Cost € | Priority | Mandate | Comments | Pledges |
|--|--|---------|----------|---|--|------------------------------|
| Annual Survival of Red Knot (<i>Calidris canutus rufa</i>) at their wintering sites in Tierra del Fuego. | Tierra del Fuego population | | | Res. 8.29 | Concerted Actions by COP8 | |
| 31. Monitoring the Olog's Gull migration in southern South America | Improve the knowledge regarding the Olog's Gull migration in southern South America | 14,200 | M | ScC12, ScC13 | Species listed on App. I | |
| 32. Evaluation of the status of turtles in Sierra Leone | Evaluate the status of all sea turtle species in Sierra Leone and develop a Conservation Action Plan in collaboration with national stakeholders | 13,200 | H | ScC12, ScC13 | Supporting implementation of MoU on the conservation of turtles along the Atlantic coast of Africa | |
| CMS Bodies - Meetings | | | | | | |
| 33. ScC14 | Organize inter-sessional meeting of the CMS Scientific Council in 2007 | 86,000 | VH | Res. 8.3 + operations of the Convention | In addition to 46,646 € provided in the budget for support to delegates. This figures account only for travel and DSA of eligible participants. It is assumed that all other costs related to the organization of the meeting (translations, interpretation, report writing, staff and logistics) be covered through the CMS regular budget and/or by the host of the meeting) | |
| 34. ScC15 | Organize meeting of the CMS Scientific Council preceding COP9 in 2008 | 143,000 | VH | Res. 8.3 + operations of the Convention | This figures account only for travel and DSA of eligible participants. It is assumed that all other costs related to the organization of the meeting (translations, interpretation, report writing, staff and logistics) be covered through the CMS regular budget and/or by the host of the meeting) | |
| 35. StC30 (2007) | Organize meeting of the CMS Standing Committee in 2007 | 14,000 | VH | Res. 8.3 + operations of the Convention | Cost estimate reflects only cost of travel and Daily Subsistence Allowance of sponsored delegates | |
| 36. StC31 (2008) | Organize meeting of the CMS Standing Committee in 2008 | 15,000 | VH | Res. 8.3 + operations of the Convention | Cost estimate reflects only cost of travel and Daily Subsistence Allowance of sponsored delegates | |
| 37. COP9 | Organize the Ninth meeting of the Conference of the Parties to the Convention | 246,000 | VH | Res. 8.3 + operations of the Convention | Cost estimate reflects only cost of travel and Daily Subsistence Allowance of sponsored delegates | |
| Development of New Agreements and Related Issues | | | | | | |
| 38. Pacific Marine Turtles MoU | (a) Convene a first meeting to scope and | 35,000 | H | New Process: Res 8.5 (So | First IGO meeting foreseen in 2007 | Australia: Aus 35,000; SPREP |

| Activity | Objectives | Cost € | Priority | Mandate | Comments | Pledges |
|---|--|---------|----------|-----------------------------------|--|--|
| | produce possible elements for a regional CMS instrument to conserve marine turtles in the Pacific (2006) | | | Pac); Rec 8.17 (Pan-Pac); | | in-kind |
| 39. CAF Action Plan | (a) Secure official endorsement of CAF Action Plan and agree a legal and institutional option to coordinate its implementation across 30 Range States (2007/08)) | 66,000 | H | Existing process; Res. 8.5; | Third meeting foreseen 2007 | |
| | (b) Establish CAF Action Plan Coordination Mechanism (2006) | 85,000 | VH | Res 8.5 Existing process | Coordination would provide support for 2 years for CAF work as well as CMS/AEWA work | |
| 40. Pacific Islands Cetaceans MoU (WDAP Revision) | (a) Revise the existing SPREP Whale and Dolphin Action Plan to accompany the new Pacific Islands Cetaceans MoU (2006) | 70,000 | VH | Existing process; Res. 8.5 | First meeting foreseen 2006/07 | Request to France MED: euro 25,000 |
| | (b) Establish Pacific Islands Cetaceans MoU Coordinator (2007) | 12,000 | M | | TBD: Dependent on needs of SPREP | |
| 41. Migratory Sharks Agreement | (b) Convene a first meeting to scope and produce possible elements for a global CMS instrument to conserve migratory sharks (2006/07) | 111,000 | H | | | Australia: Aus 75,000; Seychelles cash and in-kind United Kingdom: 10,000 sterling |
| 42. West African Small Cetaceans and Sirenian MoU | (a) Convene a first meeting to scope and produce possible elements for a regional CMS MoU to conserve West African Small Cetaceans and Sirenians (2007) | 62,000 | H | Existing process; Res. 8.5 | TBD: Dependent on identification of lead country Draft action plan outline exists. This flows from WAF CET I-III series of SGP projects. | Interest shown by a number of key partner organizations. |
| | (b) Establish coordinator for West African Small Cetaceans and Sirenian MoU (2008) | 16,000 | M | Res. 8.5 | Dependent on conclusion of MoU | |
| 43. SE Asia Small Cetaceans | (a) Convene a first meeting to scope and produce possible elements for a regional CMS MoU to conserve Southeast Asian Small Cetaceans (2007) | 39,000 | M | Existing process; Res. 8.5 | TBD: Dependent on identification of lead country This flows from a series of SGP projects and the second conference on marina mammals in SE Asia. A draft action plan and MoU exist. | |
| | (b) SE Asia Small Cetaceans and Dugong Coordination (2008) | 8,500 | M | Res. 8.5 | Dependent on conclusion of MoU. | |
| 44. African-Eurasian Raptors | Convene a first meeting to scope and produce possible elements for a global CMS instrument to conserve African-Eurasian Raptors (2007) | 148,000 | H | New process; Rec 8.12; Res.8.5 | First meeting foreseen 2007 | UK: 100,000 GBP |
| 45. Snow Leopard MoU | Convene a first meeting to scope and produce possible elements for a CMS instrument to conserve snow leopard | 45,500 | M-H | Concerted action species | Basis for MoU being developed through the Snow Leopard Network | |

| Activity | Objectives | Cost € | Priority | Mandate | Comments | Pledges |
|--|---|---------|----------|--|---|--|
| | (2007/08) | | | | | |
| 46. Dugong MoU | (a) Convene a second meeting to negotiate and conclude CMS MoU to conserve dugong (2006) | 49,000 | H | Existing process; Res. 8.5 | Second IGO meeting foreseen for first half 2006 | Australia: Aus 135,000 (First and Second Meetings); Thailand in-kind and financial contributions |
| | (b) Convene the First Meeting of Dugong MoU Signatories (2008) | 49,000 | H | Res. 8.5 | TBD: Dependent on conclusion of MoU | |
| | (c) Establish coordination mechanism for Dugong MoU to support implementation of (2008) | 29,000 | M | Res. 8.5 | TBD: Dependent on conclusion of MoU | |
| 47. Gorillas Agreement | Develop the Agreement, including two meetings of range states (by 2008) | 124,000 | VH | New process; existing arrangements; Res. 8.5 | Pledges from Italy and Monaco (possibly France) | |
| 48. Bats Agreement (Africa) | Convene a first meeting to scope and produce possible elements for a CMS instrument on African Bats (2008) | 113,000 | M | New process; Res. 8.5 | | |
| Regular Meetings for Existing MoUs and Coordination | | | | | | |
| 49. Siberian Crane MoU | (a) Convene the Sixth Meeting of the Signatories (2007) | 32,500 | VH | Existing process | Sixth RS meeting planned for 2007 | ICF: \$22,520; Host country cash and in-kind |
| | (b) Maintain existing Siberian Crane Flyway Coordinator to support MoU implementation (2006) | 35,000 | H | Res 8.5; Concerted Action species; Existing process | Funding would ensure continued coordination until 2009 | ICF: \$122,387 |
| 50. African Marine Turtles MoU | (a) Convene the Second Meeting of Signatories (2007) | 67,000 | H | Existing process /range States meeting; Res. 8.5 | | |
| | (b) African Atlantic Turtles MoU Coordination in Senegal via NEPAD + Regional Outreach, Capacity Bldg & IOSEA links | 124,000 | VH | Res. 8.5; 75,000 committed by UNEP/ DEC, 75,000 from CMS TF total cost 300,000 | | |
| 51. Sahelo-Saharan Action-Plan (MoU Development) | (a) Convene Third Meeting of the Ranges States to review the SSA Action Plan and agree an MoU (2008) | 44,600 | H | Existing process; Res. 8.5; Agadir Declaration | Third meeting to review Action Plan implementation; future MoU would be concluded | |
| | (b) SSA reintroduction and conservation projects in Tunisia, Niger, and Chad | 425,000 | H | Existing process; Res 8.5; Agadir Declaration | Would supplement existing FFM (France) funding | |
| 52. Great Bustard MoU | (a) Convene the Second Meeting of Signatories (2007) | 39,000 | H | Existing process; Res 8.5 | Second Signatories meeting: 2007 | Ukraine likely host: in-kind to be specified |
| | (b) Maintain existing Great Bustard Coordinator to support MoU implementation (2008-09) | 58,000 | H | Res. 8.5; Existing process; | Coordination would provide support for additional 2 yrs | Austria: 40,000 euro Dec 05-Nov 07 |
| 53. Aquatic Warbler MoU | (a) Convene the First Meeting of Signatories (2007) | 25,000 | M | Existing process; Res 8.5 | First Signatories Meeting: June 2006 | State of Brandenburg: euro 17,500; Flemish communities euro 5,000 |

| Activity | Objectives | Cost € | Priority | Mandate | Comments | Pledges |
|---|--|---------|----------|--|---|---|
| | (b) Maintain existing Aquatic Warbler Flyway Coordinator to support MoU implementation (2007-08)) | 14,000 | VH | Res. 8.5 Existing process; | Funding would ensure continued coordination until end of 2008 (2 year period) | BirdLife: 17,000 euros for 2 years UK: 10,000 sterling (for on-the-ground work and MoU coordination) |
| 54. Pacific Cetaceans MoU | Convene the First Meeting of Signatories (2007) | 69,000 | VH | Existing process; Res 8.5 | First Signatories Meeting to be planned with SPREP | |
| 55. West African Elephant MoU | (a) Convene the First Meeting of Signatories (2007) | 47,000 | H | Existing process; Res. 8.5 | First Signatories Meeting to be planned with IUCN AfESG | |
| | (b) Establish a coordinator to support implementation of the West African Elephant MoU and transboundary activities (2006) | 248,000 | VH | Res. 8.5; Existing process | Funding would provide the ability to ensure long term coordination and transboundary oriented projects | |
| 56. Slender-billed Curlew MoU | (a) Convene First Meeting of Signatories to adopt consolidated action plan (2008) | 55,000 | M | | | |
| | (b) Review of consolidated Slender-billed Curlew Action Plan (2006) | 6,200 | H | Existing process | Funding would provide the basis to secure technical advice and revision of the draft consolidated AP for the MoU | |
| 57. Saiga Antelope MoU | (a) Convene the First and Second Meeting of Signatories (2006/2008)) | 83,000 | VH | Res. 8.5 | First Signatories meeting: Sept 2006; Second Signatories meeting planned for 2007 | Kazakhstan: Cash and in-kind contributions for 1 st meeting; CITES: euro 30,000; other donors being sought |
| | (b) Establish Saiga Antelope MoU Coordinator to support implementation (2007-08) | 25,000 | VH | Res 8.5; Existing process | TBD: 2 years of services envisioned | |
| Outreach and communications initiatives/activities | | | | | | |
| 58. Year of the Dolphin education and public awareness campaign | Increase education and public awareness on CMS and its species. Build a partnership including UN agencies, CMS and Agreements, partner NGOs, Government and the private sector. | 556,000 | H | Outreach and Communication Strategy Resolution 8.8 | Cost estimate indicate cost for CMS without sponsor and donations. It is expected that cost be substantively reduced by private partners (TUI), donors, and other UN distribution channels. | Italy (amount TBD) |
| 59. Update of exhibits/new panels | Update the current stands and panel of CMS, with new species, agreements under development and new initiatives (see AI, Wildlife watching, etc.) and specific focus on regions | 9,000 | M | Outreach and Communication Strategy Resolution 8.8 | New panels covering new species and CMS activities need to be added to the mobile exhibitions in English, French and German | |
| 60. Website update and interactive services | Add new web pages to the CMS website (including pages for Agreements under development, CMS ambassadors, and CMS partners) + creation of Media Room and web pages in French and Spanish + stakeholders pages | 60,000 | VH | Outreach and Communication Strategy Resolution 8.8 | Minimum requirement per year is 20,000 EURO. A number of new features and pages need to be added to CMS website. No funds are included in the regular | |

| Activity | Objectives | Cost € | Priority | Mandate | Comments | Pledges |
|---|--|--------|----------|---|---|------------------|
| | | | | | budget. | |
| 61. Guide to CMS family | Prepare a reference book for the Convention and its agreements. | 33,000 | VH | Outreach and Communication Strategy Resolution 8.8 | The Guide will be developed in collaboration with UNEP/DEC. | UNEP 40,000 USD |
| 62. Brochures for children(1) and private sector (2) | Raise awareness on MS and the Convention amongst these stakeholders | 14,000 | H | Outreach and Communication Strategy Resolution 8.8 | | UK |
| 63. Publication of Strategic Plan | Distribute to all relevant stakeholders a copy of the SP. | 5,000 | M | Outreach and Communication Strategy Resolution 8.8 | | |
| 64. Climate change Publication | Compile all relevant information delivered during the COP roundtable on the issue. | 14,000 | H | Ongoing | Publication to be launched in November 2006 during UNFCCC COP. | UK |
| 65. Creation of a website for the Task Force on Avian Influenza | Provide the task force with a website and clearing house mechanism to outreach and share relevant scientific information and advice on the issue | 67,000 | VH | Recommendations of the A Seminar, Nairobi, 1-0-11 April 2006 | Project proposal sent to UNEP for funding | |
| 66. National reports publication | Provide Parties with an easy-to-read synthesis of national reports | 25,000 | M | --- | | |
| 67. Compliance and Enforcement Guide | Provide CMS Parties with a guide to implementing CMS | 42,500 | H | | Project would support implementation of the UNEP Compliance and Enforcement Guidelines | |
| 68. Sahelo-Saharan Antelope (SSA) Technical Series publication | Disseminate information on conservation status of this species subject to the CMS concerted action | 20,000 | | SP Objective 1 T1 | The draft study has already been produced | |
| Capacity building/membership | | | | | | |
| 69. Palau outreach workshop | Increase membership in the region (objective 100% Pacific SIDS by the end of 2007) | 57,000 | H | SP, Objective 4, T.4.1 Objective 3, target 3.1 Outreach and Communication Strategy /Resolution 8.8. | Letter of expression of interest of 24 January 2006 (Serial: 06-31), by the President of the Republic of Palau HE Tommy E. Remengesau | Germany 40,000 E |
| 70. Fourth Latin America Workshop on CMS | Evaluate CMS implementation in the region and propose new initiatives | 50,000 | H | SP Objective 4, T 4.1 | Tentative: Chile, November - December 2006 | |
| 71. Workshop in LA and Caribbean | Increase membership in the region. | 70,000 | H | SP Objective 4.T4.1 | Expression of interest from partner organizations and CMS Parties. In cooperation with UNEP/Cartagena, Ramsar and UNEP/ROLAC | |
| Information Management System | | | | | | |
| 72. CMS COP-9 National Report processing | Provide an analysis and synthesis of national reports to assess implementation of the Convention | 50,000 | H | SP Objective 1 T1.2.3.4.5.6.7.8 | | |
| 73. E-library | | 15,000 | H | SP Objective 1 T1.2.3.4.5.6.7.8 | | |

| | | | | | | |
|--|--|--------|---|---|---|--|
| 74. CMS Family on line reporting and harmonization | Provide the ability to easily accesses migratory species related information across CMS family and streamline reporting obligations of the Parties in order to assess the implementation of CMS Strategic Plan and achievement of the 2010 target. | 83,000 | H | Res.8.24 and various other resolutions of CMS Agreements and MoUs | Adaptation of IOSEA's on-line reporting model to the whole CMS family. This should also include a project database. Project proposal submitted to UNEP/DEC. | |
|--|--|--------|---|---|---|--|
